SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget ("OMB") for each collection of information they conduct or sponsor. "Collection of Information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the Commission is publishing notice of the proposed extension of the existing collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.¹

Title: Regulation 16.02 Daily Trade and Supporting Data Reports (OMB Control No. 3038-0061). This is a request for extension of a currently approved information collection.

Abstract: Commission Rule 16.02 requires Reporting Markets to report transaction-level trade data and related order information for each executed transaction. The Commission uses the transaction-level trade data and related order information to discharge its regulatory responsibilities, including the responsibilities to prevent market manipulations and commodity price distortions and ensure the financial integrity of its jurisdictional markets.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish for the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.²

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its burden estimate for this collection. The Commission estimates that up to 20 Reporting Markets could provide daily trade and supporting data reports to the Commission in the future. The CFTC believes that Reporting Markets incur an average burden of two hours to compile and submit each report made pursuant to Commission Rule 16.02. Reporting Markets submit an average of 250 reports annually. The estimated total annual time-burden for all Reporting Markets is 10,000 hours. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 20.

¹ 44 U.S.C. 3512, 5 CFR 1320.5(b)(2)(i) and 1320.8(b)(3)(vi).

² See 17 CFR 145.9.

Estimated Average Burden Hours per Respondent: 500 hours.

Estimated Total Annual Burden

Hours: 10,000 hours.

Frequency of Collection: Daily.

There are no capital costs or operating and maintenance costs associated with this collection.

Type of Review: Renewal.

Respondents/Affected Public: Current/prospective AmeriCorps NCCC sponsors.

Total Estimated Number of Annual Responses: 1,800.

Total Estimated Number of Annual Burden Hours: 17,100.

Abstract: The AmeriCorps NCCC Service Project Application is completed by organizations interested in sponsoring an AmeriCorps NCCC team. Each year, AmeriCorps NCCC engages teams of members in service projects in communities across the United States. The service projects,

which typically last from six to eight weeks, address critical needs in natural and other disasters, infrastructure improvement, environmental stewardship and conservation, energy conservation, and urban and rural development. Members construct and rehabilitate low-income housing, respond to natural disasters, clean up streams, help communities develop emergency plans, and address other local needs. AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. There have been several changes made in an effort to streamline the document for users. Based on feedback from stakeholders, the document now has additional project objective options for users to select and the radio buttons have been changed to check boxes to allow for users to select as many objectives as they would like. The NCCC Service Project Application was simplified by deleting the “Organizational Capacity” and “Needs” narrative pages. The currently approved information collection is due to expire on 10/31/22.
