Clean Air Act Operating Permit Program; Petitions for Objection to State Operating Permit for Oxbow Calcining, LLC, Jefferson County, Texas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final Order on Petition for objection to Clean Air Act title V operating permit.

SUMMARY: The Environmental Protection Agency (EPA) Administrator signed an Order dated June 14, 2022, granting a Petition dated October 28, 2020, from the Environmental Integrity Project, Port Arthur Community Action Network, Lone Star Legal Aid, and the Lone Star Chapter of the Sierra Club. The Petition requested that the EPA object to a Clean Air Act (CAA) title V operating permit issued by the Texas Commission on Environmental Quality (TCEQ) to Oxbow Calcining located in Jefferson County, Texas.

ADDRESSES: The EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, the Petition, and other supporting information. Out of an abundance of caution for members of the public and our staff, the EPA Region 6 office may be closed to the public to reduce the risk of transmitting COVID-19. Please call or email the contact listed below if you need alternative access to the final Order and Petition, which are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

FOR FURTHER INFORMATION CONTACT: Aimee Wilson, EPA Region 6 Office, Air Permits Section, (214) 665-7596, wilson.aimee@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords the EPA a 45-day period to review and object to, as appropriate, operating permits proposed by state permitting authorities under title V of the CAA. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of the EPA's 45-day

review period if the EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or unless the grounds for the issue arose after this period.

The EPA received the Petition from the Environmental Integrity Project, Port Arthur Community Action Network, Lone Star Legal Aid, and the Lone Star Chapter of the Sierra Club dated October 28, 2020, requesting that the EPA object to the issuance of operating permit no. O1493, issued by TCEQ to Oxbow Calcining in Jefferson County, Texas. The Petition claims the proposed permit fails to include monitoring and recordkeeping provisions sufficient to ensure compliance with Sulfur Dioxide National Ambient Air Quality Standards and fails to establish monitoring, testing, and recordkeeping provisions that assure compliance with Lead and Volatile Organic Compound limits from kiln stacks 2, 3, 4, and 5 in NSR Permit No. 45622.

On June 14, 2022, the EPA Administrator issued an Order granting in part and denying in part the Petition. The Order explains the basis for the EPA's decision.

Dated: July 8, 2022.

Acting Director, Air and Radiation Division,

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition to object to title V operating permit.

SUMMARY: The EPA Administrator signed an Order, dated June 16, 2022, denying the petition submitted by Greater-Birmingham Alliance to Stop Pollution (Petitioner) objecting to a proposed modification to a Clean Air Act (CAA) title V operating permit issued to U.S. Steel Seamless Tubular

Operations for its Fairfield Works Pipe Mill (Permittee) located in Jefferson County, Alabama. The Order responds to a June 7, 2021, petition requesting that EPA object to the final operating permit no. 4-07-0371-09. This permitting action was a significant modification issued by the Jefferson County Department of Health (JCDH). The Order constitutes a final action on the petition addressed therein.

ADDRESSES: Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 4; Air and Radiation Division; 61 Forsyth Street, SW; Atlanta, Georgia 30303-8960. The Order is also available electronically at the following address: https://www.epa.gov/system/files/documents/2022-06/US%20Steel%20Order_6-16-22.pdf.

FOR FURTHER INFORMATION CONTACT: Art Hofmeister, Air Permits Section, EPA Region 4, at (404) 562-9115 or hofmeister.art@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of the EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the permitting authority, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period. Petitioner submitted a petition requesting that EPA object to the CAA title V operating permit no. 4-07-0371-09 issued by JCDH to the Fairfield Works Pipe Mill. Petitioner claims: the public did not have a meaningful opportunity to comment on the applicability of major and minor new source review (NSR); the Permittee violated the state implementation plan by failing to commence construction of the electric arc furnace (EAF) within 24
