BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

[1651-0076]

Customs and Border Protection Recordkeeping Requirements

AGENCY: U.S. Customs and Border Protection (CBP), Department of Homeland Security.

ACTION: 60-Day notice and request for comments; extension without change of an existing collection of information.

SUMMARY: The Department of Homeland Security, U.S. Customs and Border Protection will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). The information collection is published in the **Federal Register** to obtain comments from the public and affected agencies.

DATES: Comments are encouraged and must be submitted (no later than August 9, 2022) to be assured of consideration.

ADDRESSES: Written comments and/or suggestions regarding the item(s) contained in this notice must include the OMB Control Number 1651-0076 in the subject line and the agency name. Please use the following method to submit comments:

Email. Submit comments to: CBP_PRA@cbp.dhs.gov.

Due to COVID-19-related restrictions, CBP has temporarily suspended its ability to receive public comments by mail.

FOR FURTHER INFORMATION CONTACT:

Requests for additional PRA information should be directed to Seth Renkema, Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection, Office of Trade, Regulations and Rulings, 90 K Street NE, 10th Floor, Washington, DC 20229-1177,

Telephone number 202-325-0056 or via email CBP_PRA@cbp.dhs.gov. Please note that the contact information provided here is solely for questions regarding this notice. Individuals seeking information about other CBP programs should contact the CBP National Customer Service Center at 877-227-5511, (TTY) 1-800-877-8339, or CBP website at <https://www.cbp.gov/>.

SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: Customs and Border Protection Recordkeeping Requirements.

OMB Number: 1651-0076.

Form Number: N/A.

Current Actions: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the recordkeeping requirements.

Type of Review: Extension (without change).

Affected Public: Businesses.

Abstract: The North American Free Trade Agreement Implementation Act, Title VI, known as the Customs Modernization Act (Mod Act) amended Title 19 U.S.C. 1508, 1509 and 1510 by revising Customs and Border Protection (CBP) laws related to recordkeeping,

examination of books and witnesses, regulatory audit procedures and judicial enforcement. Specifically, the Mod Act expanded the list of parties subject to CBP recordkeeping requirements; distinguished between records which pertain to the entry of merchandise and financial records needed to substantiate the correctness of information contained in entry documentation; and identified a list of records which must be maintained and produced upon request by CBP. The information and records are used by CBP to verify the accuracy of the claims made on the entry documents regarding the tariff status of imported merchandise, admissibility, classification/nomenclature, value, and rate of duty applicable to the entered goods. The Mod Act recordkeeping requirements are provided for by 19 CFR 163. Instructions are available at: <http://www.cbp.gov/document/publications/recordkeeping>.

The respondents to this information collection are members of the trade community who are familiar with CBP regulations.

Type of Information Collection: Mod. Act Recordkeeping.

Estimated Number of Respondents: 5,459.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 5,459.

Estimated Time per Response: 1,040 hours.

Estimated Total Annual Burden Hours: 5,677,360.

Dated: June 7, 2022.

Seth D. Renkema,

Branch Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection.

BILLING CODE P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R8-ES-2022-N008;
FXES1114080000-189-FF08EACT00]

Programmatic Safe Harbor Agreement for the Northern Spotted Owl, Mendocino County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability and receipt of application.

SUMMARY: This notice advises the public that registered professional foresters Craig and Christopher Blencowe have applied to the Fish and Wildlife Service (Service) for an enhancement of survival

(EOS) permit under the Endangered Species Act. If granted, the EOS permit would be in effect for a 40-year period in Mendocino County, California, and would authorize take of the threatened northern spotted owl (covered species) that is likely to occur incidental to managing the timber on properties under periodic (approximately 10-year harvest intervals) uneven-aged forestry management practices of single-tree and group selection. Owners of properties managed by the Blencowes would sign on to the Blencowe Programmatic Safe Harbor Agreement (SHA) through specific cooperative agreements and certificates of inclusion. The documents available for review and comment include the applicants' SHA; cooperative agreements and certificates of inclusion for the Bradford Ranch, Miller Tree Farm, and Weger Ranch properties; and our draft environmental action statements and low-effect screening form, which support categorical exclusions under the National Environmental Policy Act. We invite comments from the public and Federal, Tribal, State, and local governments.

