Helical Spring Lock Washers From People’s Republic of China and Taiwan: Final Results of Fifth Sunset Review and Revocation of Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On April 1, 2022, the U.S. Department of Commerce (Commerce) initiated the fifth sunset review of the antidumping duty (AD) orders on helical spring lock washers from the People’s Republic of China (China) and Taiwan. Because no domestic interested party responded to the sunset review notice of initiation by the application deadline, Commerce is revoking the AD orders on helical spring lock washers from China and Taiwan.

DATES: Applicable May 26, 2022.

FOR FURTHER INFORMATION CONTACT: Richard Roberts, AD/AD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3464.

SUPPLEMENTARY INFORMATION:**Background**

On June 28 and October 19, 1993, Commerce issued the AD orders on helical spring lock washers from Taiwan and China, respectively.¹ On May 26, 2017, Commerce published the most recent continuation of the *Orders* on helical spring lock washers from China and Taiwan.² On April 1, 2022, Commerce initiated the current sunset review of the *Orders* pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).³

We did not receive a notice to participate in this sunset review from any domestic interested party, pursuant to 19 CFR 351.218(d)(1)(i). As a result, in accordance with 19 CFR 351.218(d)(1)(iii)(A), Commerce determined that no domestic interested party intends to participate in the sunset review. On April 22, 2022, Commerce

notified the International Trade Commission in writing that we intended to revoke the *Orders* on helical spring lock washers from China and Taiwan, consistent with 19 CFR 351.218(d)(1)(iii)(B).⁴

Scope of the Orders

The products covered by the *Orders* are helical spring lock washers of carbon steel, of carbon alloy steel, or of stainless steel, heat-treated or non-heat-treated, plated or non-plated, with ends that are off-line. Helical spring lock washers are designed to: (1) function as a spring to compensate for developed looseness between the component parts of a fastened assembly; (2) distribute the load over a larger area for screws or bolts; and (3) provide a hardened bearing surface. The scope does not include internal or external tooth washers, nor does it include spring lock washers made of other metals, such as copper.

Helical spring lock washers subject to the *Orders* are currently classifiable under subheadings 7318.21.0000, 7318.21.0030, and 7318.21.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these *Orders* is dispositive.

Revocation

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party responds to a notice of initiation, Commerce shall, within 90 days after the initiation of review, revoke the order. Because no domestic interested party filed a notice of intent to participate in these sunset reviews, we determine that no domestic interested party is participating in these sunset reviews. Therefore, we are revoking the *Orders*.

Effective Date of Revocation

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.222(i)(2)(i), Commerce intends to instruct U.S. Customs and Border Protection to terminate the suspension of liquidation of the merchandise subject to these *Orders* entered, or withdrawn from the warehouse, on or after May 26, 2022, the fifth anniversary of the date of publication of the last continuation notice.⁵ Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and AD

deposit requirements. Commerce may conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Notifications to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c) and 777(i)(1) of the Act, and 19 CFR 351.218(d)(1)(iii)(B)(3) and 351.222(i)(1)(i).

Dated: June 7, 2022.

Assistant Secretary for Enforcement and Compliance.

Coated Paper Suitable for High-Quality Print Graphics Using Sheet-Fed Presses From Indonesia and the People’s Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) have determined that revocation of the antidumping duty (AD) and countervailing duty (CVD) orders on coated paper suitable for high-quality print graphics using sheet-fed presses (coated paper) from Indonesia and the People’s Republic of China (China) would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. Therefore, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable June 13, 2022.

FOR FURTHER INFORMATION CONTACT: Benjamin A. Smith (AD—China and Indonesia), Michael A. Romani (CVD—China), or Daniel Alexander (CVD—Indonesia), AD/CVD Operations, Offices III, I, or VII, respectively, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2181, (202) 482–0198, or (202) 482–4313, respectively.

⁵ See *2017 Continuation Notice*.

Background

On November 17, 2010, Commerce published in the **Federal Register** the AD and CVD orders on coated paper from China and Indonesia.¹ On December 1, 2021, the ITC instituted,² and Commerce initiated,³ the second sunset reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies and, therefore, notified the ITC of the magnitude of the margins and net subsidy rates likely to prevail should the *Orders* be revoked.⁴ On June 7, 2022, the ITC published its determinations, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The merchandise covered by the *Orders* includes certain coated paper

and paperboard⁶ in sheets suitable for high quality print graphics using sheet-fed presses; coated on one or both sides with kaolin (China or other clay), calcium carbonate, titanium dioxide, and/or other inorganic substances; with or without a binder; having a GE brightness level of 80 or higher,⁷ weighing not more than 340 grams per square meter; whether gloss grade, satin grade, matte grade, dull grade, or any other grade of finish; whether or not surface-colored, surface-decorated, printed (except as described below), embossed, or perforated; and irrespective of dimensions (Certain Coated Paper).

Certain Coated Paper includes (a) coated free sheet paper and paperboard that meets this scope definition; (b) coated groundwood paper and paperboard produced from bleached chemi-thermo-mechanical pulp (BCTMP) that meets this scope definition; and (c) any other coated paper and paperboard that meets this scope definition.

Certain Coated Paper is typically (but not exclusively) used for printing multi-colored graphics for catalogues, books, magazines, envelopes, labels and wraps, greeting cards, and other commercial printing applications requiring high quality print graphics.

Specifically excluded from the scope are imports of paper and paperboard printed with final content printed text or graphics.

Imports of the subject merchandise are provided for under the following categories of the Harmonized Tariff Schedule of the United States (HTSUS): 4810.14.11, 4810.14.1900, 4810.14.2010, 4810.14.2090, 4810.14.5000, 4810.14.6000, 4810.14.70, 4810.19.1100, 4810.19.1900, 4810.19.2010, 4810.19.2090, 4810.22.1000, 4810.22.50, 4810.22.6000, 4810.22.70, 4810.29.1000, 4810.29.5000, 4810.29.6000, 4810.29.70, 4810.32, 4810.39 and 4810.92. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Orders* is dispositive.

⁶ "Paperboard" refers to Certain Coated Paper that is heavier, thicker and more rigid than coated paper which otherwise meets the product description. In the context of Certain Coated Paper, paperboard typically is referred to as "cover," to distinguish it from "text."

⁷ One of the key measurements of any grade of paper is brightness. Generally speaking, the brighter the paper the better the contrast between the paper and the ink. Brightness is measured using a GE Reflectance Scale, which measures the reflection of light off of a grade of paper. One is the lowest reflection, or what would be given to a totally black grade, and 100 is the brightest measured grade.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).
