

June 16, 2022, from 9:00 a.m. to 4:00 p.m. Eastern time. The Board of Overseers, appointed by the Secretary of Commerce, reports the results of the Malcolm Baldrige National Quality Award (Award) activities to the Director of the National Institute of Standards and Technology (NIST) each year, along with its recommendations for the improvement of the Award process. The Judges Panel, also appointed by the Secretary of Commerce, ensures the integrity of the Award selection process and recommends Award recipients to the Secretary of Commerce. The purpose of this meeting is to discuss and review information received from the National Institute of Standards and Technology and from the Chair of the Judges Panel. The agenda will include: Baldrige Program Update, Baldrige Foundation Update, Baldrige Judges Panel Update, Ethics Review, suspension of the 2022 Baldrige Award Process, and New Business/Public Comment.

DATES: The meeting will be held on Thursday, June 16, 2022 from 9:00 a.m. Eastern Time until 4:00 p.m. Eastern Time. The meeting will be open to the public.

ADDRESSES: The meeting will be held at Courtyard Gaithersburg Washingtonian Center, 204 Boardwalk Place, Gaithersburg, MD 20878 and there will be a virtual option. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Robert Fangmeyer, Director, Baldrige Performance Excellence Program, phone: 301-975-2361, email robert.fangmeyer@nist.gov.

SUPPLEMENTARY INFORMATION:
Authority: 15 U.S.C. 3711a(d)(1), 15 U.S.C. 3711a(d)(2)(B) and the Federal Advisory Committee Act, as amended, 5 U.S.C. app.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. app., notice is hereby given that the Board of Overseers and the Judges Panel will meet in open session on Thursday, June 16, 2022 from 9:00 a.m. to 4:00 p.m. Eastern Time. The Board of Overseers (Board), composed of approximately twelve members preeminent in the field of organizational performance excellence and appointed by the Secretary of Commerce, makes an annual report on the results of Award activities to the Director of the National Institute of Standards and Technology (NIST), along with its recommendations for improvement of the Award process. The Judges Panel consists of no less than nine, and not more than twelve, members with balanced representation

from U.S. service, manufacturing, small business, nonprofit, education, and health care industries. The Panel includes members who are familiar with the quality improvement operations and competitiveness issues of manufacturing companies, service companies, small businesses, nonprofits, health care providers, and educational institutions. The Judges Panel recommends Malcolm Baldrige National Quality Award recipients to the Secretary of Commerce.

The purpose of this meeting is to discuss and review information received from NIST and from the Chair of the Judges Panel of the Malcolm Baldrige National Quality Award. The agenda will include: Baldrige Program Update, Baldrige Foundation Update, Baldrige Judges Panel Update, Ethics Review, suspension of the 2022 Baldrige Award Process, and New Business/Public Comment. The agenda may change to accommodate the Judges Panel and Board of Overseers business. The final agenda will be posted on the NIST Baldrige Performance Excellence website at <http://www.nist.gov/baldrige/community/overseers.cfm>.

The meeting is open to the public.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Board's affairs and/or the Panel of Judges' general process are invited to request a place on the agenda. On June 16, 2022, approximately one-half hour will be reserved in the afternoon for public comments, and speaking times will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about 3 minutes each. The exact time for public comments will be included in the final agenda that will be posted on the Baldrige Performance Excellence Program website at <http://www.nist.gov/baldrige/community/overseers.cfm>. Questions from the public will not be considered during this period. Requests must be submitted by email to Robyn Verner at robyn.verner@nist.gov and must be received by 4:00 p.m. Eastern Time, June 3, 2022 to be considered. Speakers who wish to expand upon their oral statements, those who had wished to speak, but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements by email to robyn.verner@nist.gov.

Admittance instructions: All participants will need to pre-register to be admitted. Please contact Ms. Verner by telephone at (301) 975-2361 or by email at robyn.verner@nist.gov and she

will provide you with instructions for admittance.

All requests must be received by 4:00 p.m. Eastern Time, June 3, 2022.

Alicia Chambers,

NIST Executive Secretariat.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; iEdison System

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on October 25, 2021, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Institute of Standards and Technology (NIST), Commerce.

Title: iEdison System.

OMB Control Number: 0693-XXXX.

