COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Proposed Additions and Deletions

AGENCY: Committee for Purchase From
People Who Are Blind or Severely
Disabled.

ACTION: Proposed additions the
Procurement List.

SUMMARY: The Committee is proposing
to add service(s) to the Procurement List
that will be furnished by nonprofit
agencies employing persons who are
blind or have other severe disabilities.

DATES: Comments must be received on
or before: August 14, 2022.

ADDRESSES: Committee for Purchase
From People Who Are Blind or Severely
Disabled, 1401 S Clark Street, Suite 715,
Arlington, Virginia, 22202-4149.

FOR FURTHER INFORMATION CONTACT: For
further information or to submit
comments contact: Michael R.
Jurkowski, Telephone: (703) 785-6404,
or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION: This
notice is published pursuant to 41
U.S.C. 8503(a)(2) and 41 CFR 51-2.3. Its
purpose is to provide interested persons
an opportunity to submit comments on
the proposed actions.

Additions

If the Committee approves the
proposed additions, the entities of the
Federal Government identified in this
notice will be required to procure the
service(s) listed below from nonprofit
agencies employing persons who are
blind or have other severe disabilities.

The following service(s) are proposed
for addition to the Procurement List for
production by the nonprofit agencies
listed:

Service(s)

Service Type: Facilities Support Services
Mandatory for: US Navy, Naval Sea Systems
Command, Southwest Regional
Maintenance Center, Naval Base San
Diego, Naval Base Coronado (North
Island), and Naval Base Point Loma, San
Diego, CA

Designated Source of Supply: Professional
Contract Services, Inc., Austin, TX
Contracting Activity: DEPT OF THE NAVY,
SOUTHWEST REGIONAL MAINT

CENTER

Michael R. Jurkowski,
Acting Director, Operations.

DEPARTMENT OF DEFENSE

Department of the Army

Public Scoping for Environmental Impact Statement—Real Estate Transaction and Related Utilities Infrastructure Upgrade at U.S. Army Garrison—West Point and Vicinity

AGENCY: Department of the Army,
Department of Defense (DoD).

ACTION: Notice of Intent (NOI).

SUMMARY: Pursuant to the National
Environmental Policy Act of 1969
(NEPA), as implemented by Council on
Environmental Quality regulations, the
Department of the Army announces its
intent to prepare an environmental
impact statement (EIS) to analyze a real
estate transaction and a related utilities
infrastructure upgrade. The real estate
transaction would alter, where
necessary, an existing transmission line
easement at West Point, NY, and would
grant to Orange and Rockland Utilities
(O&R) a new 150-foot-wide transmission
line easement at West Point. These
measures would allow O&R to upgrade
its existing 34.5-kilovolt (kV) electrical
transmission line and associated
infrastructure between its Woodbury
Transition Station (in the Town of
Woodbury, NY), West Point, NY, and
the neighboring Village of Highland
Falls, NY. The EIS will evaluate the
environmental impact of the Proposed
Action, to include its impact on
adjacent properties.

DATES: Comments must be received by
August 29, 2022.

ADDRESSES: Please send any written
comments or questions to Mr.
Christopher Pray via email
(christopher.c.pray.civ@army.mil) or via
regular mail: U.S. Army Garrison—West
Point NEPA Coordinator (Attn: AMIM-
MLP-E), Building 667A, Ruger Road,
West Point, NY 10996.

FOR FURTHER INFORMATION CONTACT: Mr.
Christopher Pray at the above addresses
or at phone number (845) 938-7122.

SUPPLEMENTARY INFORMATION: The
purpose of the Proposed Action is to
allow O&R to expand transmission
capacity and ensure system redundancy.
The Proposed Action is needed because
West Point's electric demand is nearing
total system capacity. There is no
backup in case of emergency and/or

planned outages. The current 34.5kV
system consists of two 19-megawatt
(MW) circuits (38MW total). No reserve
capacity exists in either circuit,
resulting in a lack of redundant
capabilities for a significant number of
hours each year. Because the
neighboring communities of Highland
Falls and Fort Montgomery both receive
their electricity from the same 34.5kV
system that supplies West Point, these
municipalities would also benefit from
having a fully redundant electrical
system. The Proposed Action would
increase overall energy resiliency.
Implementing the Proposed Action
would allow U.S. Army Garrison—West
Point (USAG—West Point) to continue
to improve and modernize the
educational facilities and infrastructure
of the U.S. Military Academy as part of
USAG—West Point's larger master
planning efforts.

The Proposed Action includes the
following steps:

- USAG—West Point would enter
into a real estate transaction with O&R
to alter, where necessary, the alignment
of the existing transmission line
easement along approximately eight
miles of West Point property and grant
a new, approximately one-mile-long,
150-foot-wide easement on West Point
property to connect the upgraded
transmission line to a new Wilson Gate
Collocated Substation at West Point.
- O&R would construct two
temporary, overhead (OH), 34.5kV
transmission lines where necessary to
maintain service. O&R would use
existing transmission lines to the
greatest extent possible.
- O&R would install a mobile
substation at the O&R Dean Substation
on Mine Torne Road at West Point.
- O&R would decommission the
existing 34.5kV transmission line to
West Point, Highland Falls, and Fort
Montgomery.
- O&R would construct an upgraded
138kV transmission line, an upgraded
O&R Dean Substation, a new three-way
switching station along the transmission
line easement outside the O&R Dean
Substation, an upgraded O&R Harriman
Substation (in the Town of Woodbury,
NY), and an upgraded USAG—West
Point Delafield Substation. USAG—
West Point and O&R would then
construct a new, co-owned, Wilson Gate
Collocated Substation at West Point.
- O&R would decommission the
temporary, OH, 34.5kV transmission
line, the O&R Highland Falls Substation,
and the existing USAG—West Point
Wilson Gate Substation.

The transmission line upgrade would
require additional real estate
transactions between O&R and the State
