

Notices

Federal Register

Vol. 87, No. 135

Friday, July 15, 2022

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Final Record of Decision for the Cibola National Forest Land Management Plan

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of Approval of the Revised Land Management Plan for the Cibola National Forest.

SUMMARY: Steve Hattenbach, the Forest Supervisor for the Cibola National Forest, Southwestern Region, signed the record of decision (ROD) for the Cibola National Forest Land Management Plan (LMP). The final ROD documents the rationale for approving the LMP and is consistent with the Reviewing Officer's responses to objections and instructions.

DATES: The revised LMP for the Cibola National Forest will become effective August 15, 2022 (36 CFR 219.17(a)(1)).

ADDRESSES: To view the signed ROD, Final Environmental Impact Statement (FEIS), LMP, and other related documents, please visit the Cibola National Forest Plan Revision website at: <https://www.fs.usda.gov/main/cibola/landmanagement/planning>. A legal notice of approval is also being published in the Cibola National Forest's newspaper of record, *The Albuquerque Journal*. A copy of this legal notice will be posted on the Cibola National Forest website listed above.

FOR FURTHER INFORMATION CONTACT: Jay Turner, Staff Officer, Cibola National Forest at James.Turner1@usda.gov or 505-346-3814.

Individuals who use telecommunication devices for the hearing-impaired (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 24 hours a day, every day of the year, including holidays. Written requests for information may be sent to Cibola National Forest, Attn: Plan Revision,

2113 Osuna Rd. NE, Albuquerque, NM 87113.

SUPPLEMENTARY INFORMATION: The Cibola National Forest covers four ranger districts and more than 1.6 million acres across 10 counties in central New Mexico. The LMP was developed pursuant to the 2012 Forest Service Planning Rule (36 CFR 219) and will replace the 1985 LMP. The LMP describes desired conditions, objectives, standards, guidelines, and land suitability for project and activity decision-making and will guide all resource management activities on the Forest. The Cibola National Forest plays a unique role supporting and partnering with communities in central New Mexico, as well as throughout the southwestern United States, by providing economic benefits including fuelwood and livestock grazing, and abundant recreational opportunities. The development of the LMP was shaped by the best available scientific information, current laws, and public input.

The Cibola National Forest initiated the plan revision in 2012, engaging with the public frequently and innovatively throughout the planning process. This effort has included conventional public meetings, collaborative work sessions, information sharing via social media, and the development of self-convening collaborative groups. The public, cooperating agencies, district collaboratives, and Tribes contributed well over 3,500 comments throughout the plan revision process from 2012 to 2019. The Cibola National Forest engaged in government-to-government consultation with 17 tribes during the LMP revision, ensuring tribal-related plan direction accurately reflects the Cibola National Forest's trust responsibilities and government-to-government relationship with the tribes.

A draft ROD, LMP, and FEIS were released in September 2021, initiating a 60-day objection filing period that closed November 2, 2021. The Cibola National Forest received six eligible objections. Through a comprehensive review of each objection, the Forest Service identified a variety of issues. Following the objection review, the Reviewing Officer held objection resolution meetings with objectors and interested persons. Based on these meetings, the Reviewing Officer issued a written response on May 24, 2022. The

Cibola National Forest addressed instructions from the Reviewing Officer in the ROD, LMP, and FEIS.

Responsible Official

The Responsible Official for approving the LMP is Steve Hattenbach, Forest Supervisor, Cibola National Forest. The Responsible Official approving the list of species of conservation concern is Michiko Martin, Regional Forester, Southwestern Region.

Dated: July 12, 2022.

Deborah Hollen,

Acting Associate Deputy Chief, National Forest System.

BILLING CODE 3411-15-P

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent to Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, Agriculture (USDA).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Annual Organic Survey. USDA's Risk Management Agency (RMA) typically funds an organic production and practices survey in years where the Census of Agriculture Special Study for Organics isn't conducted. The next Special Study is planned for 2025 (enumerated in early 2026), so this request will include only the surveys that are funded by USDA-RMA for crop years 2022 to 2024. A minor revision to burden hours will be needed to account for the anticipated data collection plan for the upcoming surveys along with adding some cognitive interviews to test requested changes to the annual surveys.

