

netl.doe.gov/bilhub/grid-resilience/formula-grants.

These documents are:

1. Section 40101(d) Formula Grant Program Notice of Intent (NOI),
2. Draft Section 40101(d) Formula Grant Administrative and Legal Requirements Document (ALRD), and
3. Draft Allocation of Funds under the IIJA Section 40101(d)—Formula Grant Program.

In addition, the Department would appreciate responses from States and Indian Tribes to the following questions:

1. What are the specific challenges you anticipate with regard to providing the Program Narrative outlined in Appendix A of the NOI, if any?
2. What are the areas in which you would most appreciate receiving technical assistance? In addition, what approaches for providing technical assistance would be most helpful to you? The NOI includes a discussion on technical assistance.
3. What additional data sources are you aware of that may help DOE prepare the award formula?

This is solely a request for information and is not a request for applications. DOE is not accepting applications to this RFI, nor will DOE reimburse any of respondents' costs in preparing a response.

Proprietary Information

Because information received in response to this RFI may be used to structure future programs and formula grant allocations and/or otherwise be made available to the public, respondents are strongly advised NOT to include any information in their responses that might be considered business sensitive, proprietary, or otherwise confidential. If, however, a respondent chooses to submit business sensitive, proprietary, or otherwise confidential information, it must be clearly and conspicuously marked as such in the response. Responses containing confidential, proprietary, or privileged information must be conspicuously marked as described below. Failure to comply with these marking requirements may result in the disclosure of the unmarked information under the Freedom of Information Act or otherwise. The U.S. Federal Government is not liable for the disclosure or use of unmarked information and may use or disclose such information for any purpose.

Confidential, Commercial, and Financial Information. Consistent with 10 CFR 1004.11, DOE requires that any person submitting information that he or she believes to be confidential and exempt by law from public disclosure

should submit via email two well-marked copies: One copy of the document marked “Confidential Commercial and Financial Information” including all the information believed to be confidential, and one copy of the document marked “non-confidential” with the information believed to be confidential deleted. DOE will make its own determination about the confidential status of the information and treat it according to its determination. The copy containing confidential commercial and financial information must include a cover sheet marked as follows identifying the specific pages containing confidential, proprietary, or privileged information: “Notice of Restriction on Disclosure and Use of Data: Pages [list applicable pages] of this response may contain confidential, commercial, or financial information that is exempt from public disclosure.” The Government may use or disclose any information that is not appropriately marked or otherwise restricted, regardless of source. In addition, (1) the header and footer of every page that contains confidential, proprietary, or privileged information must be marked as follows: “Contains Confidential, Commercial, or Financial Information Exempt from Public Disclosure” and (2) every line and paragraph containing proprietary, privileged, or trade secret information must be clearly marked with [[double brackets]] or highlighting.

Signing Authority

This document of the Department of Energy was signed on April 27, 2022, by Patricia A. Hoffman, Acting Director of the Grid Deployment Office, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document on publication in the **Federal Register**.

Signed in Washington, DC, on April 28, 2022.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board, Portsmouth

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces an in-person/virtual hybrid open meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Portsmouth. The Federal Advisory Committee Act requires that public notice of this in-person/virtual hybrid meeting be announced in the **Federal Register**.

DATES: Thursday, June 2, 2022; 6:00 p.m.–8:00 p.m.

ADDRESSES: This hybrid meeting will be conducted in person for Board members, Department of Energy (DOE) representatives and Board support staff, and virtually for all other participants.

Board members, DOE representatives and support staff will participate in-person, strictly following COVID-19 precautionary measures, at: The Ohio State University, Endeavor Center, 1862 Shyville Road, Room 165, Piketon, OH 45661.

Board liaisons and DOE contractors will participate via virtual platforms.

FOR FURTHER INFORMATION CONTACT: Eric Roberts, Board Support Manager, by Phone: (270) 554-3004 or Email: eric@pgdpcb.org.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE-EM and site management in the areas of environmental restoration, waste management, and related activities.

