National Institute of Dental & Craniofacial Research; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the Board of Scientific Counselors, NIDCR.

The meeting will be closed to the public as indicated below in accordance with the provisions set forth in section 552b(c)(6), Title 5 U.S.C., as amended for the review, discussion, and evaluation of individual intramural programs and projects conducted by the National Institute of Dental and Craniofacial Research, including consideration of personnel qualifications and performance, and the competence of individual investigators, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Board of Scientific Counselors, NIDCR.

Date: June 2–3, 2022.

Time: June 2, 2022, 10:00 a.m. to 6:05 p.m.

Agenda: To review and evaluate personnel qualifications and performance, and competence of individual investigators.

Place: National Institutes of Health, 6701 Democracy Blvd., Bethesda, MD 20892 (Virtual Meeting).

Time: June 3, 2022, 10:00 a.m. to 2:15 p.m.

Agenda: To review and evaluate personnel qualifications and performance, and competence of individual investigators.

Place: National Institutes of Health, 6701 Democracy Blvd., Bethesda, MD 20892 (Virtual Meeting).

Contact Person: Lynn M. King, Ph.D., Director, Division of Extramural Activities, National Institute of Dental and Craniofacial Research, 6701 Democracy Boulevard, Bethesda, MD 20892, (301) 594–5006, lynn.king@nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.121, Oral Diseases and Disorders Research, National Institutes of Health, HHS)

Dated: May 5, 2022.

Melanie J. Pantoja,

Program Analyst, Office of Federal Advisory Committee Policy.

U.S. Customs & Border Protection

Document Imaging System (DIS) Pilot for Used Self-Propelled Vehicles Export Document Submission

AGENCY: U.S. Customs and Border Protection, DHS.

ACTION: General notice.

SUMMARY: This document announces that U.S. Customs and Border Protection (CBP) plans to conduct a pilot to promote paperless processing of export documentation for used self-propelled vehicles (USPVs). Generally, USPVs include any vehicle that can be driven on land but not rail. The CBP regulations require a person attempting to export a USPV to present original vehicle ownership documentation to CBP at the port of exportation. In an effort to expedite and modernize the document submission and review process, CBP will be operating a voluntary pilot in which participants will submit the required vehicle ownership documentation to CBP electronically via the Document Imaging System (DIS). This voluntary pilot will evaluate the feasibility of using the DIS for the purpose of obtaining and reviewing vehicle ownership documentation for USPVs. This notice includes a description of the pilot, the eligibility requirements for participation, and invites public comment on any aspect of the pilot.

DATES: This voluntary pilot will begin no earlier than June 9, 2022 and will run for approximately two years. The pilot will apply to the export of all USPVs regardless of the mode of transportation. Implementation of the pilot for each mode of transportation and/or port participation will be staggered and will be announced to the public through the Cargo Systems Messaging Service (CSMS).¹ The CSMS message will include the start date for accepting ownership documentation via the DIS. Comments concerning this notice and all aspects of the announced pilot may be submitted at any time during the pilot period.

ADDRESSES: Interested parties should contact their local CBP vehicle export processing office and express their interest and intent to participate in the DIS pilot. Written comments concerning the program, policy, and technical issues may be submitted at UsedVehicleDISTEST@cbp.dhs.gov.

¹ Archived public CSMS messages can be accessed at: <https://www.cbp.gov/trade/automated/cargo-systems-messaging-service>.

FOR FURTHER INFORMATION CONTACT:

Stephan Keating, Cargo and Conveyance Security (CCS), Office of Field Operations (OFO), U.S. Customs and Border Protection, at 202–344–2847 or via email at Stephan.D.Keating@cbp.dhs.gov and David Garcia, Cargo and Conveyance Security (CCS), OFO, CBP at David.USCS.Garcia@cbp.dhs.gov and 202–344–3277.

SUPPLEMENTARY INFORMATION:

I. Background and Purpose of the Pilot

A. Current Requirements for Export of Used Self-Propelled Vehicles

In 1984, Congress enacted the Motor Vehicle Theft Enforcement Act, Public Law 98–547, 98 Stat. 2754 codified at 19 U.S.C. 1627a (1984 Act), which makes it unlawful to import or export, or attempt to import or export, any stolen self-propelled vehicle, vessel, or aircraft. Pursuant to the 1984 Act, the Department of Homeland Security is authorized to promulgate regulations for the export of used self-propelled vehicles. The 1984 Act allows CBP to share relevant information with such Federal, State, local, and foreign law enforcement or governmental authorities, and with such organizations engaged in theft prevention activities, as may be designated by the Secretary.

In 1992, Congress imposed additional requirements on the export of used vehicles, with the enactment of the Anti Car Theft Act, Public Law 102–519, 106 Stat. 3400, codified at 19 U.S.C. 1646b–1646c (1992 Act). The 1992 Act requires all persons or entities exporting used automobiles, by air or vessel, including automobiles exported for personal use, to provide CBP with certain information including the Vehicle Identification Number (VIN) and proof of ownership of the vehicle at least 72 hours prior to exportation. The 1992 Act authorizes the Commissioner of CBP to establish risk-based targeting criteria for automobiles being exported, and to check the VIN of targeted automobiles against the information in the National Crime Information Center (NCIC) to determine whether the vehicle has been reported stolen. See 19 U.S.C. 1646c.

The implementing regulations for the above statutes are set forth in part 192 of title 19 of the Code of Federal Regulations (19 CFR part 192). Among other things, part 192 includes regulations pertaining to procedures for the lawful exportation of USPVs. In general, a self-propelled vehicle is any vehicle that can be driven on land but not on rail. Specifically, 19 CFR 192.1 defines *self-propelled vehicle* as any automobile, truck, tractor, bus, motorcycle, motor home, self-propelled