DATES: Comments on this notice must be received by September 13, 2022 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0249,

Organic Survey, by any of the following methods:

- *Email:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *E-fax:* (855) 838-6382.

• *Mail:* Mail any paper, disk, or CD-ROM submissions to: Richard Hopper, NASS Clearance Officer, U.S.

Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

• *Hand Delivery/Courier:* Hand deliver to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202)720-2707. Copies of this information collection and related instructions can be obtained without charge from Richard Hopper, NASS—OMB Clearance Officer, at (202)720-2206 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Organic Survey.

OMB Control Number: 0535-0249.

Type of Request: Intent to Seek Renewal of an Information Collection.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition as well as economic statistics, farm numbers, land values, on-farm pesticide usage, pest crop management practices, as well as the Census of Agriculture.

Originally, the Organic Survey was designed to be conducted once every five years as a mandatory, follow-on-survey to the 2007 Census of Agriculture and then every five years after that. In 2011, the docket was renewed to include that the survey was changed to accommodate a cooperative agreement between NASS and the USDA Risk Management Agency (RMA). Specifically, the survey was changed to a voluntary survey that was to be conducted annually if funding permitted, and it would allow for a rotation of target crops each year. With the completion of the 2012 Census of Agriculture, NASS renewed the Organic Survey again and returned it to its' original scope of questions and the mandatory reporting requirement. After the completion of the 2014 Organic Survey, NASS renewed its' cooperative agreement with RMA to conduct the shorter questionnaire on an annual basis.

The sample will consist of all certified organic operations, operations exempt from organic certification (value of sales < \$5,000), and operations with acres transitioning into organic certification from the most recent published Census of Agriculture as well as organic operations currently on the NASS list frame. The survey will be conducted in all States. Some operation level data will be collected to use in classifying each operation for summary purposes. The majority of the questions will involve production data (acres planted, acres harvested, quantity harvested, quantity sold, livestock produced and sold, value of sale, etc.), and marketing and production practices.

Depending on annual funding, approximately 26,000 operations will be contacted by mail in early January, with a second mailing later in the month to non-respondents. Respondents will be able to complete the questionnaire by use of the internet, if they so choose. Telephone and personal enumeration will be used for remaining non-response follow-up. If the survey is funded, the National Agricultural Statistics Service will publish summaries in December at both the State level and for each major organic commodity when possible. Due to confidentiality rules, some State level data may be combined and published at the regional or national level to prevent disclosure of individual operation's data.

This collection of data will support requirements within the Agricultural Act of 2014. Under Section 11023 some of the duties of the Federal Crop Insurance Corporation (FCIC) are defined as "(i) IN GENERAL—As soon as possible, but not later than the 2015 reinsurance year, the Corporation shall offer producers of organic crops price elections for all organic crops produced in compliance with standards issued by the Department of Agriculture under the national organic program established under the Organic Foods Production Act of 1990 (7 U.S.C. 6501 *et seq.*) that reflect the actual retail or wholesale prices, as appropriate, received by producers for organic crops, as determined by the Secretary using all relevant sources of information. "(ii) ANNUAL REPORT.—The Corporation shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate an annual report on progress made in developing and improving Federal crop insurance for organic crops, including—“(I) the numbers and varieties of organic crops insured; “(II) the progress of implementing the price elections required under this

subparagraph, including the rate at which additional price elections are adopted for organic crops; “(III) the development of new insurance approaches relevant to organic producers; and “(IV) any recommendations the Corporation considers appropriate to improve Federal crop insurance coverage for organic crops”.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Public Law 115-435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 40 minutes per response.

Respondents: Farmers and Ranchers.

Estimated Number of Respondents: 26,000.

Estimated Total Annual Burden on Respondents: 18,000 hours (based on an estimated 80% response rate, using 2 mail attempts, 2 postcard mailings, followed by phone and personal enumeration for non-respondents).

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical,

technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, July 5, 2022.

Kevin L. Barnes,

Associate Administrator.

BILLING CODE 3410–20–P

COMMISSION ON CIVIL RIGHTS

Sunshine Act Meeting

AGENCY: United States Commission on Civil Rights.

ACTION: Notice of Commission public business meeting.

DATES: Friday, July 22, 2022, 12:00 p.m. EST.

