

government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received a comment from the Louisiana Department of Transportation and Development, noting that Gulf South is responsible for obtaining all local, state, or federal permits required for the Project. The Commission also received comments from IMTT-Geismar, a landowner affected by the existing Gulf South facilities and the proposed Project. IMTT-Geismar states concern that the proposed Project will impact the landowner's current facilities and certain ongoing construction expansion plans. Comments were also filed by the U.S. Environmental Protection Agency, providing suggestions on Commission staff's analysis of the Project's purpose and need, environmental justice, climate change, greenhouse gases, wetlands, and air quality.

Any substantive comment filed in response to the Notice of Scoping will be addressed in the EA.
