

contracts issued as a small business set-aside (except as stated below), service-disabled veteran-owned small business set-aside or sole source contract, Historically Underutilized Business Zone set-aside or sole source contract, women-owned small business or economically disadvantaged women-owned small business set-aside or sole source contract, 8(a) set-aside or sole source contract, partial set-aside, or set aside of an order against a multiple award contract provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule (NMR). Note that the NMR does not apply to small business set-aside acquisitions with an estimated value between the micro-purchase threshold and the simplified acquisition threshold but continues to apply to socioeconomic set-aside and sole source acquisitions over the micro-purchase threshold.

Sections 8(a)(17)(B)(iv)(II) and 46(a)(4)(B) of the Act authorize SBA to waive the NMR for a “class of products” for which there are no small business manufacturers or processors available to participate in the Federal market. SBA identifies a “class of products” based on a combination of the six-digit NAICS code and a description of the class of products. As implemented in SBA’s regulations at 13 CFR 121.1202(c), to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or been awarded a contract to supply the class of products within the last 24 months.

In accordance with the SBA’s regulations at 13 CFR 121.1204(a)(7), SBA will periodically review existing class waivers to the NMR to determine whether small business manufacturers or processors have become available to participate in the Federal market. Upon receipt of information that such a small business manufacturer or processor exists, SBA will announce its intent to terminate the NMR waiver for a class of products. 13 CFR 121.1204(a)(7)(ii). Unless public comment reveals no small business exists for the class of products in question, SBA will publish a Final Notice of Termination in the **Federal Register**.

On February 24, 2006, SBA issued in the **Federal Register** a notice of intent to waive the NMR for Furniture Frames and Parts, Metal, Manufacturing under NAICS code 337215 and PSC 7195; Furniture Frames, Wood, Manufacturing under NAICS code 337215 and PSC

7195; Furniture Parts, Finished Plastics, Manufacturing under NAICS code 337215 and PSC 7195; Furniture, Factory-type (e.g., cabinets, stools, tool stands, work benches), Manufacturing under NAICS code 337127 and PSC 7110; Furniture, Hospital (e.g., hospital beds, operating room furniture) Manufacturing under NAICS code 339113 and PSC 7195; and Furniture, Laboratory-type (e.g., benches, cabinets, stools, tables) Manufacturing under NAICS code 337127 and PSC 7195. The notice can be found at 71 FR 9631. After the comment and notice period passed, SBA issued a class waiver for those products on June 27, 2006 (71 FR 36599).

On October 6, 2019, SBA received a request to terminate the previously issued waiver. The requester provided information that established the existence of small business manufacturers of the identified products. These small businesses have submitted bids on Federal solicitations within the past 24 months. Based on this information, SBA published a notice in the **Federal Register** on February 15, 2022, seeking comments on the termination of the class waiver for Furniture Frames and Parts, Metal, Manufacturing under NAICS code 337215 and PSC 7195; Furniture Frames, Wood, Manufacturing under NAICS code 337215 and PSC 7195; Furniture Parts, Finished Plastics, Manufacturing under NAICS code 337215 and PSC 7195; Furniture, Factory-type (e.g., cabinets, stools, tool stands, work benches), Manufacturing under NAICS code 337127 and PSC 7110; Furniture, Hospital (e.g., hospital beds, operating room furniture) Manufacturing under NAICS code 339113 and PSC 7195;<sup>1</sup> and Furniture, Laboratory-type (e.g., benches, cabinets, stools, tables) Manufacturing under NAICS code 337127 and PSC 7195.<sup>2</sup> That notice can be found at 87 FR 8628. There was one public comment submitted by a small business manufacturer of products listed under the identified NAICS codes. That comment was in support of termination of the class waiver.

Thus, SBA is terminating the class waiver for Furniture Frames and Parts, Metal, Manufacturing under NAICS code 337215 and PSC 7195; Furniture

<sup>1</sup> At the time the initial waiver was issued in 2006, the applicable NAICS code was 339111. That code changed to 339113 in 2007.

<sup>2</sup> At the time the initial waiver was issued in 2006, the applicable NAICS code was 339111. That code changed to 337127 in 2007. The Notice of Intent to terminate the class waiver published on February 15, 2022, inadvertently classified it under 339113.

Frames, Wood, Manufacturing under NAICS code 337215 and PSC 7195; Furniture Parts, Finished Plastics, Manufacturing under NAICS code 337215 and PSC 7195; Furniture, Factory-type (e.g., cabinets, stools, tool stands, work benches), Manufacturing under NAICS code 337127 and PSC 7110; Furniture, Hospital (e.g., hospital beds, operating room furniture) Manufacturing under NAICS code 339113 and PSC 7195; and Furniture, Laboratory-type (e.g., benches, cabinets, stools, tables) Manufacturing under NAICS code 337127 and PSC 7195. As the above-identified class waiver is terminated, small businesses will no longer be authorized to provide the product of any manufacturer regardless of size on the identified items, unless a Federal Contracting Officer obtains an individual waiver to the NMR.

More information on the NMR and class waivers can be found at <https://www.sba.gov/partners/contracting-officials/small-business-procurement/nonmanufacturer-rule>.

**Electronic Protective Filing Tool—20 CFR 404.630, and 20 CFR 416.340—416.345—0960–0825**

The COVID–19 pandemic limited the public’s access to Social Security Administration (SSA) Field Offices (FOs), requiring SSA to rapidly modernize and improve online services available to the public. During the time when SSA stopped accepting walk-in visitors, the agency noticed a sharp decrease in Supplemental Security Income (SSI) claims from underserved populations who have historically relied on in-office appointments and service. SSA uses the term “People facing barriers” to refer to these vulnerable populations, which include low-income individuals (especially those over age 65), the homeless, people with limited English proficiency, and disabled children.

**Background**

Historically, individuals contact SSA by phone, in person, or by mail to express interest in filing for benefits. Because same-day service to file an application is not always possible, and

because some individuals prefer to make an appointment, SSA technicians use eLAS (OMB No. 0960–0822) to set up appointments and record the protective filing date for potential claimants. This process ensures that potential claimants do not miss out on possible benefits due to the lack of same-day service.

Protective filing is the precursor to filing an application for benefits. Protective filing refers to the date by which SSA receives an individual’s intent to file for SSI payments, which SSA then uses as the application date provided the individual files an application within a specific amount of time after that date. Therefore, it is as if the application was filed on the day the individual contacted SSA to express interest in filing, which may result in additional payments to that individual.

SSA developed an online tool to allow internet users to request an appointment to file an application for benefits and to establish a protective filing date with SSA. The electronic protective filing tool allows individuals to submit information for the appointment request using a computing device, such as a personal computer or handheld (mobile) device instead of calling SSA by phone or visiting an FO. The tool is available on SSA’s website to potential claimants, as well as those individuals assisting them.

*Information the Electronic Protective Filing Tool Collects*

After entering the ePFT from SSA’s website, individuals begin on a welcome screen that displays a link to the Terms of Service. Next, a user sees the Privacy Act statement page. The user then provides a response about whether they are answering these questions about themselves or about another person. To do so, the system presents several options for individual to select from the categories of

individuals who, under current regulations, can establish a protective filing date. The next screens ask for basic information about the individual who will be claiming benefits, or requesting SSI payments. Additionally, the tool collects the name, phone number, and email address (optional) of the person submitting the information, if that person is different than the person who will be claiming benefits or SSI payments.

Once the ePFT collects the data, it gives the individual the opportunity to review the information provided and electronically sign and submit the form. The ePFT then transmits the information into eLAS, documenting it as an ePFT submission, and establishes a protective filing date. If the individual provided an email address(es), the tool generates an email confirmation and sends it to the individual who will be filing for benefits, and, if applicable, to the individual submitting the appointment request on the claimant’s behalf.

Subsequently, eLAS notifies SSA of the pending request, and an SSA technician uses the information submitted to schedule an appointment and send a notification of the date, time, and type of appointment to the individual who will be filing for benefits.

Members of the public who prefer not to use the online version of this IC, or who do not have access to the internet, may continue to visit an FO, call SSA’s 800 Number (or an FO), or write to SSA to establish a protective filing date for an application for benefits.

The respondents are individuals with an intent to file for SSI (or third parties helping these individuals) and who want to request an appointment to do so.
