DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–7062–N–06]

Privacy Act of 1974; System of Records

AGENCY: Office of Chief Human Capitol Officer, Privacy Office, HUD.

ACTION: Notice of a rescindment of a system of record.

SUMMARY: The Single Family Insurance System—Claims Subsystem (CLAIMS) is operated to process single family insurance claims against defaulted loans the Federal Housing Administration insures. Pursuant to the provisions of the Privacy Act of 1974, as amended, the Department of the Housing and Urban Development (HUD) is issuing a public notice of its intent to rescind the Deputy Assistant Secretary for Finance and Budget, Federal Housing Administration, Single Family Post Insurance Division Privacy Act system of record, *HSNG.SF/HWAA.02*: Single Family Insurance System—Claims Subsystem (CLAIMS), due to the system not qualifying as a Privacy Act System of Record.

DATES: This System of Records rescindment is effective upon publication, July 22, 2022. The specific date for when this system ceased to be a Privacy Act System of Records is July 27, 2021.

SUPPLEMENTARY INFORMATION: The Single Family Insurance System—Claims Subsystem (CLAIMS) was evaluated and identified for rescindment from the Finance and Budget Office of Housing Single Family Post Insurance Division Privacy Act systems of records inventory. The CLAIMS SORN was filed pursuant to the Department’s Title II Claims Insurance Benefits Program. CLAIMS receives, edits, controls, monitors, and authorizes payment for all Single Family mortgage insurance claims benefits to FHA approved Mortgagees for loans HUD insures. The latest SORN for CLAIMS was published in the **Federal Register** on February 26, 2014. The SORN retrieval practice was evaluated, and it was determined that records within the system are not retrieved by an individual’s personal unique identifier including name. CLAIMS records are maintained and retrieved by the Federal Housing Administration (FHA) Case Number; this retrieval practice does not constitute a retrieval for purpose of the Privacy Act. Thus, the CLAIMS SORN is being rescinded. Records collected and used for claims insurance benefits filed by FHA-approved mortgagees will continue to be maintained by CLAIMS.

Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Sand Skink and Blue-Tailed Mole Skink; Polk County, FL; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments and information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from KB Home Orlando, LLC (applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests the ITP to take the federally listed sand skink and blue-tailed mole skink incidental to the construction and operation of a residential development in Polk County, Florida. We request public comment on the application, which includes the applicant’s proposed habitat conservation plan (HCP), and on the Service’s preliminary determination that this HCP qualifies as “low effect,” categorically excluded under the National Environmental Policy Act. To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

DATES: We must receive your written comments on or before August 22, 2022.

ADDRESSES:

Obtaining Documents: You may obtain copies of the documents online in Docket No. FWS–R4–ES–2022–0096 at <https://www.regulations.gov>.

Submitting Comments: If you wish to submit comments on any of the documents, you may do so in writing by one of the following methods:

Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service, announce receipt of an application from KB Home Orlando, LLC for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take the federally listed sand skink (*Neoseps reynoldsi*) and blue-tailed mole-skink (*Eumeces egregius lividus*) (skinks) incidental to the construction of a residential development in Polk County, Florida. We request public comment on the application, which includes the applicant's HCP, and on the Service's preliminary determination that this HCP qualifies as "low effect," categorically excluded under the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*). To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

Project

The applicant requests a 5-year ITP to take skinks via the conversion of approximately 2.85 acres (ac) of occupied nesting, foraging, and sheltering skink habitat incidental to the construction of a residential development on a 15.6-ac parcel in Section 31, Township 28 South, Range 26 East, Polk County, Florida. The applicant proposes to mitigate for take of the skinks by purchasing credits equivalent to 5.7 ac of skink-occupied habitat from a Service-approved conservation bank. The Service would require the applicant to purchase the credits prior to engaging in any phase of the project.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment, including your personal identifying information, may be made available to the public. While you may request that we withhold your personal identifying information, we cannot guarantee that we will be able to do so.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant's project—including the construction of single-family homes, paved roads, green areas, storm water ponds, and associated infrastructure (*e.g.*, electric,

water, and sewer lines)—would individually and cumulatively have a minor or negligible effect on the skinks and the environment. Therefore, we have preliminarily concluded that the ITP for this project would qualify for categorical exclusion and that the HCP is low effect under our NEPA regulations at 43 CFR 46.205 and 46.210. A low-effect HCP is one that would result in (1) minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) minor or negligible effects on other environmental values or resources; and (3) impacts that, when considered together with the impacts of other past, present, and reasonable foreseeable similarly situated projects, would not result in significant cumulative effects to environmental values or resources over time.

Next Steps

The Service will evaluate the application and the comments to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding and other matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number PER0042857 to the KB Home Orlando, LLC.

Authority

The Service provides this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.32) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6 and 43 CFR 46.305).

Division Manager, Environmental Review, Florida Ecological Services Office.

Barred Owl Management Strategy; Intent To Prepare an Environmental Impact Statement; Washington, Oregon, and California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: We, the U.S. Fish and Wildlife Service (USFWS), are developing a proposed barred owl management strategy (management strategy) to address the threat of the nonnative, invasive barred owl (*Strix varia*) to the native northern and California spotted owls (*Strix occidentalis*). Implementation of the management strategy would require the take of barred owls, which is prohibited under the Migratory Bird Treaty Act (MBTA) unless authorized by a permit or regulation. We provide this notice to announce our intent to prepare an environmental impact statement to evaluate the impacts on the human environment related to the proposed management strategy and associated MBTA take authorization. In accordance with the National Environmental Policy Act, we are opening a public scoping comment period to help determine the scope of issues for analysis and announcing a virtual public scoping meeting.

DATES: We will accept online or hardcopy comments. Comments submitted online at <https://www.regulations.gov/> must be received by 11:59 p.m. Eastern Time on August 22, 2022. Hardcopy comments must be received or postmarked on or before August 22, 2022 (see **ADDRESSES**).

Virtual Public Scoping Meeting

We will hold a virtual public meeting during the scoping period. To provide for the attendance of interested parties across the three-State area without requiring travel to an in-person meeting, and to protect the public from potential spread of the COVID-19 virus, the public meeting will be held virtually on July 28, 2022, from 6 to 8 p.m. Pacific time.