DATES: Submitting Comments: To ensure consideration, we must receive written comments by 5 p.m. on July 11, 2022.

ADDRESSES:

Obtaining Documents: You may obtain the applicants' SHA and our draft environmental action statement and low-effect screening form by one of the following methods.

- **U.S. Mail:** U.S. Fish and Wildlife Service, 1655 Heindon Road, Arcata, CA 95521;

- **Electronic Mail:** Contact fw8_afwo_comments@fws.gov to request documents; indicate "Blencowe SHA" in subject line.

Submitting Comments: You may submit written comments by any one of the following methods.

- **U.S. Mail:** Tanya Sommer, Field Supervisor, at our Arcata office (address above);

- **Electronic mail:** fw8_afwo_comments@fws.gov; in the email subject line, please be specific about which documents your comments address;

- **Fax:** 707-822-8411.

FOR FURTHER INFORMATION CONTACT: Bill McIver, at our Arcata office (address above), or by telephone at 707-822-7201. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make

international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

Background

Under safe harbor agreements (SHAs), participating landowners voluntarily undertake management activities on their properties to enhance, restore, or maintain habitat benefiting species listed under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). SHAs, and the subsequent enhancement of survival (EOS) permits that are issued pursuant to section 10(a)(1)(A) of the ESA, encourage private and other non-Federal property owners to implement conservation efforts for listed species, by assuring property owners that they will not be subject to increased land use restriction as a result of efforts to attract or increase the numbers or distribution of a listed species on their property. Application requirements and issuance criteria for EOS permits through SHAs are found in 50 CFR 17.22(c) and 17.32(c).

This SHA is expected to promote the recovery of the covered species on non-Federal properties within Mendocino County. The proposed duration of the SHA and the associated enhancement of survival permit is 40 years. The proposed EOS permit would authorize the incidental taking of the covered species associated with the restoration, enhancement, and maintenance of suitable habitat for the covered species during routine and ongoing silvicultural activities and the potential future return of any property included in the SHA to baseline conditions. Under this SHA, individual landowners (cooperators) may include their properties by entering into a cooperative agreement with the applicants. Each cooperative agreement will specify the restoration and/or enhancement and management activities to be carried out on that specific property, and a timetable for implementing those activities. The Service will review all cooperative agreements to determine whether the proposed activities would result in a net conservation benefit for the covered species and meet all required standards of the Service's Safe Harbor Policy (June 17, 1999, 64 FR 32717). Upon Service approval, the Blencowes (applicants) will issue a certificate of inclusion to each of the cooperators. Each certificate of inclusion will extend the incidental take coverage conferred by the EOS permit to the cooperator.

Baseline levels for the covered species will be determined by the cooperator, in coordination with the Service, and then the Service will review each baseline determination prior to the Blencowes'

issuance of a certificate of inclusion to the cooperator. The SHA also contains a monitoring component that requires the applicant to ensure that the cooperators are in compliance with the terms and conditions of the SHA. Results of these monitoring efforts will be provided to the Service by the applicant in an annual report.

Upon approval of this SHA, and consistent with the Service's Safe Harbor Policy, the Service would issue an EOS permit to the Blencowes. This permit would authorize cooperators who are issued a certificate of inclusion to take the covered species incidental to the implementation of the management activities specified in the SHA, incidental to other lawful uses of the property, including routine land management activities, and to return to baseline conditions if desired. An applicant would receive assurances under our "No Surprises" regulations (50 CFR 17.22(c)(5) and 17.32(c)(5)) for the covered species in the EOS permit. In addition to meeting other criteria, actions to be performed under an EOS permit must not jeopardize the existence of Federally listed fish, wildlife, or plants, and the Service is conducting a section 7 consultation.