ADDRESSES: Meeting to take place virtually and is open to the public via livestream on the Commission's YouTube page: <https://www.youtube.com/user/USCCR/videos>.

FOR FURTHER INFORMATION CONTACT:

Angelia Rorison: 202–376–8371; publicaffairs@usccr.gov.

SUPPLEMENTARY INFORMATION: In accordance with the Government in Sunshine Act (5 U.S.C. 552b), the Commission on Civil Rights is holding a meeting to discuss the Commission's business for the month. This business meeting is open to the public. Computer assisted real-time transcription (CART) will be provided. The web link to access CART (in English) on Friday, July 22, 2022, is <https://www.streamtext.net/player?event=USCCR>. Please note that CART is text-only translation that occurs in real time during the meeting and is not an exact transcript.

Meeting Agenda

- I. Approval of Agenda
- II. Business Meeting
 - A. Presentations by State Advisory Committee Chairs on Released Reports and Memorandums
 - B. Discussion and Vote on Advisory Committee Appointments
 - C. Discussion and Vote on 2023 and 2024 Topics for USCCR Reports
 - D. Management and Operations
 - Staff Director's Report
- III. Adjourn Meeting

Dated: July 13, 2022.

Angelia Rorison,

USCCR Media and Communications Director.

BILLING CODE 6335–01–P

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Annual Survey of School System Finances

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 28, 2022 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: Annual Survey of School System Finances.

OMB Control Number: 0607–0700.

Form Number(s): F–33, Supplemental forms: F–33–L1, F–33–L2 and F–33–L3.

Type of Request: Regular submission, Request for a Revision of a Currently Approved Collection.

Number of Respondents: F–33: 51, Supplemental: 3,630.

Average Hours per Response: F–33: 70 hours, 45 minutes, Supplemental: 15 minutes.

Burden Hours: 4,465.

Needs and Uses: The U. S. Census Bureau plans to continue the current Office of Management and Budget clearance for the Annual Survey of School System Finances with revisions. The Annual Survey of School System Finances is the only comprehensive source of pre-kindergarten through 12th grade public elementary-secondary school system finance data collected on a nationwide scale using uniform definitions, concepts, and procedures. The collection covers the revenues, expenditures, debt, and assets of all public elementary-secondary school systems. This data collection has been cosponsored by and coordinated with the National Center for Education Statistics (NCES). The NCES uses this collection to satisfy its need for school finance data.

Fiscal data provided by respondents aid data users in measuring the

effectiveness of resource allocation. The products of this data collection make it possible for data users to search a single database to obtain information on such things as per pupil expenditures and the percent of state, local, and federal funding for each school system. Elementary-secondary education related spending is the single largest financial activity of state and local governments. Education finance statistics provided by the Census Bureau allow for analyses of how public elementary-secondary school systems receive their funding and how they are spending their funds.

The Annual Survey of School System Finances was revised for the fiscal year (FY) 2020 collection to include 12 new data items in response to the COVID–19 pandemic. Six revenue data items and six expenditure items were added to the survey to collect financial information from school systems concerning the Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020. The survey was then revised again for the FY 2021 collection in response to new legislation passed due to the COVID–19 pandemic, including the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) and the American Rescue Plan (ARP). Four new revenue items were added to the survey to collect financial data based on these two new legislative acts and two obsolete revenue items added in FY 2020 in response to the COVID–19 pandemic were removed from the survey. Two new expenditure items were also added to expand the scope of financial data collected concerning COVID–19 federal assistance funds.

This proposed revision to the Annual Survey of School System Finances is to further expand the collection of expenditure data for COVID–19 federal assistance funds. The CARES Act of 2020 established several relief funds that would be made available to school systems, including the Elementary and Secondary School Emergency Relief (ESSER) Fund, the Governor's Emergency Education Relief (GEER) Fund, and the Coronavirus Relief Fund (CRF). Subsequent legislation such as the CRRSA and the ARP further funded these sources and established additional funds made available to school systems, including the ARP Act Coronavirus State and Local Fiscal Recovery Funds. In response to these various funds being established and utilized by school systems, 21 new data items will be added to the survey to collect data on expenditures from these funding sources. Three data items collecting data for current expenditures, instructional expenditures, and capital outlay expenditures will be added for seven
