### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2021-0818; Airspace  
Docket No. 19-AAL-35]

**RIN 2120-AA66**

#### Establishment of United States Area Navigation (RNAV) Route T-366; Point Hope, AK

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action establishes United States Area Navigation (RNAV) route T-366 in the vicinity of Point Hope, AK in support of a large and comprehensive T-route modernization project for the state of Alaska.

**DATES:** Effective date 0901 UTC, September 8, 2022. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

**ADDRESSES:** FAA Order JO 7400.11F, Airspace Designations and Reporting Points, and subsequent amendments can

be viewed online at [https://www.faa.gov/air\\_traffic/publications/](https://www.faa.gov/air_traffic/publications/). For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

**FOR FURTHER INFORMATION CONTACT:**

Jesse Acevedo, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

**SUPPLEMENTARY INFORMATION:**

#### Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would expand the availability of RNAV in Alaska and improve the efficient flow of air traffic within the National Airspace System by lessening the dependency on ground based navigation.

#### History

The FAA published a notice of proposed rulemaking for Docket No. FAA-2021-0818 in the **Federal Register** (86 FR 58230; October 21, 2021), proposing to establish RNAV T-route, T-366 in the vicinity of Point Hope, AK in support of a large and comprehensive T-route modernization project for the state of Alaska. Interested parties were invited to participate in this rulemaking effort by submitting comments on the proposal. There were no comments received.

United States Area Navigation Routes are published in paragraph 6011 of FAA Order JO 7400.11F dated August 10, 2021 and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The RNAV route listed in this document will be published subsequently in FAA Order JO 7400.11F.

#### Differences From the NPRM

Subsequent to the publication of the NPRM for Docket No. FAA-2021-0818 in the **Federal Register** (86 FR 58230; October 21, 2021), the FAA determined it was necessary to relocate the

following waypoints (WPs): VANTY, CABGI, JOGDU, and JATIL, to address instrument flight procedure concerns related to the WPs being located too close to the Non-Directional Beacon (NDB). As a result, the latitude/longitude geographic coordinates for the WPs are changed from what was proposed in the NPRM. This change will move each WP by approximately 600-feet from the location as proposed in the NPRM. The regulatory text in this action incorporates these changes.

#### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Rule

This action amends 14 CFR part 71 by establishing RNAV route T-366 in the vicinity of Point Hope, AK in support of a large and comprehensive T-route modernization project for the state of Alaska.

The route is described below.

**T-366:** This action establishes T-366 navigating from the Point Hope, AK, (PHO) NDB to the Cape Lisburne, AK, (LUR) NDB using the VANTY, AK, WP and the CABGI, AK, WP, mirroring Colored airway B-5; from the Cape Lisburne, AK, (LUR) NDB to the Point Lay, AK, (PIZ) NDB, using the CABGI, AK, WP; the SUPGY, AK, WP; and the JODGU, AK, WP, mirroring Colored airway B-2; and from the Point Lay, AK, (PIZ) NDB to the Nuiqsut Village, AK, (UQS) NDB, using the JODGU, AK, WP; the FILEV, AK, WP; the Barrow, AK, VHF Omnidirectional Range/Distance Measuring Equipment (VOR/DME), and the JATIL, AK, WP, mirroring Colored airway G-16.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

#### Regulatory Notices and Analyses

The FAA determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of

Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Environmental Review

The FAA determined that this airspace action of establishing RNAV route T-366 in the vicinity of Point Hope, AK qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of

Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points), and paragraph 5-6.5i, which categorically excludes from further environmental review the establishment of new or revised air traffic control procedures conducted at 3,000 feet or more above ground level (AGL); procedures conducted below 3,000 feet AGL that do not cause traffic to be routinely routed over noise sensitive areas; modifications to currently approved procedures conducted below 3,000 feet AGL that do not significantly increase noise over noise sensitive areas; and increases in minimum altitudes and landing minima. As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

#### List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

#### The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

#### PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

#### § 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

*Paragraph 6011 United States Area Navigation Routes.*

\* \* \* \* \*

VANTY, AK  
CABGI, AK  
SUPGY, AK  
JODGU, AK  
FILEV, AK  
Barrow, AK (BRW)  
JATIL, AK

#### T-366 VANTY, AK to JATIL, AK [New]

WP (Lat. 68°20'40.64" N, long. 166°48'09.96" W)  
WP (Lat. 68°52'16.94" N, long. 166°04'50.37" W)  
WP (Lat. 69°01'57.87" N, long. 164°13'31.71" W)  
WP (Lat. 69°44'11.47" N, long. 163°00'04.08" W)  
WP (Lat. 70°38'16.81" N, long. 159°59'41.10" W)  
VOR/DME (Lat. 71°16'24.33" N, long. 156°47'17.22" W)  
WP (Lat. 70°12'46.02" N, long. 151°00'19.83" W)

Docket No. 21-ASO-34]

**RIN 2120-AA66**

#### Amendment of Area Navigation (RNAV) Route Q-75; Eastern United States

**AGENCY:** Federal Aviation  
Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Area  
Navigation (RNAV) route Q-75 to

resolve similar sounding waypoint (WP) names and removes WPs and fixes that are not required for defining the route structure. Q-75 supports the Northeast Corridor Atlantic Coast Route Project.

**DATES:** Effective date 0901 UTC, September 8, 2022. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

#### SUPPLEMENTARY INFORMATION:

#### Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.
