Special Local Regulation and Safety Zone; Back River, Baltimore County, MD

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary regulations for certain waters of the Back River. This action is necessary to provide for the safety of life on these navigable waters near Baltimore County, MD, during a fireworks display on July 16, 2022. This regulation prohibits persons and vessels from being in the regulated area and safety zone unless authorized by the Captain of the Port, Maryland-National Capital Region or a designated representative.

DATES: This rule is effective from 8 p.m. to 10:30 p.m. on July 16, 2022.

II. Background Information and Regulatory History

On February 8, 2022, Fantastic Fireworks, on behalf of Tiki Lee's Dock Bar, notified the Coast Guard that it will be conducting a fireworks display between 9 and 10 p.m. on July 16, 2022, as a part of the "Shootout on the River" event activities. The fireworks are to be

launched from a barge in the Back River located near Tiki Lee's Dock Bar in Sparrows Point, MD. Hazards from firework displays include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port, Maryland-National Capital Region (COTP) has determined that potential hazards associated with the fireworks to be used in this display would be a safety concern for anyone within a 420-foot radius of the barge. The Coast Guard anticipates a large spectator fleet for these events. In response, on May 20, 2022, the Coast Guard published a notice of proposed rulemaking (NPRM) titled "Special Local Regulation and Safety Zone; Back River, Baltimore County, MD" (87 FR 30846). There, we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this fireworks event. During the comment period that ended June 21, 2022, we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Due to the date of the event, it would be impracticable and contrary to the public interest to make the regulation effective 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to the public interest because it would delay the safety measures necessary to respond to potential safety hazards associated with this fireworks event. Hazards include explosive materials, dangerous projectiles, and falling debris. The fireworks fall out zone extends across the navigable channel.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231) and 46 U.S.C. 70041. The Captain of the Port, Maryland-National Capital Region (COTP) has determined that potential hazards associated with the fireworks to be used in the July 16, 2022, display will be a safety concern for anyone intending to operate within certain waters of Back River in Baltimore County, MD, in or near the event area.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published May 20, 2022. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a special local regulation for the area in the Back River

in which spectating vessels will transit and gather. The regulated area covers all navigable waters of Back River within an area bounded by a line connecting the following points: From the shoreline at Lynch Point at latitude 39°14'46" N, longitude 076°26'23" W, thence northeast to Porter Point at latitude 39°15'13" N, longitude 076°26'11" W, thence north along the shoreline to Walnut Point at latitude 39°17'06" N, longitude 076°27'04" W, thence southwest to the shoreline at latitude 39°16'41" N, longitude 076°27'31" W, thence south along the shoreline to the point of origin, located in Baltimore County, MD. The regulated area is approximately 4,200 yards in length and 1,200 yards in width.

In addition to establishing a special local regulation, the COTP is establishing a temporary safety zone around the fireworks discharge site, in approximate position latitude 39°15'35.54" N, longitude 76°26'56.62" W. The safety zone covers all navigable waters within 420 feet of a fireworks barge in the Back River located near Tiki Lee's Dock Bar in Sparrow's Point, MD. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled fireworks display. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, duration, and time-of-day of the special local regulation and safety zone, which would impact a small designated area of the Back River for a total of no more than 2.5 enforcement hours during the evening when vessel traffic is normally low. Moreover, the Coast Guard will issue

Local Notices to Mariners and a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zones.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule would not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves implementation of regulations within 33 CFR part 100 applicable to organized marine events on the navigable waters of the United States that could negatively impact the safety of waterway users and shore side activities in the event area, and within 33 CFR part 165 establishing a temporary safety zone that would prohibit entry within 420 feet of a fireworks barge, both lasting a total of 2.5 consecutive hours.

It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable. This safety zone must be established by July 30, 2022, in order to protect the public and vessels from the hazards associated with a fireworks display with an expected fall-out area over the water.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be contrary to the rule's objectives of protecting the public and vessels on the navigable waters in the vicinity of the fireworks display.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Buffalo (COTP) has determined that potential hazards associated with the fireworks display occurring on July 30, 2022 will be a safety concern for anyone within a 140-yard radius of the barge. This rule is

necessary to protect personnel, vessels, and the marine environment in the navigable waters within a 140-yard radius of the fireworks barge before, during, and immediately after the scheduled event.

IV. Discussion of the Rule

This rule establishes a safety zone from 8:45 p.m. through 10 p.m. on July 30, 2022. The safety zone will cover all navigable waters within 140 yards of a barge in Henderson Harbor located approximately 1,100 yards north of the town boat ramp located on the southern shore of Henderson Harbor in Henderson Harbor, NY. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters before, during, and after the scheduled fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP Buffalo or his designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. Vessel traffic will be able to safely transit around this safety zone which would impact a small designated area of Henderson Harbor for less than 2 hours during the evening when vessel traffic is normally low. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the safety zone, and the rule would allow vessels to seek permission to enter the safety zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, as amended, requires Federal agencies to consider the potential impact of regulations on
