System for Award Management (SAM)

Per 2 CFR 25.200, all Federal grant applicants and recipients must register at <https://SAM.gov>. SAM is the Federal Government's System for Award Management, and registration is free of charge. Applicants must maintain current information in SAM that is consistent with the data provided in their FP&S Program grant application, and for purposes of this particular application period, in the Dun & Bradstreet database, which previously provided the official unique entity identifier, the Data Universal Numbering System (DUNS) number. As of April 4, 2022, SAM has transitioned from the DUNS number to a nonproprietary Unique Entity Identifier (UEI) obtained through SAM.gov. For entities that had an active registration in SAM.gov prior to April 4, 2022, the UEI was automatically assigned and no further action is necessary. Per 2 CFR 25.205, FEMA may not make a federal award or make any financial modifications to an existing award unless the applicant or grant recipient complied with all applicable unique entity identifier and SAM requirements. The grant applicant's banking information, EIN, organization/entity name, address, and unique entity identifier must match the same information provided in SAM.

Criteria Development Process Recommendations

If there are any differences between the published FP&S Program guidelines and the recommendations made by the CDP, FEMA must explain them and publish the information in the **Federal Register** prior to awarding any grant under the FP&S Program. For FY 2021, FEMA accepted, and will implement, all of the CDP's recommendations for the prioritization of eligible activities.

I have determined that the damage in certain areas of the State of Alaska resulting from an earthquake on November 30, 2018, is of sufficient severity and magnitude that special cost sharing arrangements are warranted regarding Federal funds provided under the Robert T.
