CERCLA Administrative Settlement Agreement for Removal Action and Payment of Response Costs by Prospective Purchaser, Idaho Pole Company Superfund Site, Bozeman, Montana

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed agreement; request for public comment.

SUMMARY: Notice is hereby given by the U.S. Environmental Protection Agency (EPA), Region 8, of a prospective purchaser settlement agreement embodied in an "Administrative Settlement Agreement for Removal Action and Payment of Response Costs by Prospective Purchaser," with State of Montana ("State"), and the prospective purchaser, Scout DAC, LLC ("Purchaser"). This agreement provides for the performance of a removal action by Purchaser and the payment of certain response costs incurred by the United States at or in connection with the property located at Cedar Street, Bozeman, Montana 59715 near the northern limits of Bozeman, Montana, in the east half of Section 6 and the west half of Section 5, Township 28, Range 6E of Gallatin County (the "Property"), which is part of the Idaho Pole Company Superfund Site ("Site").

DATES: Comments must be submitted on or before June 13, 2022.

ADDRESSES: The proposed agreement and additional background information relating to the agreement will be available upon request. To reduce the risk of COVID-19 transmission, for this action we do not plan to offer hard copy review of the docket. Comments and requests for a copy of the proposed agreement should be addressed to Julie Nicholson, Enforcement Specialist, Superfund and Emergency Management Division, Environmental Protection Agency—Region 8, Mail Code 8SEM-PAC, 1595 Wynkoop Street, Denver, Colorado 80202, (303) 312-6343, nicholson.julie@epa.gov and Kayleen Castelli, Senior Assistant Regional Counsel, Office of Regional Counsel, Environmental Protection Agency, Region 8, Mail Code 8ORC-C, 1595 Wynkoop, Denver, Colorado 80202, email address: castelli.kayleen@epa.gov and should reference the Idaho Pole Company Superfund Site.

You may also send comments, identified by Docket ID No. EPA-R08-SFUND-2022-0328 to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

FOR FURTHER INFORMATION CONTACT: Kayleen Castelli, Senior Assistant Regional Counsel, Office of Regional Counsel, Environmental Protection Agency, Region 8, Mail Code 8ORC-C, 1595 Wynkoop, Denver, Colorado 80202, telephone number: (303) 312-6143, email address: castelli.kayleen@epa.gov.

SUPPLEMENTARY INFORMATION: For thirty (30) days following the date of publication of this document, the Agency will receive written comments relating to the agreement. The Agency will consider all comments received and may modify or withdraw its consent to the agreement if comments received disclose facts or considerations that indicate that the agreement is inappropriate, improper, or inadequate.

Betsy Smidinger,

Division Director, Superfund and Emergency Management Division, Region 8.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Aluminum, Copper and Other Non-Ferrous Metals Foundries (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NESHAP for Aluminum, Copper and Other Non-ferrous Metals Foundries (EPA ICR Number 2332.06, OMB Control Number 2060-0630) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through May 31, 2022. Public comments were previously requested via the **Federal Register** (86 FR 19256) on April 13, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before June 13, 2022.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OAR-2021-0124, online using <https://www.regulations.gov/> (our preferred method), by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information

collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Muntasir Ali, Sector Policies and Program Division (D243–05), Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, Research Triangle Park, North Carolina, 27711; telephone number: (919) 541–0833; email address: ali.muntasir@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov> or in person at the EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Aluminum, Copper and Other Non-ferrous Metals Foundries apply to both existing and new facilities conducting melting operations located at an aluminum, copper, or other non-ferrous foundry that is an area source of hazardous air pollutants (HAP) emissions, melts 600 tons per year (tpy) of aluminum, copper, or other non-ferrous metal or greater, and uses material that contains or has the potential to emit HAP for which the source category was listed. New facilities include those that commenced construction, modification or reconstruction after the date of proposal. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP. This information is being collected to assure compliance with 40 CFR part 63, subpart ZZZZZZ.

Form Numbers: None.

Respondents/affected entities: Aluminum, copper, and other non-ferrous foundries.

Respondent’s obligation to respond: Mandatory (40 CFR part 63, subpart ZZZZZZ).

Estimated number of respondents: 318 (total).

Frequency of response: Initially, occasionally and semiannually.

Total estimated burden: 11,900 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$1,410,000 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is no change in burden from the most recently approved ICR as currently identified in the OMB Inventory of Approved Burdens. This is due to two considerations. First, the regulations have not changed over the past three years and are not anticipated to change over the next three years. Second, the growth rate for this industry is very low or non-existent, so there is no significant change in the overall burden. Since there are no changes in the regulatory requirements and there is no significant industry growth, there are also no changes in the capital/startup or operation and maintenance (O&M) costs.

Courtney Kerwin,

Director, Regulatory Support Division.