Tentative Agenda

- Review of Agenda
- Administrative Issues
- Reading of Public Comments

Public Participation: The in-person/online virtual hybrid meeting is open to the public. To obtain the link to observe this meeting, please contact the Portsmouth Board Support Manager at the aforementioned email address by no later than 5:00 p.m. ET on Monday, May 30, 2022. Please put “Meeting Link” in the subject line. Written statements may be filed with the Board either before or after the meeting as there will not be opportunities for live public comment during this online virtual meeting. Comments received by no later than 5:00 p.m. ET on Monday, May 30, 2022, will be read aloud during the meeting. Comments will also be accepted after the meeting, by no later than 5:00 p.m.

ET on Friday, June 10, 2022. Please submit comments to the Portsmouth Board Support Manager at the aforementioned email address. Please put "Public Comment" in the subject line. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to submit public comments should email them as directed above.

Minutes: Minutes will be available by writing or calling Eric Roberts, Board Support Manager, Emerging Technology Center, Room 221, 4810 Alben Barkley Drive, Paducah, KY 42001; Phone: (270) 554-3004. Minutes will also be available at the following website: <https://www.energy.gov/pppo/ports-sab/listings/meeting-materials>.

Signed in Washington, DC, on April 26, 2022.

LaTanya Butler,

Deputy Committee Management Officer.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RM21-9-000]

Technical Conference on Financial Assurance; Measures for Hydroelectric Projects; Notice Inviting Technical Conference Comments

On April 26, 2022, the Federal Energy Regulatory Commission (Commission) convened a Commission staff-led technical conference to discuss how the Commission may require additional financial assurance mechanisms in the licenses and other authorizations it issues for hydroelectric projects, to ensure that licensees have the capability to carry out license requirements and, particularly, to maintain their projects in safe condition.

All interested persons are invited to file post-technical conference comments to address issues raised during the technical conference and identified in the Supplemental Notices of Technical Conference issued on February 15, and April 12, 2022. For reference, the questions included in the Supplemental Notices are included below. Commenters need not answer all of the questions but are encouraged to organize responses using the numbering and order in the questions below. Commenters are also invited to reference material previously filed in this docket but are encouraged to avoid

repetition or replication of previous material. Comments are due on Monday, June 13, 2022.

Comments may be filed electronically via the internet.¹ Instructions are available on the Commission's website <http://www.ferc.gov/docs-filing/efiling.asp>. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659.

For more information about this notice, please contact HydroFinancialAssurance@ferc.gov.

Dated: April 27, 2022.

Debbie-Anne A. Reese,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP22-41-000]

Cameron LNG, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Cameron LNG Amended Expansion Project

On January 18, 2022, Cameron LNG, LLC (Cameron LNG) filed an application in Docket No. CP22-41-000 requesting to amend its authorization under section 3 of the Natural Gas Act for the Cameron Expansion Project issued on May 5, 2016 (Docket No. CP15-560-000). The proposed project is known as the Cameron LNG Amended Expansion Project (Project Amendment), and would reduce the overall production capacity of Cameron LNG's liquefaction terminal from 9.97 to 6.75 million tons of liquefied natural gas per annum.

On January 28, 2022, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project Amendment. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project Amendment.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project Amendment and the planned

schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—December 2, 2022
90-day Federal Authorization Decision

Deadline²—March 2, 2023

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project Amendment's progress.

Project Description

Cameron LNG proposes to no longer construct the authorized Train 5; modify the approved Train 4 and perform associated design enhancements; and perform an additional design enhancement to allow simultaneous loading of two liquefied natural gas vessels at a rate of 12,000 cubic meters/hour at both the North and South Jetties. The Project Amendment facilities would be within the existing footprint authorized by the Commission for the Expansion Project (Docket No. CP15-560-000) in Cameron and Calcasieu Parishes, Louisiana.

Background

On March 31, 2022, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Cameron LNG Amended Expansion Project and Notice of Public Scoping Session* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received comments from the U.S. Fish and Wildlife Service, stating they had no comments on the Project Amendment. All substantive comments will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets,

¹ 40 CFR 1501.10 (2020).

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

¹ See 18 CFR 385.2001(a)(1)(iii) (2021).
