

Today's enforcement actions—the first addressing unlawful repair restrictions since we adopted the policy statement—mark an important step forward, demonstrating our commitment to vigorously protecting Americans' right to repair. We are grateful to the Bureau of Consumer Protection staff for their excellent work driving this effort forward.

Illegal repair restrictions can significantly raise costs for consumers, stifle innovation, close off business opportunity for independent repair shops, create unnecessary electronic waste, delay timely repairs, and undermine resiliency—harms that can have an outsized impact on low-income communities in particular.<sup>2</sup> It is critical that unlawful repair restrictions continue to be a key area of focus for the Commission and that we continue to use all of our tools and authorities to root out these illegal practices.

**Type of Review:** Extension of a currently approved collection.

Pursuant to OMB regulations, 5 CFR part 1320, that implement the PRA, 44 U.S.C. 3501 *et seq.*, the FTC is providing this second opportunity for public comment while seeking OMB approval to renew the pre-existing clearance for the Rule. For more details about the Rule requirements and the basis for the calculations summarized below, see 87 FR 15995.
