ENVIRONMENTAL PROTECTION AGENCY

[FRL-10094-01-OW]

Notice of Public Webinar of the Environmental Financial Advisory Board (EFAB) via Teleconference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public webinar.

SUMMARY: The Environmental Protection Agency (EPA)'s Environmental Financial Advisory Board (EFAB) will hold a public webinar for the third installment of a Pollution Prevention Finance Forum to support the EFAB Pollution Prevention workgroup and its charge (<https://www.epa.gov/waterfinancecenter/efab#meeting>). Due to interest from the full Board, this webinar is being opened to the public.

DATES: The webinar will be held on August 23, 2022, from 12 p.m. to 1:30 p.m. (Eastern Time).

ADDRESSES: The webinar will be conducted via teleconference only and is open to the public. Interested persons must register in advance at the weblink below to access the webinar.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants information about the webinar may contact Tara Johnson via telephone/voicemail at (202) 564-6186 or email to efab@epa.gov. General information concerning the EFAB is available at <https://www.epa.gov/waterfinancecenter/efab>.

SUPPLEMENTARY INFORMATION:

Background: The EFAB is an EPA advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, to provide advice and recommendations to EPA on innovative approaches to funding environmental programs, projects, and activities. Administrative support for the EFAB is provided by the Water Infrastructure and Resiliency Finance Center within EPA's Office of Water. Pursuant to FACA and EPA policy, notice is hereby given that the EFAB will hold a public webinar for the following purpose:

The Pollution Prevention Finance Forum is a series of webinars that explore opportunities and challenges in financing sustainability, with an initial focus on advancing opportunities for small and medium-sized manufacturing businesses. The purpose of the third Forum webinar is to assess partnership models and explore potential partnership opportunities and distribution networks for pollution prevention (P2) projects. P2, also known as source reduction, is any practice that reduces, eliminates, or prevents pollution at its source prior to recycling, treatment, or disposal. More information can be found at <https://www.epa.gov/p2>.

The webinar is open to the public, but no oral public comments will be accepted during the webinar. Written public comments relating to the Forum and the EFAB's Pollution Prevention workgroup should be provided in accordance with the instructions below on written statements.

Registration for the Meeting: Register for the webinar at https://www.zoomgov.com/webinar/register/WN_mzc_c2tRR060-cBHZNS8Jg.

Availability of Meeting Materials: Webinar materials (including an agenda and background materials) will be available on EPA's website at <https://www.epa.gov/waterfinancecenter/efab#meeting>.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees provide independent advice to EPA. Members of the public can submit comments on matters being considered by the EFAB for consideration by members as they develop their advice and recommendations to EPA.

Written Statements: Written statements and questions should be received by August 18, 2022, so that the information can be made available to the EFAB for its consideration. Written statements and questions should be sent via email to efab@epa.gov. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the EFAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities or to request accommodations for a disability, please register for the webinar and list any

special requirements or accommodations needed on the registration form at least 10 business days prior to the meeting to allow as much time as possible to process your request.

Dated: July 28, 2022.

Andrew D. Sawyers,
Director, Office of Wastewater Management,
Office of Water.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2017-0751; FRL-9969-01-OCSPP]

Pesticide Registration Review; Decisions and Case Closures for Several Pesticides; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA’s interim registration review decisions for the following chemicals: Laminarin and Linalool. In addition, this notice announces the closure of the registration review case for nabam and denatonium saccharide because the last U.S. registrations for these pesticides have been canceled.

ADDRESSES: The docket for this action, identified under docket identification (ID) number EPA-HQ-OPP-2017-0751, is available online at <https://www.regulations.gov>. Additional instructions on visiting the docket, along with more information about

dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For pesticide specific information, contact: The Chemical Review Manager for the pesticide of interest identified in Table 1 in Unit IV.

For general information on the registration review program, contact: Melanie Biscoe, Pesticide Re-evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; email address: biscoe.melanie@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the pesticide specific contact person listed under **FOR FURTHER INFORMATION CONTACT**.

II. What is registration review?

Registration review is EPA’s periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. As part of

the registration review process, the Agency has completed interim or final decisions for all pesticides listed in Table 1 in Unit IV. Through this program, EPA is ensuring that each pesticide’s registration is based on current scientific and other knowledge, including its effects on human health and the environment.

III. What is the Agency authority?

EPA is conducting its registration review of the chemicals listed in Table 1 in Unit IV. pursuant to section 3(g) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Procedural Regulations for Registration Review at 40 CFR part 155, subpart C. FIFRA section 3(g) provides, among other things, that the registrations of pesticides are to be reviewed every 15 years. Under FIFRA, a pesticide product may be registered or remain registered only if it meets the statutory standard for registration given in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). When used in accordance with widespread and commonly recognized practice, the pesticide product must perform its intended function without unreasonable adverse effects on the environment; that is, without any unreasonable risk to man or the environment, or a human dietary risk from residues that result from the use of a pesticide in or on food.

IV. What action is the Agency taking?

Pursuant to 40 CFR 155.58, this notice announces the availability of EPA’s interim registration review decisions for the pesticides shown in Table 1. The registration review decisions are supported by rationales included in the docket established for each chemical.

TABLE 1—REGISTRATION REVIEW INTERIM AND FINAL DECISIONS BEING ISSUED

Registration review case name and number	Docket ID No.	Chemical review manager and contact information
Laminarin Case Number 6309	EPA-HQ-OPP-2021-0445	Jennifer Odom, odom.jennifer@epa.gov , (202) 566-1536.
Linalool Case Number 6058	EPA-HQ-OPP-2021-0423	Hannah Dean, dean.hannah@epa.gov , (202) 566-1531.

The proposed interim registration review decisions for the chemicals in the table above were posted to the docket and the public was invited to submit any comments or new information. EPA addressed the comments or information received during the 60-day comment period for the proposed interim decisions in the discussion for each pesticide listed in the table. Comments from the 60-day comment period that were received may or may not have affected the Agency’s interim or final decision. Pursuant to 40 CFR 155.58(c), the registration review

case docket for the chemicals listed in the Table will remain open until all actions required in the decision have been completed.

This document also announces the closure of the registration review case for nabam (Case No. 0641, Docket ID No. EPA-HQ-OPP-2012-0339), and the case closure for denatonium saccharide (Case No. 7625, Docket ID No. EPA-HQ-OPP-2008-0441) because the last U.S. registrations for these pesticides have been canceled.

Background on the registration review program is provided at: <https://www.epa.gov/pesticide-reevaluation>.

Authority: 7 U.S.C. 136 et seq.

Dated: August 2, 2022.

Mary Elissa Reaves,
Director, Pesticide Re-Evaluation Division,
Office of Pesticide Programs.
