Form F-80

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget this request for extension of the previously approved collection of information discussed below.

Form F-80 (17 CFR 239.41) is a registration form used by large, publicly-traded Canadian issuers to register securities that will be offered in a business combination, exchange offer or other reorganization requiring the vote of shareholders of the participating companies. The information collected is intended to make available material information upon which shareholders and investors can make informed voting and investment decisions. The information provided is mandatory and all information is made available to the public upon request. Form F-80 takes approximately 2 hours per response and is filed by approximately 4 issuers for a total annual reporting burden of 8 hours (2 hours per response × 4 responses). The estimated burden of 2 hours per

response was based upon the amount of time necessary to compile the registration statement using the existing Canadian prospectus plus any additional information required by the Commission.

An agency may conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.