Application

The Service has worked with registered professional foresters Craig Blencowe and Christopher Blencowe to develop a programmatic SHA for the creation and enhancement of habitat for the northern spotted owl on three Mendocino County properties that the Blencowes manage for timber harvest using uneven-aged silviculture techniques. At the start of the permit term for the SHA, the Blencowes propose to include the following three properties under the SHA: Bradford Ranch, Miller Tree Farm, and Weger Ranch. The landowners associated with each property would sign a cooperative agreement with the Blencowes, and the Blencowes would sign a certificate of inclusion for each property, verifying that the landowners agree to implement the timber management activities described in the SHA and cooperative agreements. The term of the proposed SHA and associated EOS permit is 40 years. Any associated certificate of inclusion would be tied to permit term and not longer, unless the SHA is extended by agreement. Currently, the properties support approximately 6,606 acres of northern spotted owl nesting/roosting habitat and 3 northern spotted owl territories (*i.e.*, an activity center on property), as follows: Bradford Ranch (2,363 acres and 1 territory), Miller Tree Farm (1,849 acres and 2 territories), and

Weger Ranch (2,394 acres and 0 territories). We anticipate that under the timber management prescriptions proposed in the programmatic SHA, at least 6,606 acres of nesting/roosting habitat will be enhanced on Blencowe-managed properties, and potentially up to 2 additional northern spotted owl territories could exist on each of the three properties at the end of the 40-year SHA term.

For properties managed under the SHA, if any additional northern spotted owl territory becomes established on the property, take of northern spotted owls associated with the effects of timber harvest on such additional northern spotted owl territories would be authorized under the incidental take permit during the 40-year permit term. The Service anticipates that incidental take of a northern spotted owl would occur only if: (a) additional northern spotted owl territories were established on any of the enrolled properties; and (b) any of the enrolled properties were returned to baseline conditions after the term of the 40-year SHA has expired. The Service anticipates that no more than two additional northern spotted owl territories would be established on each property during the 40-year permit term. In other words, during the 40-year permit term, the Service anticipates that no more than 12 northern spotted owls (2 adult owls per territory and as many as 6 new territories) would be subject to take if habitat conditions were returned to baseline conditions. The development and maintenance of high-quality functional habitat employing uneven-aged timber management practices in a matrix of private timberland subject to even-aged management regimes will provide a relatively stable habitat condition that we believe will provide high productivity for multiple generations of northern spotted owls. Therefore, the cumulative impact of the SHA and the activities it covers, which are facilitated by the allowable incidental take, are expected to provide a net conservation benefit to the northern spotted owl.

Public Availability of Comments

Written comments we receive become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your

personal identifying information, may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6 and 43 CFR part 46).

Tanya Sommer,

Field Supervisor, Arcata Fish and Wildlife Office, Arcata, California.

Endangered and Threatened Species; Receipt of Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct activities intended to enhance the propagation or survival of endangered or threatened species under the Endangered Species Act. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before July 11, 2022.

ADDRESSES: Submit requests for copies of the applications and related documents, as well as any comments, by

one of the following methods. All requests and comments should specify the applicant name(s) and application number(s) (*e.g.*, TEXXXXXX; see table in **SUPPLEMENTARY INFORMATION**):

- *Email:* permitsR3ES@fws.gov. Please refer to the respective application number(s) (*e.g.*, Application No. TEXXXXXX) in the subject line of your email message.

- *U.S. Mail:* Regional Director, Attn: Nathan Rathbun, U.S. Fish and Wildlife Service, Ecological Services, 5600 American Blvd. West, Suite 990, Bloomington, MN 55437-1458.

FOR FURTHER INFORMATION CONTACT:

Nathan Rathbun, 612-713-5343 (phone); permitsR3ES@fws.gov (email). Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

Background

The Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), prohibits certain activities with endangered and threatened species unless authorized by a Federal permit. The ESA and our implementing regulations in part 17 of title 50 of the Code of Federal Regulations (CFR) provide for the issuance of such permits and require that we invite public comment before issuing permits for activities involving endangered species.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

We invite local, State, and Federal agencies; Tribes; and the public to comment on the following applications:
