

of the SIP, and Plaintiff's claims are therefore moot as to those submittals.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information About Commenting on the Proposed Consent Decree

Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2022-0510, via <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from this docket. EPA may publish any comment received to its public docket. Do not submit to EPA's docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1227; FR ID 92295]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before August 22, 2022. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1227.
Title: Sections 80.233, Technical requirements for Automatic Identification System Search and Rescue Transmitter (AIS-SART) equipment, 80.1061 Special requirements for 406.0-406.1 MHz EPIRB stations, 95.2987 Additional PLB and MSLD certification requirements
Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 80 respondents; 80 responses.

Estimated Time per Response: 1 hour.
Frequency of Response: Third party disclosure requirement and on-occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in 47 U.S.C. 154, 303 unless otherwise noted.

Total Annual Burden: 80 hours.
Total Annual Cost: No cost.

Needs and Uses: The information collections contained in these rule sections require manufacturers of certain emergency radio beacons to include supplemental information with their equipment certification application which are due to the information collection requirements. Manufacturers of Automatic Identification System Search and Rescue Transmitters (AIS-SARTS), 406 MHz Emergency Position Indicating RadioBeacons (EPIRBs), and Maritime Survivor Locating Device (MSLDs) must provide a copy of letter from the U.S.

Coast Guard stating their device satisfies technical requirements specified in the IEC 61097–17 technical standard for AIS–SARTs, or Radio Technical Commission for Maritime Services (RTCM) Standard 11000 for 406 MHz EPIRBs, or RTCM Standard 11901 for MSLDs. They must also provide a copy or the technical test data, and the instruction manual(s). For 406 MHz PLBs manufacturers must include documentation from COSPAS/SARSAT recognized test facility that the PLB satisfies the technical requirements specified in COSPAS–SARSAT Standard C/S T.001 and COSPAS–SARSAT Standard C/S T.007 standards and documentation from an independent test facility stating that the PLB complies RTCM Standard 11010.2. The information is used by Telecommunications Certification Bodies (TCBs) to determine if the devices meets the necessary international technical standards and insure compliance with applicable rules. If this information were not available, operation of marine safety equipment could be hindered threatening the ability of rescue personnel to locate vessels in distress.

Federal Communications Commission.
