V. Accelerated Approval of the Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the thirtieth day after the date of publication of notice of the filing of Amendment No. 1 in the **Federal Register**. In Amendment No. 1, the Exchange (among other things) clarified

its proposed rule text and supplemented its discussion of why its proposal is consistent with the Exchange Act. Specifically, the Exchange analyzed the requirements of the Specified ETP Listing Rules that address the potential for manipulation and its DMM surveillance regime. This additional information in Amendment No. 1 assisted the Commission in evaluating the Exchange's proposal and in determining that it is consistent with the Exchange Act. Amendment No. 1 does not raise any novel legal issue. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Exchange Act,⁸⁵ to approve the proposed rule change, as modified by Amendment No. 1 on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,⁸⁶ that the proposed rule change (SR-NYSE-2022-04), as modified by Amendment No. 1, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸⁷

J. Matthew DeLesDernier,

Deputy Secretary.

OMB Control Number: 2120–0806.

Title: Bipartisan Infrastructure Law Airport Terminal and Tower Project Information.

Form Numbers: 5100–144.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on May 6, 2022 (87 FR 27200). The FAA will use this collection to solicit the information necessary to evaluate and select airport terminal and tower projects for funding under the Bipartisan Infrastructure Law (BIL),

signed on November 15, 2021. The BIL provides about \$1,020,000,000 annually, for five years, to award competitive discretionary grants for airport terminal and tower development. Of this amount, about \$1,000,000,000 annually, for five years, is for the Airport Terminal Program, and \$20,000,000 annually, for five years, is for an Airport-owned Contract Tower Program (referred to collectively as “Airport Terminal and Towers Programs”). The information collected is based on grant considerations and priorities outlined in the BIL. Project consideration areas include increasing terminal capacity and passenger access; replacing aging infrastructure; achieving compliance with the Americans with Disabilities Act (42 U.S.C. 12101, *et seq.*) and expanding accessibility for persons with disabilities; improving airport access for historically disadvantaged populations; improving energy efficiency, including upgrading environmental systems, upgrading plant facilities, and achieving Leadership in Energy and Environmental Design (LEED) accreditation standards; improving airfield safety through terminal relocation; encouraging actual and potential competition; and creating good paying jobs. The information FAA is collecting will include general airport information, a project overview, and narratives on project consideration areas as outlined in the BIL. Airport owners and managers who want to pursue funding and obtain benefits from the BIL Airport Terminal and Tower Programs will submit information via FAA Form 5100–144 to compete for grants. Approximately 3,075 airports are eligible to participate in the BIL Airport Terminal Program and about 170 for Tower programs, but FAA expects only a small subset of eligible airports to submit project information through this competitive discretionary grant process.

Respondents: Approximately 755 submissions.

Frequency: Annually.

Estimated Average Burden per Response: 6 Hours.

Estimated Total Annual Burden: 4,530 hours for all submissions.

Issued in Washington, DC.

Robin K. Hunt,

Manager, BIL Implementation Team, Office of Airports.
