

financial reporting and recordkeeping, as well as application processes for model approval for both capital and margin models for SDs and MSPs that do not have a prudential regulator (“Covered Swap Entities” or “CSEs”).

Separately, in 2013, the Commission finalized rules in an effort to prevent unauthorized usage of customer funds by FCMs and RFEDs. The final rules included modifications to the reporting requirements required by the Commission which resulted in changes to the financial statements filed by FCMs and RFEDs, and made some of the recordkeeping requirements already contained in this OMB Collection Number 3038–0024 into reporting requirements. These rules added additional recordkeeping requirements by FCMs to assure the segregation of customer funds.

This collection, OMB Control No. 3038–0024, is needed for the Commission to continue its financial monitoring of its registrants. The burden hours are being revised to reflect the current number of various types of registrants and updated to reflect more accurate estimates regarding the number of financial reports filed, based on current historical data.

With respect to the collection of information, the CFTC invites comments on:
