Agricultural Marketing Service

7 CFR Part 1150

[Doc. No. AMS-DA-20-0060]

National Dairy Promotion and Research Board Reapportionment; Re-Opening of Comment Period

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: The Agricultural Marketing Service (AMS) is providing an additional 45 days for public comments on the proposed rule that would amend the Dairy Promotion and Research Order (Dairy Order). The proposed rule would modify the number of National Dairy Promotion and Research Board (Dairy Board) members in 2 of the 12 regions. The total number of domestic Dairy Board members would remain the same at 36. This modification was requested by the Dairy Board, which administers the Dairy Order, to better reflect the geographic distribution of milk production in the United States.

DATES: The comment period for the proposed rule originally published on September 21, 2021, at 86 FR 52420, is reopened. Comments must be submitted on or before July 25, 2022.

ADDRESSES: Interested persons are invited to submit written comments concerning this proposed rule. Comments may be submitted through the Federal e-rulemaking portal at <https://www.regulations.gov> or emailed to Whitney.Rick@usda.gov and should reference the document number AMS-DA-20-0060, the date of publication, and the page number of this issue of the

Federal Register. All comments will be included in the official record and will be made available to the public. Please be advised that the identity of the individuals or entities submitting comments will be made public on the internet at the address provided above.

FOR FURTHER INFORMATION CONTACT:

Whitney A. Rick, Director, Promotion, Research, and Planning Division, Dairy Program, AMS, USDA, 1400 Independence Ave. SW, Room 2958-S, Stop 0233, Washington, DC 20250-0233. Phone: (202) 720-6909. Email: Whitney.Rick@usda.gov.

SUPPLEMENTARY INFORMATION: Section 1150.131(e) of the Dairy Order requires the Dairy Board to review the geographic distribution of milk production volume throughout the United States at least every five years and not more than every three years and, if warranted, shall recommend to the Secretary a reapportionment of the regions, in order to better reflect the geographic distribution of milk production volume in the United States.

A proposed rule, published in the **Federal Register** on September 21, 2021 (86 FR 52420), would increase Dairy Board Region 8 (Idaho) representation from 2 members to 3 members and would decrease Region 10 (Alabama, District of Columbia, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Puerto Rico, South Carolina, Tennessee, and Virginia) representation from 2 members to 1 member. The total number of domestic Dairy Board members would remain the same at 36.

USDA received a comment from the Dairy Board requesting an extension to the comment period, to allow additional time for the Dairy Board and other interested parties to fully analyze the proposed changes to the board membership. USDA also received comments from dairy farmers, a dairy industry organization, and the public expressing concern regarding the proposed decreased representation in Region 10. Therefore, AMS is reopening the comment period to encourage additional input on the proposed modifications to the number of National Dairy Promotion and Research Board (Dairy Board) members.

Erin Morris,

Associate Administrator, Agricultural Marketing Service.

Airworthiness Directives; Airbus SAS Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to supersede Airworthiness Directive (AD) 2017-10-17, which applies to certain Airbus SAS Model A330-200; A330-200 Freighter; and A330-300 series airplanes. AD 2017-10-17 requires revising the existing maintenance or inspection program, as applicable, to incorporate new fuel airworthiness limitations. Since the FAA issued AD 2017-10-17, the FAA has determined that new or more restrictive fuel airworthiness limitations and tasks are necessary. This proposed AD would continue to require the actions in AD 2017-10-17 and require revising the existing maintenance or inspection program, as applicable, to incorporate additional new or more restrictive fuel airworthiness limitations and tasks, as specified in a European Union Aviation Safety Agency (EASA) AD, which is proposed for incorporation by reference. This proposed AD would also expand the applicability to include additional airplane models. The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by July 25, 2022.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to <https://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 202-493-2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- *Hand Delivery:* U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
