

For the reasons discussed above, I certify this proposed regulation:

(1) Is not a “significant regulatory action” under Executive Order 12866,

(2) Would not affect intrastate aviation in Alaska, and

(3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by:

■ a. Removing Airworthiness Directive (AD) 2000–20–15, Amendment 39–11926 (65 FR 60349, October 11, 2000); and

■ b. Adding the following new AD:

Airbus SAS: Docket No. FAA–2022–0986; Project Identifier MCAI–2021–01440–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by September 16, 2022.

(b) Affected ADs

This AD replaces AD 2000–20–15, Amendment 39–11926 (65 FR 60349, October 11, 2000) (AD 2000–20–15).

(c) Applicability

This AD applies to Airbus SAS airplanes identified in paragraphs (c)(1) through (4) of this AD, certificated in any category, as specified in European Union Aviation Safety Agency (EASA) AD 2021–0288, dated December 21, 2021 (EASA AD 2021–0288).

(1) Model A300 B2–1C, B2K–3C, B2–203, B4–2C, B4–103, and B4–203 airplanes.

(2) Model A300 B4–603 and B4–622 airplanes.

(3) Model A300 B4–605R and B4–622R airplanes.

(4) Model A300 F4–605R airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 53, Fuselage.

(e) Unsafe Condition

This AD was prompted by cracking of the rear fittings of fuselage frame FR40 at stringer 27, and a determination that reduced

compliance times are necessary. The FAA is issuing this AD to address fatigue cracking of the rear fittings of fuselage frame FR40 at stringer 27, which could result in reduced structural integrity of the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Requirements

Except as specified in paragraphs (h) and (i) of this AD: Comply with all required actions and compliance times specified in, and in accordance with, EASA AD 2021–0288.

(h) Exceptions to EASA AD 2021–0288

(1) Where paragraph (1) of EASA AD 2021–0288 specifies, for certain conditions, using the compliance time and repetitive intervals “in the applicable SB,” and where “the applicable SB” specifies that the “1st inspection will be done within [a specified number of flight cycles] after receipt of the Service Bulletin,” this AD requires compliance within the specified number of flight cycles after the effective date of this AD.

(2) Where EASA AD 2021–0288 refers to its effective date, this AD requires using the effective date of this AD.

(3) The “Remarks” section of EASA AD 2021–0288 does not apply to this AD.

(i) No Reporting Requirement

Although the service information referenced in EASA AD 2021–0288 specifies to submit certain information to the manufacturer, this AD does not include that requirement.

(j) Additional FAA AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, Large Aircraft Section, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the Large Aircraft Section, International Validation Branch, send it to the attention of the person identified in paragraph (k)(2) of this AD. Information may be emailed to: 9-AVS-AIR-730-AMOC@faa.gov.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain instructions from a manufacturer, the instructions must be accomplished using a method approved by the Manager, Large Aircraft Section, International Validation Branch, FAA; or EASA; or Airbus SAS’s EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(k) Related Information

(1) For EASA AD 2021–0288, contact EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000; email ADs@easa.europa.eu; internet

www.easa.europa.eu. You may find this EASA AD on the EASA website at <https://ad.easa.europa.eu>. You may view this material at the FAA, Airworthiness Products Section, Operational Safety Branch, 2200 South 216th St., Des Moines, WA. For information on the availability of this material at the FAA, call 206–231–3195. This material may be found in the AD docket at www.regulations.gov by searching for and locating Docket No. FAA–2022–0986.

(2) For more information about this AD, contact Dan Rodina, Aerospace Engineer, Large Aircraft Section, FAA, International Validation Branch, 2200 South 216th St., Des Moines, WA 98198; telephone and fax 206–231–3225; email dan.rodina@faa.gov.

Issued on July 27, 2022.

Christina Underwood,

Acting Director, Compliance & Airworthiness Division, Aircraft Certification Service.

