SUPPLEMENTARY INFORMATION: Section 104(b) of the Consumer Product Safety Improvement Act of 2008 (CPSIA) requires the Commission to adopt mandatory standards for durable infant or toddler products. 15 U.S.C. 2056a(b)(1). Mandatory standards must be "substantially the same as" voluntary standards, or may be "more stringent" than voluntary standards, if the Commission determines that more stringent requirements would further reduce the risk of injury associated with the products. *Id.* Mandatory standards may be based, in whole or in part, on a voluntary standard.

Pursuant to section 104(b)(4)(B) of the CPSIA, if a voluntary standard organization revises a standard that has been adopted, in whole or in part, as a consumer product safety standard under CPSIA section 104, it must notify the Commission. The revised voluntary standard then shall be considered to be a consumer product safety standard issued by the Commission under section 9 of the Consumer Product Safety Act

(15 U.S.C. 2058), effective 180 days after the date on which the organization notifies the Commission (or a later date specified by the Commission in the **Federal Register**) unless, within 90 days after receiving that notice, the Commission responds to the organization that it has determined that the proposed revision does not improve the safety of the consumer product covered by the standard, and therefore, the Commission is retaining its existing mandatory consumer product safety standard. 15 U.S.C. 2056a(b)(4)(B).

Under this authority, the Commission issued a mandatory safety rule for infant bouncer seats in 2017. The rulemaking created 16 CFR part 1229, which incorporated by reference ASTM F2167-17, Standard Consumer Safety Specification for Infant Bouncer Seats. 82 FR 43470 (Sep. 18, 2017). The mandatory standard included performance requirements and test methods, as well as requirements for warning labels and instructions, to address hazards to children associated with infant bouncer seats. Since promulgation of the final rule, ASTM revised the voluntary standard in May 2019. In September 2019, the Commission revised the mandatory standard to incorporate by reference ASTM F2167-19. 84 FR 46878 (Sep. 6, 2019).

In May 2022, ASTM published a revised version of the incorporated voluntary standard. On June 22, 2022, ASTM notified the Commission that it had approved the revised version of the voluntary standard. CPSC staff is assessing the revised voluntary standard to determine, consistent with section 104(b)(4)(B) of the CPSIA, its effect on the safety of the consumer product covered by the standard. The Commission invites public comment on that question to inform staff's assessment and any subsequent Commission consideration of the revisions in ASTM F2167-22.¹

The existing voluntary standard and the revised voluntary standard are available for review in several ways. ASTM has provided on its website (<https://www.astm.org/CPSC.htm>), at no cost, a read-only copy of ASTM F2167-22 and a red-lined version that identifies the changes made to ASTM F-2167-19. Likewise, a read-only copy of the existing, incorporated standard is available for viewing, at no cost, on the ASTM website at: <https://www.astm.org/READINGLIBRARY/>.

¹ The Commission voted 3-0-1 to approve this notice. Chair Hoehn-Saric, Commissioners Baiocco and Feldman voted to approve publication of the notice as drafted. Commissioner Trumka did not vote.

Interested parties can also download copies of the standards by purchasing them from ASTM International, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA 19428-2959; phone: 610-832-9585; <https://www.astm.org>. Alternatively, interested parties can schedule an appointment to inspect copies of the standards at CPSC's Division of the Secretariat, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814, telephone: 301-504-7479; email: cpsc-os@cpsc.gov.

Comments must be received by July 14, 2022. Because of the short statutory time frame Congress established for the Commission to consider revised voluntary standards under section 104(b)(4) of the CPSIA, CPSC will not consider comments received after this date.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.
