Background

The Horseracing Integrity and Safety Act of 2020¹ recognizes a self-regulatory nonprofit organization, the Horseracing Integrity and Safety Authority, which is charged with developing proposed rules on a variety of subjects. Those proposed rules and later proposed rule modifications take effect only if approved by the Federal Trade Commission.² The proposed rules and rule modifications must be published in the **Federal Register** for public comment.³ Thereafter, the Commission has 60 days from the date of publication to approve or disapprove the proposed rule or rule modification.⁴

Pursuant to Section 3053(a) of the Horseracing Integrity and Safety Act of 2020 and Commission Rule 1.142, notice is hereby given that, on April 25, 2022, the Horseracing Integrity and Safety Authority ("HISA" or the "Authority") filed with the Federal Trade Commission a proposed Registration rule and supporting documentation as described in Items I, II, III, IV, and IX below, which Items have been prepared by HISA. The Office of the Secretary of the Commission determined that the filing complied

with the Commission's rule governing such submissions.⁵ The Commission publishes this notice to solicit comments on the proposed rule from interested persons.

I. Self-Regulatory Organization's Statement of the Background, Purpose of, and Statutory Basis for, the Proposed Rule

a. Background and Purpose

The Horseracing Integrity and Safety Act of 2020 ("Act") recognizes that the establishment of a national set of uniform standards for racetrack safety and medication control will enhance the safety and integrity of horseracing. The Act specifically states that the Commission, the Authority, and the anti-doping medication control enforcement agency "shall have safety, performance, and anti-doping and medication control authority over covered persons similar to such authority of the State racing commissions before the program effective date." State racing commissions routinely license participants in horse racing as a prerequisite for participation in the sport. In the same manner, Congress mandated in the Act that the Authority require the registration of Covered Persons: "As a condition of participating in covered races and in the care, ownership, treatment, and training of covered horses, a covered person shall register with the Authority in accordance with rules promulgated by the Authority and approved by the Commission in accordance with section 3053 of this title."⁶

In requiring the registration of Covered Persons, Congress recognized that the effective regulation of horseracing under the Act requires that Covered Persons participating in Covered Horseraces must be identifiable as individuals to the Authority. This is necessary for a number of reasons, including the need to contact a Covered Person to request information required under Authority rules and to initiate disciplinary proceedings if a Covered Person fails to comply with the rules. To this end, the Registration proposed rule requires a Covered Person to register with the Authority, providing his or her name, contact information, state licensing status, and other pertinent information to the Authority. The Registration proposed rule fulfills Congress's registration mandate by