14 CFR Part 71

[Docket No. FAA–2022–0871; Airspace Docket No. 22–AGL–27]

RIN 2120–AA66

Proposed Amendment of Class E Airspace; Multiple Indiana Towns

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E airspace at Indianapolis, IN; Kokomo, IN; Marion, IN; and Sheridan, IN. The FAA is proposing this action due to an airspace review conducted as part of the decommissioning of the Kokomo very high frequency (VHF) omnidirectional range (VOR) as part of the VOR Minimal Operational Network (MON) Program. The names and geographic coordinates of various airports would also be updated to coincide with the FAA’s aeronautical database.

DATES: Comments must be received on or before September 16, 2022.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590; telephone (202) 366–9826, or (800) 647–5527. You must identify FAA Docket No. FAA–2022–0871/Airspace Docket No. 22–AGL–27 at the beginning of your comments. You may also submit comments through the

internet at www.regulations.gov. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays.

FAA Order JO 7400.11F, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT: Jeffrey Claypool, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222-5711.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class E airspace extending upward from 700 feet above the surface at Indianapolis Executive Airport, Indianapolis, IN; Kokomo Municipal Airport, Kokomo, IN; Logansport/Cass County Airport, Logansport, IN, and Peru Municipal Airport, Peru, IN, both contained within the Kokomo, IN, airspace legal description; McKinney Field, Marion, IN; and Sheridan Airport, Sheridan, IN, to support instrument flight rule operations at these airports.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic,

environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2022-0871/Airspace Docket No. 22-AGL-27." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by:

Amending the Class E airspace extending upward from 700 feet above the surface at Indianapolis Executive Airport, Indianapolis, IN, by updating the header of the airspace legal description from "Indianapolis Executive Airport, IN" to "Indianapolis, IN" to comply with changes to FAA Order JO 7400.2N, Procedures for Handling Airspace Matters; removing the cities from the associated airport and heliports to comply with changes to FAA Order JO 7400.2N; updating the names of Clarion North Medical Center Heliport (previously Clarian North Medical Center Heliport), Carmel, IN, and Methodist Hospital of Indiana Inc. Heliport (previously Methodist Hospital of Indiana), Indianapolis, IN, to coincide with the FAA's aeronautical database; removing the point in space geographic coordinates listed in the airspace legal description as they are listed in the header of the airspace legal description and are redundant; and removing the exclusionary language from the airspace legal description as it is not required;

Amending the Class E airspace extending upward from 700 feet above the surface to within a 6.7-mile (decreased from a 7-mile) radius of Kokomo Municipal Airport, Kokomo, IN; amending the extension northeast of Kokomo Municipal Airport to within 3 (decreased from 4) miles each side of the 045° bearing from the Kokomo Municipal: RWY 23-LOC (previously airport) extending from the 6.7-mile (previously 7-mile) radius of the airport to 11.8 (increased from 10.7) miles northeast of the airport; amending the extension southwest of Kokomo Municipal Airport to within 2 (decreased from 4) miles each side of the 225° bearing from the airport extending from the 6.7-mile (previously 7-mile) radius of the airport to 10.7 (decreased from 10.9) miles southwest of the airport; updating the geographic coordinates of Kokomo Municipal Airport to coincide with the FAA's aeronautical database; within a 6.5-mile (decreased from a 7.7-mile) radius of Logansport/Cass County Airport, Logansport, IN; within a 6.4-mile (increased from a 6.3-mile) radius of Peru Municipal Airport, Peru, IN; and removing the point in space geographic coordinates of the Regional Health System Heliport, Kokomo, IN, from the airspace legal description as they are listed in the header of the airspace legal description and are redundant;

Amending the Class E airspace extending upward from 700 feet above the surface to within a 6.5-mile (decreased from a 7-mile) radius of McKinney Field, Marion, IN; adding an extension within 6.9 miles southwest

and 4 miles northeast of the Marion VOR/DME 323° radial extending from the 6.5-mile radius of the airport to 7 miles northwest of the Marion VOR/DME; and updating the name (previously Marion Municipal Airport) and geographic coordinates of the airport to coincide with the FAA’s aeronautical database;

And amending the Class E airspace extending upward from 700 feet above the surface to within a 6.4-mile (decreased from a 6.7-mile) radius of Sheridan Airport, Sheridan, IN; removing the exclusionary language as it is not required; and updating the geographic coordinates of the airport to coincide with the FAA’s aeronautical database.

