## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-94866; File No. SR-MEMX-2021-10]

### Self-Regulatory Organizations; MEMX LLC; Order Disapproving a Proposed Rule Change, as Modified by Amendment No. 1, To Establish a Retail Midpoint Liquidity Program

May 6, 2022.

#### I. Introduction

On August 18, 2021, MEMX LLC (“MEMX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act

of 1934 (“Act” or “Exchange Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to establish a Retail Midpoint Liquidity Program (“Program”). The proposed rule change was published for comment in the **Federal Register** on September 8, 2021.<sup>3</sup> On October 19, 2021, the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.<sup>4</sup> On December 7, 2021, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act<sup>5</sup> to determine whether to approve or disapprove the proposed rule change.<sup>6</sup> On January 27, 2022, the Exchange filed Amendment No. 1 to the proposed rule change, which supersedes the original filing in its entirety, and on February 14, 2022, the Commission published for comment Amendment No. 1 and designated a longer period for Commission action on the proposed rule change.<sup>7</sup> The Commission received comments on the proposed rule change,<sup>8</sup> and the Exchange submitted a response to comments at the time it filed Amendment No. 1.<sup>9</sup>

This order disapproves the proposed rule change, as modified by Amendment No. 1, because, as discussed below, the Exchange has not met its burden under the Act and the Commission’s Rules of Practice to demonstrate that its proposal is consistent with the requirements of the Act, including, in particular, the requirements in Section 6(b)(5) of the Act that the rules of a national securities exchange be designed to promote just and equitable principles of trade and to protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers<sup>10</sup> and the objectives in Section 11A of the Exchange Act, including the

maintenance of fair and orderly markets.<sup>11</sup>

#### II. Description of the Proposal

The Exchange proposes to establish a Retail Midpoint Liquidity Program to provide retail investors with price improvement opportunities at or better than the midpoint of the national best bid and offer (“Midpoint Price”). Specifically, the Exchange proposes to allow Retail Member Organizations (“RMOs”)<sup>12</sup> to submit a new type of order on behalf of retail investors that is designed to execute at the Midpoint Price or better (a “Retail Midpoint Order”).<sup>13</sup> Contra-side liquidity would be provided by (i) a new non-displayed Midpoint Peg order that would be restricted to interacting only with incoming Retail Midpoint Orders through the proposed Program (“Retail Midpoint Liquidity Order” or “RML Order”)<sup>14</sup> as well as (ii) resting liquidity on the Exchange’s order book that would offer greater price improvement than the Midpoint Price,<sup>15</sup> and (iii) regular non-restricted Midpoint Peg orders that users designate as also eligible to interact with Retail Midpoint Orders (“Eligible Midpoint Peg Orders”).<sup>16</sup>

MEMX would disseminate a Retail Liquidity Identifier through its proprietary market data feeds, MEMOIR Depth<sup>17</sup> and MEMOIR Top,<sup>18</sup> and the appropriate securities information processor (“SIP”) when RML Order interest aggregates to form at least one round lot for a particular security, provided that such interest is resting at the Midpoint Price<sup>19</sup> and is priced at

<sup>11</sup> 15 U.S.C. 78k-1(a)(1)(C).

<sup>12</sup> See MEMX Rule 11.21(a)(1).

<sup>13</sup> A Retail Midpoint Order would have a Midpoint Peg instruction (*i.e.*, to re-price to the Midpoint Price in response to changes in the national best bid and offer). As proposed, a Retail Midpoint Order must have a time-in-force instruction of Immediate-or-Cancel. See MEMX Rule 11.6(o)(1) (defining Immediate-or-Cancel). See also MEMX Rules 11.6(h)(2) (defining Midpoint Peg) and 11.21(a) (defining Retail Order).

<sup>14</sup> See proposed MEMX Rule 11.22(a)(2).

<sup>15</sup> See *infra* note 24.

<sup>16</sup> The Exchange proposes to revise MEMX Rule 11.6(h)(2)’s definition of Midpoint Peg to provide that a Midpoint Peg order (other than a RML Order) would generally not be eligible to execute against a Retail Midpoint Order, provided, however, that a user submitting a Midpoint Peg order would be able to include an instruction that such order is eligible to execute against a Retail Midpoint Order through the execution process described in proposed MEMX Rule 11.22(c).

<sup>17</sup> See MEMX Rule 13.8(a).

<sup>18</sup> See MEMX Rule 13.8(b).

<sup>19</sup> The Exchange explains that a RML Order could have a limit price that is less aggressive than the Midpoint Price, in which case it would not be eligible to trade with an incoming Retail Midpoint Order and therefore would not be included for
