BILLING CODE 4810-AM-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2022-OS-0080]

Submission for OMB Review; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness, Department of Defense (DoD).

ACTION: Emergency 1-day information collection notice.

SUMMARY: Consistent with the Paperwork Reduction Act of 1995 and its implementing regulations, this document provides notice that DoD is submitting an Information Collection Request to the Office of Management and Budget (OMB) to authorize the members of the Internal Review Team to collect information about racial disparities in the investigative and military justice systems of the DoD via focus groups with officers, noncommissioned officers, and enlisted personnel of each of the Military Services who are currently serving in military leadership positions (or who have served in such positions within the last 365 days). DoD requests emergency processing and OMB authorization to collect the information after publication of this notice for a period of six months. **DATES:** Comments must be received by July 8, 2022.

ADDRESSES: The Department has requested emergency processing from OMB for this information collection request by 1 day after publication of this notice. Interested parties can access the supporting materials and collection instrument as well as submit comments and recommendations to OMB at www.reginfo.gov/public/do/PRAMain.

Find this particular information collection by selecting “Currently under 1-day Review—Open for Public Comments” or by using the search function. Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

FOR FURTHER INFORMATION CONTACT:

Angela Duncan, 571-372-7574, or whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION: The Deputy Secretary of Defense directed the establishment of the Internal Review Team (IRT) on Racial Disparities in the Investigative and Military Justice Systems to identify and address the root causes of racial disparities in the DoD investigative and military justice systems. The review will provide actionable recommendations the Department can implement or establish to improve strategies, programs, policies, processes, and resources to address these disparities. The IRT comprises General Officers and members of the civilian Senior Executive Service who, with the support of subject matter experts, will focus their full-time efforts on this review. The IRT commenced its work on June 1, 2022, and is charged to provide its findings and recommendation to the DSD not later than August 24, 2022. Consideration of the role of military leaders in the Department’s investigative and military justice process is a key component of the IRT’s review. As a result of this information collection, the IRT will have access to a body of qualitative information provided by military leaders (including military officers, noncommissioned officers, and enlisted personnel) regarding their personal experiences in addressing Service member misconduct and performance matters. This information will assist the IRT in identifying themes, trends, and vignettes that illustrate how the actions and decisions of military leaders affect whether and how a subordinate Service member will become involved in the investigative or military justice systems and will inform IRT recommendations to address the root causes of racial disparities in those systems.

Title; Associated Form; and OMB Number: Department of Defense Internal Review Team on Racial Disparities in the Investigative and Military Justice Systems; OMB Control Number 0704-RTRD.

Type of Request: Emergency.
Number of Respondents: 480.

Responses per Respondent: 1.
Annual Responses: 480.
Average Burden per Response: 2 hours.
Annual Burden Hours: 960 hours.
Affected Public: Individuals or households.
Frequency: Once.
Respondent’s Obligation: Voluntary.

Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information collected has practical utility; (2) the accuracy of DoD’s estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Dated: July 1, 2022.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF ENERGY

Notice of Request for Information (RFI) Regarding Hydropower Incentive Programs Development

AGENCY: Grid Deployment Office, Department of Energy (DOE).

ACTION: Request for Information (RFI).

SUMMARY: The U.S. Department of Energy (DOE) invites public input for its Request for Information (RFI) number DE-FOA-0002762 regarding issues related to the development of hydroelectric incentive programs authorized under sections 243 and 247 of the Energy Policy Act of 2005, as amended by sections 40332 and 40333 of the Infrastructure Investment and Jobs Act. DOE’s Grid Deployment Office (GDO) welcomes written and verbal input from the public on the subjects identified in this RFI to support the development of future hydroelectric incentive programs.

DATES: Responses to the RFI must be received no later than 11:59 p.m. EDT on Tuesday, September 6, 2022.

