SUPPLEMENTARY INFORMATION: On March 9, 2022, pursuant to fulfilling the FAST Act directive and section 24213 of the Bipartisan Infrastructure Law, NHTSA published an RFC notice announcing its current and future plans for updating NCAP (87 FR 13452). The RFC notice included significant upgrades to NCAP, including (1) proposing to add four new advanced driver assistance system (ADAS) technologies, (2) proposing to strengthen the current test procedures for certain existing ADAS technologies,

(3) proposing a near- and long-term roadmap for future NCAP updates, (4) discussing various approaches on the development of a new rating system for ADAS technologies, (5) discussing the rulemaking process to update the NCAP safety information on the Monroney label that includes a comprehensive consumer research, and (6) seeking comment on emerging technologies to help people make safe driving choices. The comment period for the RFC notice is scheduled to end on May 9, 2022.

Comment Period Extension Requests

The Alliance for Automotive Innovation and the Motor & Equipment Manufacturers Association submitted a joint letter on March 25, 2022, requesting a 30-day extension of the comment period. The requestors state that the RFC notice addresses several complex topics that would require conducting in-depth review and analysis to develop informed feedback. They suggest the additional time would allow them to conduct the detailed review of the notice and develop responses to the more than 100 questions and issues included in the notice. The requestors state that the additional time would allow for more fully developed feedback to support the agency's next steps.

In a joint letter submitted to the Agency on April 15, 2022, Advocates for Highway and Auto Safety, Center for Auto Safety, Public Citizen, National Association of Mutual Insurance Companies, Kids & Cars Safety, Vision Zero Network, Insurance Institute for Highway Safety, Society for the Advancement of Violence and Industry Research, and Families for Safe Streets, request a 60-day extension of the comment period. The requestors state that the RFC notice raises numerous complex technical and policy issues that requires significant analysis. They note that extending the comment period is in the public interest as it would permit the public with sufficient time to provide specific and thorough feedback on the many substantial questions raised in the notice, and provide the requestors with time to consult with a variety of experts and stakeholders.

Agency Decision

Pursuant to 49 CFR 553.19 and after thorough consideration of the requests with various extension periods, NHTSA determined that the requestors have provided sufficient justification for an extension, and that the extension is consistent with the public interest (49 CFR 553.19). NHTSA agrees that allowing additional time for the public and its stakeholders to provide

comments to the many questions raised in the RFC notice would better inform NHTSA on its final decision on the various program areas and topics discussed in the RFC notice. Therefore, NHTSA is granting the aforementioned requests to extend the comment period; however, NHTSA is extending it only for 30 days. Section 24213 of the November 2021 Bipartisan Infrastructure Law, enacted as the Infrastructure Investment and Jobs Act, requires NHTSA to publish its final decision on the NCAP upgrade by November 15, 2022. A 30-day extension appropriately balances NHTSA's interest in providing the public with sufficient time to comment on the numerous questions raised in the RFC notice, with its interest to issue a final decision on the NCAP upgrade in a timely manner.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information that they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The OCC asks that OMB extend its approval of the collection in this document.

Abstract: Section 1473(p) of the Dodd-Frank Wall Street Reform and Consumer Protection Act¹ provides that if the Appraisal Subcommittee (ASC) of the Federal Financial Institutions Examination Council (FFIEC) determines, six months after enactment of that section (*i.e.*, January 21, 2011), that no national hotline exists to receive complaints of non-compliance with appraisal independence standards and Uniform Standards of Professional Appraisal Practice (USPAP), then the ASC shall establish and operate such a hotline (ASC Hotline). The ASC Hotline shall include a toll-free telephone number and an email address. Section 1473(p) further directs the ASC to refer complaints received through the ASC Hotline to the appropriate government bodies for further action, which may include referrals to OCC, the Board of Governors of the Federal Reserve (Board), the Federal Deposit Insurance Corporation (FDIC), the National Credit Union Administration (NCUA), the Bureau of Consumer Financial Protection (CFPB), and state agencies. The ASC determined that a national appraisal hotline did not exist at a meeting held on January 12, 2011, and a notice of that determination was published in the **Federal Register** on January 28, 2011, (76 FR 5161). As a result, the ASC established a hotline to

refer complaints to appropriate state and Federal regulators.

Representatives from the OCC, the Board, the FDIC, the NCUA (Agencies), and the CFPB met and established a process to facilitate the referral of complaints received through the ASC Hotline to the appropriate Federal financial institution regulatory agency or agencies. The Agencies developed the Interagency Appraisal Complaint Form to collect information necessary to take further action on the complaint. The CFPB incorporated the process into one of their existing systems.

The Interagency Appraisal Complaint Form was developed for use by those who wish to file a formal, written complaint that an entity subject to the jurisdiction of one or more of the Agencies has failed to comply with the appraisal independence standards or USPAP. The Interagency Appraisal Complaint Form is designed to collect information necessary for the Agencies to take further action on a complaint from an appraiser, other individual, financial institution, or other entities. The Agencies use the information to take further action on the complaint to the extent the complaint relates to an issue within their jurisdiction.