This action is due to an airspace review conducted as part of the decommissioning of the Kokomo VOR, which provided navigation information for the instrument procedures at these airports, as part of the VOR MON Program.

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in FAA Order JO 7400.11.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL IN E5 Indianapolis, IN [Amended]

Indianapolis Executive Airport, IN (Lat. 40°01’50” N, long. 86°15’05” W)
Clarion North Medical Center Heliport, IN, Point In Space Coordinates (Lat. 39°56’53” N, long. 86°09’20” W)
Methodist Hospital of Indiana Inc. Heliport, IN, Point In Space Coordinates (Lat. 39°47’00” N, long. 86°10’27” W)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Indianapolis Executive Airport; and within a 6-mile radius of the Clarion North Medical Center Heliport point in space coordinates; and within a 6-mile radius of the Methodist Hospital of Indiana Inc. Heliport point in space coordinates.

* * * * *

AGL IN E5 Kokomo, IN [Amended]

Kokomo Municipal Airport, IN (Lat. 40°31’40” N, long. 86°03’35” W)
Kokomo Municipal: RWY 23–LOC (Lat. 40°31’09” N, long. 86°04’19” W)
Grissom Air Reserve Base, IN (Lat. 40°38’53” N, long. 86°09’08” W)
Grissom Air Reserve Base ILS Localizer Northeast (Lat. 40°37’59” N, long. 86°10’18” W)

Grissom Air Reserve Base ILS Localizer Southwest

(Lat. 40°39’56” N, long. 86°07’47” W)

Logansport/Cass County Airport, IN

(Lat. 40°42’41” N, long. 86°22’22” W)

Peru Municipal Airport, IN

(Lat. 40°47’09” N, long. 86°08’47” W)

Regional Health System Heliport, IN, Point In Space Coordinates

(Lat. 40°26’47” N, long. 86°08’23” W)

That airspace extending upward from 700 feet above the surface within a 6.7-mile radius of Kokomo Municipal Airport; and within 3 miles each side of the 045° bearing from the Kokomo Municipal: RWY 23–LOC extending from the 6.7-mile radius of the Kokomo Municipal Airport to 11.8 miles northeast of the airport; and within 2 miles each side of the 225° bearing from the Kokomo Municipal Airport extending from the 6.7-mile radius of the airport to 10.7 miles southwest of the airport; and within a 7-mile radius of Grissom Air Reserve Base; and within 3.8 miles each side of the Grissom Air Reserve Base ILS Localizer Northeast course extending from the 7-mile radius of Grissom Air Reserve Base to 14.5 miles northeast of Grissom Air Reserve Base; and within 2 miles each side of the Grissom Air Reserve Base ILS Localizer Southwest course extending from the 7-mile radius of Grissom Air Reserve Base to 14.5 miles southwest of Grissom Air Reserve Base; and within a 6.5-mile radius of Logansport/Cass County Airport; and within a 6.4-mile radius of Peru Municipal Airport; and within a 6-mile radius of the Regional Health System Heliport point in space coordinates.

* * * * *

AGL IN E5 Marion, IN [Amended]

McKinney Field, IN (Lat. 40°29’24” N, long. 85°40’47” W)
Marion VOR/DME (Lat. 40°29’36” N, long. 85°40’45” W)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of McKinney Field; and within 6.9 miles southwest and 4 miles northeast of the Marion VOR/DME 323° radial extending from the 6.5-mile radius of the airport to 7 miles northwest of the Marion VOR/DME.

* * * * *

AGL IN E5 Sheridan, IN [Amended]

Sheridan Airport, IN (Lat. 40°10’41” N, long. 86°13’01” W)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of the Sheridan Airport.

Issued in Fort Worth, Texas, on July 27, 2022.

Martin A. Skinner,

Acting Manager, Operations Support Group, ATO Central Service Center.
