National Oceanic and Atmospheric Administration

Agency Information Collection
Activities; Submission to the Office of
Management and Budget (OMB) for
Review and Approval; Notification of
Request for an Emergency Clearance;
National Marine Fisheries Service,
Office of Law Enforcement
Cooperative Enforcement Program
Partner Survey of Need (FY2022
Consolidated Appropriations Act
Report)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance utilizing emergency review procedures in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. This Notice proposes the emergency/ expedited clearance to collect information regarding cooperative enforcement agreements with partner state and territorial law enforcement agencies as required by the recently issued the Consolidated Appropriations Act, 2022. NOAA requests emergency processing and OMB authorization to collect the information after publication of this Notice for a period of six (6) months.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: National Marine Fisheries Service, Office of Law Enforcement Cooperative Enforcement Program Partner Survey of Need.

OMB Control Number: 0648–XXXX. Form Number(s): None.

Type of Request: Emergency submission, New Information Collection Request.

Number of Respondents: 29. Average Hours per Response: 2 hours. Burden Hours: 58.

Needs and Uses: NOAA's National Marine Fisheries Service (NMFS) Office of Law Enforcement (OLE) is sponsoring this congressionally mandated information collection. The information is collected under the authority of the Consolidated Appropriations Act of 2022 (117th Congress (221–2022)).

The purpose of the collection is to acquire, analyze, and report on detailed information about the OLE's Cooperative Enforcement Program (CEP) partner agencies' needs, as directed by Congress. The information will be collected from OLE's twenty-nine (29) Cooperative Enforcement Program

partner agencies and will ask questions related to shortages of trained personnel, maintaining maritime domain awareness, formal operational agreements with other Federal law enforcement agencies, and access to advanced technological enforcement tools, as directed by Congress. The partner agencies are located in twentyeight (28) states and territories: Alaska, Alabama, American Samoa, California, Connecticut, Delaware, Florida, Georgia, Guam (two agencies), Hawaii, Louisiana, Massachusetts, Maryland, Maine, Michigan, Northern Mariana Islands, Mississippi, New Hampshire, New Jersey, New York, Oregon, Puerto Rico, Rhode Island, South Carolina, Texas, Virginia, Virgin Islands, Washington.

The information will be used to supply Congress with a detailed report describing the needs expressed by the Office of Law Enforcement's Cooperative Enforcement Program partner agencies. This is a unique one-time only collection of information from Office of Law Enforcement's Cooperative Enforcement Program partner agencies as directed by Congress.

As provided under 5 CFR 1320.13, NOAA is requesting emergency processing for cooperative enforcement program data. NOAA cannot reasonably comply with normal clearance procedures since the use of normal clearance procedures is reasonably likely to cause a congressionally mandated deadline to be missed. As required by the Consolidated Appropriations Act, 2022, NOAA is expected to submit a report to Congress no less than 180 days after enactment of the Act. Therefore, NOAA is requesting OMB approval as soon as possible (i.e., 5 business days after publication of this Notice) for this collection of information.

Affected Public: State and territorial government natural resource law enforcement agencies who are members of Office of Law Enforcement's Cooperative Enforcement Program.

Frequency: Once.

Respondent's Obligation: Voluntary. Legal Authority: 44 U.S.C. 3501–3520.

This information collection request may be viewed at *www.reginfo.gov*. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

## Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

## Pacific Fishery Management Council; Public Meetings and Public Hearing

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of a public meeting.

SUMMARY: The Pacific Fishery
Management Council (Pacific Council)'s
Salmon Technical Team (STT) and
Model Evaluation Workgroup (MEW)
will hold a joint meeting on May 24,
2022 to discuss salmon topics in
preparation for the June and September
2022 Pacific Council meetings. The
meeting is open to the public.

**DATES:** The meeting will be held on Tuesday May 24, 2022, from 9 a.m. until 4 p.m., or until business in completed.

**ADDRESSES:** The meeting will be held at the Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384, telephone: (503) 820–2280 (voice) or (503) 820–2299 (fax).

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220.

**FOR FURTHER INFORMATION CONTACT:** Ms. Robin Ehlke, Staff Officer, Pacific Council; telephone: (503) 820–2410.

SUPPLEMENTARY INFORMATION: In preparation for the June 2022 Pacific Council meeting, the STT will discuss the work required and timeline necessary to investigate the accuracy of and consider potential improvements to recent preseason effort projections produced by the Klamath Ocean Harvest Model (KOHM) during the preseason management process.

In preparation for the September 2022 Pacific Council meeting, the STT and MEW will discuss the work required and timeline necessary to investigate the potential for improvements to forecasts of ocean exploitation rates for Southern Oregon/Northern California Coast (SONCC) coho salmon.

Discussions may include additional topics as time allows, including but not limited to administrative and ecosystem matters on the Pacific Council's June and September 2022 meetings, and various salmon related topics of pertinence.

Although non-emergency issues not contained in the STT meeting agendas may come before the STT for discussion, those issues may not be the subject of formal STT action during these meetings. STT action will be restricted to those issues specifically listed in this document and to any issues arising after publication of this document requiring emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the STT's intent to take final action to address the emergency.

Specific meeting information, including instructions on how to join the meeting and system requirements will be provided in meeting announcements on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov) or contact him at (503) 820–2412 for technical assistance.

## **Special Accommodations**

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@noaa.gov; (503) 820–2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 et seq.

Dated: April 29, 2022.

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of SEDAR 74 Post-Data Workshop Webinar for Gulf of Mexico Red Snapper.

**SUMMARY:** The SEDAR 74 assessment of Gulf of Mexico red snapper will consist of a Data workshop, a series of assessment webinars, and a Review workshop. See **SUPPLEMENTARY INFORMATION**.

**DATES:** The SEDAR 74 Post-Data Workshop Webinar will be held May 23, 2022, from 10 a.m. to 12 p.m., Eastern. **ADDRESSES:** 

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see FOR FURTHER INFORMATION CONTACT below) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571–4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multistep process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the Post-Data Workshop Webinar are as follows:

Participants will review data for use in the assessment of Gulf of Mexico red snapper.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

### **Special Accommodations**

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

**Note:** The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 et seq.

Dated: April 29, 2022.

Amended Notice of Intent To Prepare an Environmental Impact Statement for Regional Special Use Airspace Optimization To Support Air Force Missions in Arizona

**AGENCY:** United States Air Force, Department of Defense.

**ACTION:** Amended Notice of Intent.

SUMMARY: On January 18, 2022, the Department of the Air Force (DAF) issued a Notice of Intent to prepare an Environmental Impact Statement (EIS) for Regional Special Use Airspace Optimization to Support Air Force Missions in Arizona (Vol. 87, No. 11 Federal Register, 2597, January 18, 2022). The Notice of Intent announced a 45-day formal scoping period through March 4, 2022, included the dates and locations of in-person scoping meetings, and solicited public comments on the DAF's proposed action. In response to public and stakeholder input received during the initial scoping period, the DAF has decided to extend the formal scoping comment period for this EIS. This Amended Notice of Intent extends the formal scoping comment period through June 3, 2022 to allow additional
