NMFS issues permits based on finding that such permits: (1) are applied for in good faith; (2) if granted and exercised, would not operate to the disadvantage of the listed species that are the subject of the permit; and (3) are consistent with the purposes and policy of section 2 of the ESA. The authority to take listed species is subject to conditions set forth in the permits.

## COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

### Procurement List; Additions and Deletions

**AGENCY:** Committee for Purchase From People Who Are Blind or Severely Disabled.

**ACTION:** Additions to and deletions from the Procurement List.

**SUMMARY:** This action adds service(s) to the Procurement List that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes service(s) from the Procurement List previously furnished by such agencies.

**DATES:** *Date added to the Procurement List:* July 31, 2022; *Date deleted from the Procurement List:* August 14, 2022.

**ADDRESSES:** Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S Clark Street, Suite 715, Arlington, Virginia, 22202–4149.

**FOR FURTHER INFORMATION CONTACT:** Michael R. Jurkowski, Telephone: (703) 785–6404, or email [CMTEFedReg@AbilityOne.gov](mailto:CMTEFedReg@AbilityOne.gov).

### SUPPLEMENTARY INFORMATION:

#### Additions

On 4/29/2022, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51–2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product(s) and service(s) and impact of the additions on the current or most

recent contractors, the Committee has determined that the product(s) and service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the product(s) and service(s) to the Government.

2. The action will result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

### End of Certification

Accordingly, the following service(s) are added to the Procurement List:

#### Service(s)

*Service Type:* Custodial Service  
*Mandatory for:* OPM, Theodore Roosevelt Building, Washington, DC

*Designated Source of Supply:* Melwood Horticultural Training Center, Inc., Upper Marlboro, MD

*Contracting Activity:* OFFICE OF PERSONNEL MANAGEMENT, OPM PHILADELPHIA REGION CONTRACTING

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the Office of Personnel Management (OPM), Custodial, Recycling & Snow Removal Services, Theodore Roosevelt Building, Washington DC contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the OPM will refer its business elsewhere, this addition must be effective on July 31, 2022, ensuring timely execution for an August 1, 2022, start date while still allowing 16 days for comment. Pursuant to its own regulation 41 CFR 51–2.4, the Committee has been determined that no severe adverse impact exists on the incumbent contractor. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on April

29, 2022 and did not receive any comments from any interested persons, including from the incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

### Deletions

On 4/1/2022 and 4/8/2022, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. This notice is published pursuant to 41 U.S.C. 8503 (a)(2) and 41 CFR 51–2.3.

After consideration of the relevant matter presented, the Committee has determined that the product(s) and service(s) listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

### Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) deleted from the Procurement List.

### End of Certification

Accordingly, the following service(s) are deleted from the Procurement List:

#### Public Scoping for Environmental Impact Statement—Real Estate Transaction and Related Utilities Infrastructure Upgrade at U.S. Army Garrison—West Point and Vicinity

**AGENCY:** Department of the Army,  
Department of Defense (DoD).

**ACTION:** Notice of Intent (NOI).

**SUMMARY:** Pursuant to the National  
Environmental Policy Act of 1969  
(NEPA), as implemented by Council on  
Environmental Quality regulations, the  
Department of the Army announces its  
intent to prepare an environmental  
impact statement (EIS) to analyze a real  
estate transaction and a related utilities  
infrastructure upgrade. The real estate  
transaction would alter, where  
necessary, an existing transmission line  
easement at West Point, NY, and would  
grant to Orange and Rockland Utilities  
(O&R) a new 150-foot-wide transmission  
line easement at West Point. These  
measures would allow O&R to upgrade  
its existing 34.5-kilovolt (kV) electrical  
transmission line and associated  
infrastructure between its Woodbury  
Transition Station (in the Town of  
Woodbury, NY), West Point, NY, and  
the neighboring Village of Highland  
Falls, NY. The EIS will evaluate the  
environmental impact of the Proposed  
Action, to include its impact on  
adjacent properties.

**DATES:** Comments must be received by  
August 29, 2022.

**ADDRESSES:** Please send any written  
comments or questions to Mr.  
Christopher Pray via email  
([christopher.c.pray.civ@army.mil](mailto:christopher.c.pray.civ@army.mil)) or via  
regular mail: U.S. Army Garrison—West  
Point NEPA Coordinator (Attn: AMIM-  
MLP-E), Building 667A, Ruger Road,  
West Point, NY 10996.

**FOR FURTHER INFORMATION CONTACT:** Mr.  
Christopher Pray at the above addresses  
or at phone number (845) 938-7122.

**SUPPLEMENTARY INFORMATION:** The  
purpose of the Proposed Action is to  
allow O&R to expand transmission  
capacity and ensure system redundancy.  
The Proposed Action is needed because  
West Point's electric demand is nearing  
total system capacity. There is no  
backup in case of emergency and/or

planned outages. The current 34.5kV  
system consists of two 19-megawatt  
(MW) circuits (38MW total). No reserve  
capacity exists in either circuit,  
resulting in a lack of redundant  
capabilities for a significant number of  
hours each year. Because the  
neighboring communities of Highland  
Falls and Fort Montgomery both receive  
their electricity from the same 34.5kV  
system that supplies West Point, these  
municipalities would also benefit from  
having a fully redundant electrical  
system. The Proposed Action would  
increase overall energy resiliency.  
Implementing the Proposed Action  
would allow U.S. Army Garrison—West  
Point (USAG—West Point) to continue  
to improve and modernize the  
educational facilities and infrastructure  
of the U.S. Military Academy as part of  
USAG—West Point's larger master  
planning efforts.

The Proposed Action includes the  
following steps:

- USAG—West Point would enter  
into a real estate transaction with O&R  
to alter, where necessary, the alignment  
of the existing transmission line  
easement along approximately eight  
miles of West Point property and grant  
a new, approximately one-mile-long,  
150-foot-wide easement on West Point  
property to connect the upgraded  
transmission line to a new Wilson Gate  
Collocated Substation at West Point.
- O&R would construct two  
temporary, overhead (OH), 34.5kV  
transmission lines where necessary to  
maintain service. O&R would use  
existing transmission lines to the  
greatest extent possible.
- O&R would install a mobile  
substation at the O&R Dean Substation  
on Mine Torne Road at West Point.
- O&R would decommission the  
existing 34.5kV transmission line to  
West Point, Highland Falls, and Fort  
Montgomery.
- O&R would construct an upgraded  
138kV transmission line, an upgraded  
O&R Dean Substation, a new three-way  
switching station along the transmission  
line easement outside the O&R Dean  
Substation, an upgraded O&R Harriman  
Substation (in the Town of Woodbury,  
NY), and an upgraded USAG—West  
Point Delafield Substation. USAG—  
West Point and O&R would then  
construct a new, co-owned, Wilson Gate  
Collocated Substation at West Point.
- O&R would decommission the  
temporary, OH, 34.5kV transmission  
line, the O&R Highland Falls Substation,  
and the existing USAG—West Point  
Wilson Gate Substation.

The transmission line upgrade would  
require additional real estate  
transactions between O&R and the State
