Driftwood Pipeline LLC; Notice of Draft Environmental Impact Statement Comment Meetings for the Line 200 and Line 300 Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) invites you to attend one of the virtual public comment meetings it will conduct by telephone on the Line 200 and Line 300 Project draft environmental impact statement. These virtual comment meetings will be held as follows:

Line 200 and Line 300 Project, Draft Environmental Impact Statement, Public Comment Meetings, Date, Time, and Call-in Information.

Tuesday, June 14, 2022, 5:30 p.m. (CST), Call in number: 800–779–8625, Participant passcode: 3472916.

Thursday, June 16, 2022, 5:30 p.m. (CST), Call in number: 800–779–8625, Participant passcode: 3472916.

Note that the comment meetings will start at 5:30 p.m. (CST) and will terminate once all participants wishing to comment have had the opportunity to do so, or at 7:30 p.m. (CST), whichever comes first. The primary goal of these comment meetings is to have you identify the specific environmental issues and concerns that should be considered in the final environmental impact statement. Individual oral comments will be taken on a one-on-one basis with a court reporter present on the line. This format is designed to receive the maximum amount of oral comments, in a convenient way during the timeframe allotted, and is in response to the ongoing COVID–19 pandemic.

There will be a brief introduction by Commission staff when the session

opens. Important information about the FERC process will be provided, so please make every attempt to call in at the beginning of the meeting. All participants will be able to hear the one-on-one comments provided by other participants; however, all lines will remain closed during the comments of others and then opened one at a time for providing comments.

Your oral comments will be recorded by the court reporter (with FERC staff or representative present) and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system. If a significant number of people are interested in providing oral comments in the one-on-one settings, a time limit of 5 minutes may be implemented for each commentor. It is important to note that oral comments hold the same weight as written or electronically submitted comments.

Privacy Act of 1974; System of Records

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice of modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, the Federal Energy Regulatory Commission (FERC) is modifying the systems of records listed in this notice to incorporate two new routine uses related to the breach of personally identifiable information (PII) pursuant to the Office of Management and Budget (OMB) Memorandum M-17-12. The first routine use deals with the breach of FERC's records, and the second addresses the disclosure of FERC's records to assist other agencies in their efforts to respond to a breach of their own records.

DATES: Please submit comments on or before July 11, 2022. These new routine uses are effective July 11, 2022.

ADDRESSES: Any person interested in commenting on the establishment of these Privacy Act Breach Routine Uses

may do so by submitting comments electronically to: Privacy@ferc.gov (include a reference to "Privacy Act Breach Routine Uses" in the subject line of the message.)

SUPPLEMENTARY INFORMATION: On January 3, 2017, the Office of Management and Budget issued Memorandum 17-12, *Preparing for and Responding to a Breach of Personally Identifiable Information*, to the heads of all executive departments and agencies. Among other things, this memorandum requires the addition of routine uses to ensure that agencies are able to disclose records or information in their systems of records in response to an actual or suspected breach of its own records or to assist other agencies in their efforts to respond to a breach of their own records. FERC is, therefore, proposing the addition of two new routine uses. Unless this or other published notice expressly provides otherwise, these two routines uses apply to all FERC Privacy Act system of records listed in this notice. These routine uses supplement but do not replace any routine uses that are separately published in the specific individual System of Records Notice (SORN). These proposed routine uses are compatible with the purpose for which each of the records or information was collected.
