

- Project participants and Center personnel will proactively communicate within local ports with mobile and fixed gear fleets on fishing effort and location under the EFP, with particular focus on restricted areas.

The Center would provide training to ensure all participants achieve a sufficient level of experience with the gear prior to borrowing from their gear cache library. Center staff and engineering teams would oversee deployments. In some cases, a scientific observer may be on board, but they would not be required due to space and COVID considerations. Participants may use GoPro Systems (or equivalent or better) to record some or all of the gear retrievals for later review.

The Center would provide standardized data collection sheets to all participants. These data may be included in analyses for a final report to determine the efficacy of the experiment, but individually-identifiable data will only be made available with the express permission of the vessel owner. The results of this project would be used to inform future regulatory and National Environmental Policy Act (NEPA) analysis and to provide feedback to manufacturers of on-demand gear on improvements that would increase performance of on-demand systems under commercial fishery conditions. The ultimate goal of this project is to enable the continuation of one of the region's most valuable fisheries, while also meeting the requirements set forth by the ALWTRP and section 118(f) of the MMPA, specifically reducing the level of serious injury and mortality of North Atlantic right, humpback, and fin whales in commercial trap/pot fisheries.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

Table A—2022–2023 Award Year Deadline Dates by Which a Student Must Submit the FAFSA, by Which the Institution Must Receive the Student’s Institutional Student Information Record (ISIR) or Student Aid Report (SAR), and by Which the Institution Must Submit Verification Outcomes for Certain Students.

Table A provides information and deadline dates for receipt of the FAFSA, corrections to and signatures for the FAFSA, ISIRs, and SARs, and verification documents.

The deadline date for the receipt of a FAFSA by the Department’s Central Processing System (CPS) is June 30, 2023, regardless of the method that the applicant uses to submit the FAFSA. The deadline date for the receipt of a signature page for the FAFSA (if required), corrections, notices of change of address or institution, or requests for a duplicate SAR is September 9, 2023.

For all title IV, HEA programs, an ISIR or SAR for the student must be received by the institution no later than the student’s last date of enrollment for the 2022–2023 award year or September 16, 2023, whichever is earlier. Note that a FAFSA must be submitted and an ISIR or SAR received for the dependent student for whom a parent is applying for a Direct PLUS Loan.

Except for students selected for Verification Tracking Groups V4 and V5, verification documents must be received by the institution no later than 120 days after the student’s last date of enrollment for the 2022–2023 award year or September 16, 2023, whichever is earlier. For all title IV, HEA programs except for (1) Direct PLUS Loans that will be made to parent borrowers, and (2) Direct Unsubsidized Loans that will be made to dependent students who have been determined by the institution, pursuant to section 479A(a) of the HEA, to be eligible for such a loan without providing parental information on the FAFSA, the ISIR or SAR must have an official expected family contribution

(EFC) and the ISIR or SAR must be received by the institution no later than the earlier of the student’s last date of enrollment for the 2022–2023 award year or September 16, 2023. For the two exceptions mentioned above, the ISIR or SAR must be received by the institution by the same dates noted in this paragraph but the ISIR or SAR is not required to have an official EFC.

For a student who is requesting aid through the Pell Grant, FSEOG, or FWS programs or for a student requesting Direct Subsidized Loans, who does not meet the conditions for a late disbursement under 34 CFR 668.164(j), a valid ISIR or valid SAR must be received by the institution by the student’s last date of enrollment for the 2022–2023 award year or September 16, 2023, whichever is earlier.

In accordance with 34 CFR 668.164(j)(4)(i), an institution may not make a late disbursement of title IV, HEA program funds later than 180 days after the date of the institution’s determination that the student was no longer enrolled. Table A provides that, to make a late disbursement of title IV, HEA program funds, an institution must receive a valid ISIR or valid SAR no later than 180 days after its determination that the student was no longer enrolled, but not later than September 16, 2023.

An institution must submit Pell Grant, Iraq and Afghanistan Service Grant, Direct Loan, and TEACH Grant disbursement records to COD, no later than 15 days after making the disbursement or becoming aware of the need to adjust a previously reported disbursement. In accordance with 34 CFR 668.164(a), title IV, HEA program funds are disbursed on the date that the institution: (a) Credits those funds to a student’s account in the institution’s general ledger or any subledger of the general ledger; or (b) pays those funds to a student directly.