ADDRESSES: Interested parties are to submit comments electronically to WPTORFI@ee.doe.gov. In lieu of or in addition to providing electronic

responses to this RFI, respondents may request a 30-minute individual unrecorded discussion with a DOE staff member regarding the content of their responses to the RFI questions. When submitting electronic responses, include with subject line "Organization/Name: Response to RFI on Hydropower Incentives Program". Only electronic responses or verbal responses through a scheduled 30-minute individual discussion will be accepted. The complete RFI is located at <https://eere-exchange.energy.gov/>.

DOE will hold a public meeting via webinar on Tuesday, August 9, 2022. For webinar registration information, participant instructions, and information about the capabilities available to webinar participants, please visit https://bit.ly/RFI_HydroIncentiveProgram.

FOR FURTHER INFORMATION CONTACT:

Questions may be addressed to Corey Vezina, email at hydroincentive@ee.doe.gov or phone number (240) 562-1382. Further instruction can be found in the RFI document posted on EERE Exchange.

SUPPLEMENTARY INFORMATION: The purpose of this RFI is to solicit feedback from industry, tribes, government agencies, state and local coalitions, academia, research laboratories, labor unions, community-based organizations (CBOs), and other stakeholders on definitions, program structure, and selection related to the Department's authority to provide capital improvement incentives under Sections 243 and 247 of the Energy Policy Act of 2005 (Pub. L. 109-58) (EPAAct 2005). See 42 U.S.C. 15882 and 15883. This is solely a request for information and not a Funding Opportunity Announcement. DOE is not accepting applications at this time.

Confidential Business Information: According to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email, postal mail, or hand delivery two well-marked copies: one copy of the document marked "confidential" including all the information believed to be confidential, and one copy of the document marked "non-confidential" with the information believed to be confidential deleted. Submit these documents via email or on a CD, if feasible. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

It is DOE's policy that all comments may be included in the public docket, without change and as received,

including any personal information provided in the comments (except information deemed to be exempt from public disclosure).

Signing Authority

This document of the Department of Energy was signed on June 30, 2022, by Patricia Hoffman, Acting Director, Grid Deployment Office, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE **Federal Register** Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC on July 1, 2022.

Treana V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP22-2-000]

Gas Transmission Northwest LLC; Notice of Availability of the Draft Environmental Impact Statement for the Proposed GTN Xpress Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a draft environmental impact statement (EIS) for the GTN Xpress Project (Project), proposed by Gas Transmission Northwest LLC (GTN) in the above-referenced docket. GTN proposes to modify existing compressor stations in Idaho, Washington, and Oregon. This Project would increase the capacity of GTN's existing natural gas transmission system by about 150 million standard cubic feet per day between Idaho and Oregon. According to GTN, the Project is necessary to serve the growing market demand its system is experiencing.

The draft EIS assesses the potential environmental effects of modifying and installing new facilities at the existing compressor stations in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with the

mitigation measures recommended in the EIS, would result in some adverse environmental impacts, but none that are considered significant. Regarding climate change impacts, this EIS is not characterizing the Project's greenhouse gas emissions as significant or insignificant because the Commission is conducting a generic proceeding to determine whether and how the Commission will conduct significance determinations going forward.¹ The EIS also concludes that no system or other alternative would meet the Project objectives while providing a significant environmental advantage over the Project as proposed.

The U.S. Environmental Protection Agency is participating as cooperating agency in the preparation of the EIS. A cooperating agency has jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participates in the NEPA analysis.

The Commission mailed a copy of the *Notice of Availability* of the draft EIS to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Indian tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the Project area. The draft EIS is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the draft EIS may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>) select "General Search" and enter the docket number in the "Docket Number" field, excluding the last three digits (*i.e.* CP22-2). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

The draft EIS is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the draft EIS may do so. Your comments should focus on the draft EIS' disclosure and discussion of

¹ *Consideration of Greenhouse Gas Emissions in Natural Gas Infrastructure Project Reviews*, 178 FERC ¶ 61,108 (2022); 178 FERC ¶ 61,197 (2022).
