**Air Plan Approval; California; Mojave Desert Air Quality Management District, Placer County Air Pollution Control District; Correcting Amendment**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; correction.

**SUMMARY:** On May 9, 2022, the Environmental Protection Agency (EPA) published a final rule in the **Federal Register** approving revisions to the Mojave Desert Air Quality Management District (MDAQMD), and Placer County Air Pollution Control District portions of the California State Implementation Plan (SIP). In that rulemaking, the EPA inadvertently included erroneous amendatory instructions codifying the replacement of the previously approved version of MDAQMD Rule 1115. This document corrects that error in the final rule’s amendatory instructions.

**DATES:** This action is effective on June 8, 2022.

**FOR FURTHER INFORMATION CONTACT:** Kevin Gong, EPA Region IX, (415) 972–3073, [gong.kevin@epa.gov](mailto:gong.kevin@epa.gov).

**SUPPLEMENTARY INFORMATION:** In our final rule published May 9, 2022, the EPA inadvertently included errors in amendatory instructions that codified our deletion with replacement of the previously-approved version of MDAQMD Rule 1115, “Metal Parts and Products Coating Operations,” as amended on January 22, 2018, at 40 CFR 52.220(c)(518)(i)(A)(6). That paragraph of the California SIP already codifies a similar deletion with replacement for MDAQMD Rule 1114, “Wood Products Coating Operations.” This error correction corrects the amendatory instructions to codify the replacement of the previously-approved version of MDAQMD Rule 1115 in a new paragraph at (c)(518)(i)(A)(8).

In FR Doc. 2022–09726 appearing on page 27527 in the **Federal Register** of Monday, May 9, 2022, the following corrections are made:

**§ 52.220 [Corrected]**

- 1. On page 27527, at the top of the third column, instruction 2, “Section 52.220 is amended by adding paragraphs (c)(193)(i)(A)(4), (c)(419)(i)(B)(2), (c)(518)(i)(A)(6), and (c)(571) to read as follows:” is corrected to read as “2. Section 52.220 is amended by adding paragraphs (c)(193)(i)(A)(4), (c)(419)(i)(B)(2), (c)(518)(i)(A)(8), and (c)(571) to read as follows:”
- 2. On page 27527, at the bottom of the third column, in § 52.220, redesignate paragraph (c)(518)(i)(A)(6) as paragraph (c)(518)(i)(A)(8).

**Illinois: Final Authorization of State Hazardous Waste Management Program Revisions**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final authorization.

**SUMMARY:** The Environmental Protection Agency (EPA) is granting Illinois final authorization for changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The Agency published a Proposed Rule on February 1, 2022 and provided for public comment. No comments were received on the proposed revisions. No further opportunity for comment will be provided.

**DATES:** This final authorization is effective June 7, 2022.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA–R05–RCRA–2021–0374. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some

information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <http://www.regulations.gov>.

**SUPPLEMENTARY INFORMATION:**

**A. What changes to Illinois hazardous waste program is EPA authorizing with this action?**

On May 25, 2021, Illinois submitted a complete program revision application seeking authorization of changes to its hazardous waste program in accordance with 40 CFR 271.21. EPA now makes a final decision that Illinois's hazardous waste program revisions that are being authorized are equivalent to, consistent with, and no less stringent than the Federal program, and therefore satisfy all the requirements necessary to qualify for final authorization. For a list of State rules being authorized with this Final Authorization, please see the Proposed Rule published in the February 1, 2022, **Federal Register** at Illinois: Proposed Authorization of State Hazardous Waste Management Program Revision (87 FR 5450, February 1, 2022).

**B. What is codification and is EPA codifying the Illinois hazardous waste program as authorized in this rule?**

Codification is the process of placing citations and references to the State's statutes and regulations that comprise the State's authorized hazardous waste program into the Code of Federal Regulations. EPA does this by adding those citations and references to the authorized State rules in 40 CFR part 272. EPA is not codifying the authorization of Illinois's revisions at this time. However, EPA reserves the ability to amend 40 CFR part 272, subpart O for the authorization of Illinois's program changes at a later date.

**C. Statutory and Executive Order Reviews**

This final authorization revises Illinois's authorized hazardous waste management program pursuant to Section 3006 of RCRA and imposes no requirements other than those currently

imposed by State law. For further information on how this authorization complies with applicable executive orders and statutory provisions, please see the Proposed Rule published in the **Federal Register** at Illinois: Proposed Authorization of State Hazardous Waste Management Program Revision (87 FR 5450, February 1, 2022). The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this document and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2). This final action will be effective June 7, 2022.

**List of Subjects in 40 CFR Part 271**

Environmental protection, administrative practice and procedure, confidential business information, hazardous waste, hazardous waste transportation, Indian lands, intergovernmental relations, penalties, reporting and recordkeeping requirements.

**Authority:** This action is issued under the authority of sections 2002(a), 3006, and 7004(b) of the Solid Waste Disposal Act as amended, 42 U.S.C. 6912(a), 6926, and 6974(b).
