A. Overview of Information Collection

Title of Information Collection: Energy and Performance Information Center (EPIC).

OMB Approval Number: 2577-0274.

Type of Request: Revision of a currently approved collection.

Form Numbers: N/A—all information collected electronically through the EPIC data system.

Description of the need for the information and proposed use: The EPIC data system automates the previous paper collection of the Five-year Plan and Annual Statement/Budget/Performance and Evaluation (P&E) forms from grantees. These are required forms that were previously collected in hard copy on Forms HUD 50075.1 and HUD 50075.2 under collection OMB control number 2577-0157. These forms collect data on the eventual, and actual use of funds. Electronic collection will enable the Department to aggregate information about the way grantees are using Federal funding. Tracking of the use of Federal funds paid through the Public Housing Capital Fund, the only Federal funding stream dedicated to the capital needs of the nation's last resort housing option, is crucial to understanding how the Department can properly and efficiently assist grantees in meeting this goal as well as assessing the Department's own progress. EPIC also automates the collection of signed documents required by 24 CFR 905 in order to gain access to funds awarded by HUD. These forms are covered under other PRAs. Finally, EPIC allows PHAs to request to use additional funding sources, such as Operating Funds, for capital fund eligible activities.

The EPIC data system is equipped to collect Physical Needs Assessment ("PNA") data, should this data be required in the future. This data being in the system coupled with the electronic planning process would streamline grantee planning. The EPIC data system is equipped to collect information about the Energy Performance Contract ("EPC") process, including the energy efficiency improvements. As the Department moves to shrink its energy footprint in spite of rising energy costs, clear and comprehensive data on this process will be crucial to its success. The EPIC data system is equipped to track

development of public housing with Federal funds and through other means, including mixed-finance development.
Respondents: Members of Affected Public: State, Local or Local

Governments and Non-profit organizations.
Estimated Number of Respondents: See table below.
Estimated Number of Responses: See table below.

Frequency of Response: See table below.
Average Hours per Response: See table below.
Total Estimated Burdens: See table below.

Form/document	Number of respondents	Frequency	Total responses	Hours per response	Total hours	Cost per hour	Total cost
1 Core Activity	2,800	1	2,800	2	5,600	\$44.10	\$246,960
2 5-Yr Plan	2,000	1	2,000	2	4,000	44.10	176,400
3 Annual Stmt/Budget	2,800	3	8,400	1	8,400	44.10	370,440
4 P&E	2,800	0.5	1,475	1	1,475	44.10	65,048
5 Document Management Center	2,800	2	5,600	0.5	2,800	44.10	123,480
6 Additional Capital Resources	15	1	15	0.5	7.5	44.10	331
6 EPC	30	1	30	120	3,600	44.10	158,760
7 Public Housing Development	60	1	60	120	7,200	44.10	317,520
8 Mixed Finance Early Warning	60	1	60	0.33	20	44.10	882
Totals	2,800	Varies	20,440	Varies	33,102.5	44.10	1,459,820

The follow are the specific revisions to the public burden by instrument:

1. The projected labor burden was decreased for Core Activity due to grantees becoming familiar with navigating that aspect of the EPIC system and because submissions after the first reporting cycle for a grant will be an update to the initial submitted report and will require less labor to complete. This reduced hours from the collection 3,250 hours.

2. P&E Reports are no longer required annually, reducing the number of responses and hours by 7,025.

3. RHF data will no longer be collected as that program is being phased out of CFP, reducing the number of collection hours by 25.

4. The Annual Statement/Budget total number of responses dropped by 100 due to the total number of respondents being lowered.

5. EPIC now collects copies of documents previously submitted on paper covered by CFP, Annual Plan and ACC PRA adding collection hours of 2,800.

6. EPIC has added a way for PHA to request to use additional capital resources via EPIC, increasing collection hours of 7.5.

B. Solicitation of Public Comment

SUPPLEMENTARY INFORMATION:

I. Background

On October 21, 2020, the PROGRESS Act was signed into law. See Public Law 116-180. The PROGRESS Act amends subchapter I of the Indian Self-Determination and Education Assistance Act (ISDEAA), 25 U.S.C. 5301 *et seq.*, which addresses Indian Self-Determination, and subchapter IV of the ISDEAA, which addresses DOI’s Tribal Self-Governance Program. The PROGRESS Act also authorizes the Secretary to adapt negotiated rulemaking procedures to the unique context of self-governance and the government-to-government relationship between the United States and Indian Tribes.

On February 1, 2021, a notice in the **Federal Register** (86 FR 7656) announced the DOI’s intent to form the negotiated rulemaking committee under the PROGRESS Act. On November 23, 2021, a notice in the **Federal Register** (86 FR 66491) announced the proposed membership. The Committee will
