

staff of its determination that it will fail to timely correct the error.⁵

On June 10, 2022, DOD published a “Swap Data Error Correction Notification Form,” which sets out the form and manner for notifications pursuant to regulations 45.14 and 43.3(e) and enumerates information sufficient to provide an initial assessment of the scope of the error or errors that were discovered and any initial remediation plan for correcting the error or errors, if an initial remediation plan exists.⁶ The Swap Data Error Correction Notification Form requests, among other things: (1) identifying information for the swap execution facility (“SEF”), designated contract market (“DCM”), or reporting counterparty making the notification; (2) clarification whether errors relate to previously reported and/or unreported swaps; (3) unique swap identifiers and/or unique transaction identifiers for transactions representative of the error or errors; (4) the asset classes to which the error or errors pertain; (5) the number of transactions impacted by the error or errors; (6) the percentage of the SEF, DCM, or reporting counterparty’s reported swap transactions affected by the error and that percentage for each impacted asset class; (7) the date the SEF, DCM, or reporting counterparty discovered the error or errors and a description of how discovery came about; (8) an indication whether the issues underlying the error or errors are still producing new errors; and (9) any initial remediation plan or, if no initial remediation plan exists, an indication of when the SEF, DCM, or reporting counterparty expects to have a remediation plan. The Swap Data Error Correction Notification Form, which will be required for error data notifications after December 5, 2022, is appended to CFTC Letter 22–06 and is available as a stand-alone form on the Commission’s website.⁷

As the Swap Data Error Correction Notification Form provides the form and manner and specifies sufficient information required to satisfy previously-approved information collections under regulations 45.14 and 43.3(e), the Commission does not believe it imposes any new collection of information. The information collections under Information Collection 3038–0096 and Information

Collection 3038–0070 are each necessary to obtain information detailing the cause, nature, and scope of swap data errors.

With respect to the collections of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.⁸

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse, or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

The AEAC provides the Secretary of Defense, Deputy Secretary of Defense (“the DoD Appointing Authority”), and the Secretary of the Army independent advice and recommendations on U.S. Army educational matters. The AEAC will focus on matters pertaining to the educational doctrinal, and research policies and activities of the U.S. Army’s educational programs, to include the U.S. Army’s joint professional military education programs. The AEAC will assess and provide independent advice and recommendations across the spectrum of educational policies, school curricula, educational philosophy and objectives, program effectiveness, facilities, staff and faculty, instructional methods, and other aspects of the organization and management of these programs. The AEAC will also provide independent advice and recommendations on matters pertaining to the Army Historical Program and the role and mission of the U.S. Army Center of Military History, particularly as they pertain to the study and use of military history in Army schools. The AEAC shall be composed of no more than 15 members. The membership will include: (a) no more than 11 individuals who are eminent authorities in the fields of defense, management, leadership, and academia, including those who are deemed to be historical scholars; (b) the Chief Historian of the Army, U.S. Army, Center of Military History; and (c) the Chairs of the United States Army War College Board of Visitors Subcommittee, Command and General Staff College Board of Visitors Subcommittee, and Defense Language Institute Foreign Language Board of Visitors Subcommittee, who are eminent authorities in the fields of defense, management, leadership, and academia.

Individual AEAC members are appointed according to DoD policy and procedures, and serve a term of service of one-to-four years with annual renewals. One member will be appointed as Chair of the AEAC. No member, unless approved according to DoD policy and procedures, may serve more than two consecutive terms of service on the AEAC, or serve on more than two DoD Federal advisory committees at one time.

AEAC members who are not full-time or permanent part-time Federal civilian officers, employees, or active duty members of the Uniformed Services will be appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as

special government employee members. AEAC members who are full-time or permanent part-time Federal civilian officers or employees, or active duty members of the Uniformed Services, will be appointed pursuant to 41 CFR 102–3.130(a), to serve as regular government employee members.

All members of the AEAC are appointed to provide advice on the basis of their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official AEAC-related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements to the AEAC membership about the AEAC’s mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the AEAC. All written statements shall be submitted to the DFO for the AEAC, and this individual will ensure that the written statements are provided to the membership for their consideration.

Privacy Act of 1974; System of Records

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Defense (DoD) is establishing a new Department-wide system of records titled, “Counterintelligence Functional Services,” DoD–0010. This system of records covers DoD’s maintenance of records about counterintelligence functional services (CIFS). The purpose of CIFS is to protect Department resources and personnel from foreign adversaries who seek to exploit sensitive information, operations, and agency programs to the detriment of the U.S. Government. The DoD is issuing a Notice of Proposed Rulemaking, which proposes to exempt this system of records from certain provisions of the

Privacy Act, elsewhere in today’s issue of the **Federal Register**.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before July 25, 2022. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Attn: Mailbox 24, Suite 08D09, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Rahwa Keleta, Privacy and Civil Liberties Division, Directorate for Privacy, Civil Liberties and Freedom of Information, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Department of Defense, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350–1700; OSD.DPCLTD@mail.mil; (703) 571–0070.

SUPPLEMENTARY INFORMATION:

I. Background

DoD is establishing “Counterintelligence Functions Services (CIFS),” DoD–0010, as a DoD-wide Privacy Act system of records. A DoD-wide System of Records Notice (SORN) supports multiple DoD paper or electronic recordkeeping systems operated by more than one DoD component that maintain the same kind of information about individuals for the same purpose. Establishment of DoD-wide SORNs helps DoD standardize the rules governing the collection, maintenance, use, and sharing of personal information in key areas across the enterprise. DoD-wide SORNs also reduce duplicative and overlapping SORNs published by separate DoD components. The creation of DoD-wide
