

specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:*

Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* For the purposes of Department reporting under 34 CFR 75.110, we have established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the SPDG program. These measures assess the extent to which—

- Projects use professional development practices supported by evidence to support the attainment of identified competencies;
- Participants in SPDG professional development demonstrate improvement

in implementation of SPDG-supported practices over time;

- Projects use SPDG professional development funds to provide activities designed to sustain the use of SPDG-supported practices; and
- Projects improve outcomes for children with disabilities.

Each grantee funded under this competition must collect and annually report data related to its performance on these measures in the project's annual and final performance report to the Department in accordance with section 653(d) of IDEA and 34 CFR 75.590. Applicants should discuss in the application narrative how they propose to collect performance data for these measures.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: DC School Choice Incentive Program.

OMB Control Number: 1810–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 3,000.

Total Estimated Number of Annual Burden Hours: 1,000.

Abstract: The DC Opportunity Scholarship Program, authorized by the Consolidated Appropriations Act of 2004, and reauthorized in 2017 by the Scholarships for Opportunity and Results (SOAR) Reauthorization Act, awarded a grant to Serving Our Children in order to administer scholarships to students who reside in the District of Columbia and come from households whose incomes do not exceed 185% of the poverty line. To assist in the student selection and assignment process, the information collected is used to determine the eligibility of those

students who are interested in the available scholarships. Also, since the authorizing statute requires an evaluation, we are proposing to collect certain family demographic information because they are important predictors of school success. Finally, we are asking to collect information about parental participation and satisfaction because these are key topics that the statute requires the evaluation to address. This request makes two small changes to the questions previously approved by OMB. One is to add a question about how the families heard of Opportunity Scholarship Program (OSP). The other is to add a check box in section 9 (relating to students with disabilities) pursuant to the competitive grant application instructions.

Previously this information collection was approved under OMB #1855–0015. This program and the associated collection were moved to the Office of Elementary and Secondary Education within the Department. As such, it requires a new OMB number that corresponds with the OMB numbers for collections from the Office of Elementary and Secondary Education. For that reason, we are requesting a new information collection and will discontinue 1855–0015 when this request is approved.

Dated: June 7, 2022.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
