SUPPLEMENTARY INFORMATION:**Agenda**

The Committee will review 2023/24 Scallop Research Set-Aside (RSA) and develop research recommendations for the notice of funding announcement. They also plan to discuss scallop specifications with an update on the timeline and possible measures. This action will be initiated at the June 2022 Council meeting. Also on the agenda is an update on 2022 work priorities and other scallop related issues, including the Nantucket Lightship South. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

SUPPLEMENTARY INFORMATION:**Agenda**

The Groundfish Committee will discuss development of draft specifications and measures: Status determination criteria, rebuilding plans for Gulf of Maine (GOM) cod and Southern New England/Mid-Atlantic (SNE/MA) winter flounder, FY2023-FY2024 US/CA total allowable catches, FY2023-FY2024 specifications: Georges Bank (GB) yellowtail flounder and GB cod (including a catch target for the recreational fishery), FY2023-FY2025 specifications for 14 stocks, additional measures to promote stock rebuilding for GOM cod and SNE/MA winter flounder, and revised acceptable biological catch control rules, in consultation with the Scientific and Statistical Committee. They will discuss Amendment 23 progress on development of metrics. The Committee will discuss a Council priority to develop a transition plan for Atlantic cod management from the current two management unit to up to five management units (multi-year priority). As a part of the transition plan, there will be a white paper on potential approaches to allocate "Georges Bank cod" to the recreational fishery delivered in 2022 to inform the 2023 priorities discussion. They will also review the current list of Council research priorities and suggest changes or additions to the list as well recommendations from the Recreational Advisory Panel, Groundfish Advisory Panel, and Groundfish Plan Development Team. Other business will be discussed if necessary.
