I. Background

The Institute of Museum and Library Services is the primary source of federal support for the nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. To learn more, visit www.imls.gov.

II. Current Actions

Pursuant to Public Law 107-279, this SLAA Survey collects biennial descriptive data on the universe of SLAAs in the United States. SLAAs are the official agencies of each state charged by state law with the extension and development of public library services throughout the state (20 U.S.C. 9122). The purpose of this survey is to

provide state and federal policymakers with information about SLAAs, including their governance, allied operations, developmental services to libraries and library systems, support of electronic information networks and resources, number and types of outlets, and direct services to the public. Because the FY 2022 collection will not begin until early 2023, we are carrying over the documentation and estimated burden associated with the FY 2020 data. The SLAA Survey has been conducted by the Institute of Museum and Library Services under the clearance number 3137-0072, which expires October 31, 2023. This action is to request a new three-year approval.