Form Number(s): None.

Type of Request: Regular, new collection.

Number of Respondents: 3,063.

Average Hours per Response:

Invention Records: 1.25

(approximately 5 times per year).

Patent Records: .75 hours

(approximately 5 times per year).

Utilization Records: 15 minutes

(approximately 22 times per year).

Burden Hours:

Invention Records: 19,144 hours.

Patent Records: 11,486 hours.

Utilization Records: 16,846 hours.

Needs and Uses: The Bayh-Dole Act (35 U.S.C. 18) and its implementing regulations (37 CFR 401) allow for recipients of federal research funding (Contractors) to retain ownership of inventions developed under federal funding agreements. In exchange, the government retains certain rights to the invention, including a world-wide right

to use by or on behalf of the U.S. government. The law also requires the Contractor to obtain permission for certain actions and fulfill reporting requirements including:

- a. Initial reporting of invention;
- b. Decision to retain title to invention;
- c. Filing of patent protection;
- d. Evidence of government support clause within patents;
- e. Submission of a license confirming the government's rights;
- f. Notice if the Contractor is going to discontinue the pursuit or continuance of patent protection;
- g. Information related to the development and utilization of invention;
- h. Permission to assign to a third party; and
- i. Permission to waive domestic manufacturing requirements.

This information is used for a variety of reasons. It allows the government to identify technologies to which the government has rights to use without additional payment or licensing. This acts as a time and cost-saving mechanism to avoid unnecessary negotiating and payment. It also provides data for calculation of return on investment (ROI) from federal funding and identifies successful research programs. Thirdly, it allows the government the opportunity to timely protect inventions which the Contractor declines title or discontinues patent protection. Historically, the National Institutes of Health (NIH) has collected this information via their on-line portal, iEdison; however, the responsibility for this data collection will be taken over by NIST. Agencies that do not register with iEdison are required to collect this information independently.

Affected Public: Business or other for-profit organizations; Not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Required to obtain benefits.

Legal Authority: The Bayh-Dole Act (35 U.S.C. 18) and its implementing regulations (37 CFR 401); 35 U.S.C. 200–212.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or

by using the search function and entering the title of the collection.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

National Oceanic and Atmospheric Administration

[RTID 0648–XB968]

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of issuance of letter of authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), as amended, its implementing regulations, and NMFS' MMPA Regulations for Taking Marine Mammals Incidental to Geophysical Surveys Related to Oil and Gas Activities in the Gulf of Mexico, notification is hereby given that a Letter of Authorization (LOA) has been issued to LLOG Exploration Offshore, L.L.C. (LLOG) for the take of marine mammals incidental to geophysical survey activity in the Gulf of Mexico.

DATES: The LOA is effective from August 1, 2022, through August 31, 2023.

ADDRESSES: The LOA, LOA request, and supporting documentation are available online at: www.fisheries.noaa.gov/action/incidental-take-authorization-oil-and-gas-industry-geophysical-survey-activity-gulf-mexico. In case of problems accessing these documents, please call the contact listed below (see **FOR FURTHER INFORMATION CONTACT**).

FOR FURTHER INFORMATION CONTACT: Ben Laws, Office of Protected Resources, NMFS, (301) 427–8401.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than

commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined “negligible impact” in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

Except with respect to certain activities not pertinent here, the MMPA defines “harassment” as: Any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

On January 19, 2021, we issued a final rule with regulations to govern the unintentional taking of marine mammals incidental to geophysical survey activities conducted by oil and gas industry operators, and those persons authorized to conduct activities on their behalf (collectively “industry operators”), in Federal waters of the U.S. Gulf of Mexico (GOM) over the course of 5 years (86 FR 5322; January 19, 2021). The rule was based on our findings that the total taking from the specified activities over the 5-year period will have a negligible impact on the affected species or stock(s) of marine mammals and will not have an unmitigable adverse impact on the availability of those species or stocks for subsistence uses. The rule became effective on April 19, 2021.

Our regulations at 50 CFR 217.180 *et seq.* allow for the issuance of LOAs to industry operators for the incidental take of marine mammals during geophysical survey activities and prescribe the permissible methods of taking and other means of effecting the least practicable adverse impact on marine mammal species or stocks and
