

14284 (2020) (*Second Report and Order*). These requirements will allow the Commission to receive, review and make eligibility determinations and funding decisions on applications to participate in the Reimbursement Program that are filed by certain providers of advanced communications service. These new information collection requirements will also assist the Commission in processing funding disbursement requests and in monitoring and furthering compliance with applicable program requirements to protect against waste, fraud, and abuse.

On December 27, 2020, the President signed into law the Consolidated Appropriations Act, 2021, appropriating \$1.9 billion to “carry out” the Reimbursement Program and amending the Reimbursement Program eligibility requirements to expand eligibility to include providers of advanced communications service with 10 million or fewer subscribers. See Public Law 116–260, Division N-Additional Coronavirus Response and Relief, Title IX-Broadband internet Access Service, §§ 901, 906, 134 Stat. 1182 (2020). The Commission has interpreted the term “provider of advanced communications service” to mean “facilities-based providers, whether fixed or mobile, with a broadband connection to end users with at least 200 kbps in one direction.” *Second Report and Order*, 35 FCC Rcd at 14332, para. 111. Participation in the Reimbursement Program is voluntary but compliance with the new information collection requirements is required to obtain Reimbursement Program support.

The Secure Networks Act requires all providers of advanced communications service to annually report, with exception, on whether they have purchased, rented, leased or otherwise obtained covered communications equipment or service on or after certain dates. 47 U.S.C. 1603(d)(2)(B). The *Second Report and Order* adopted a new information collection requirement to implement this statutory mandate. See Secure Networks Act § 5. If the provider certifies it does not have any covered equipment and services, then the provider is not required to subsequently file an annual report, unless it later obtains covered equipment and services. *Second Report and Order* at para. 215.

Separate from the Reimbursement Program, the Secure Networks Act requires all providers of advanced communications service to annually report, with exception, on whether they have purchased, rented, leased or otherwise obtained covered

communications equipment or service on or after certain dates. 47 U.S.C. 1603(d)(2)(B). If the provider certifies it does not have any covered equipment and services, then the provider is not required to subsequently file an annual report, unless it later obtains covered equipment and services. *Second Report and Order*, 35 FCC Rcd at 14370, at para. 215.

The Commission therefore revised this information collection contained in the Public Notice released by the Wireline Competition Bureau on August 3, 2021. This Public Notice, among other things, required providers participating in the Reimbursement Program to notify the Commission of ownership changes using the FCC Form 5640 to ensure the accuracy of information on file for program participants when there is a change in ownership.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.
