Estimate of Burden: 4.98 hours.

Respondents: Not-for-profit institutions and other businesses.

Estimated Number of Respondents: 92,597.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 461,736 hours.

Abstract: The National Environmental Policy Act (NEPA) and other applicable environmental and historic preservation statutes require all Federal agencies to consider the potential environmental consequences of their actions on the quality of the human environment and historic properties before agency decisions are made and prior to it taking an action; in RD's case the "action" is the approval of financial assistance and obligation of Federal funds. To comply with NEPA and other environmental laws, regulations and Executive Orders, RD requires applicants submitting applications for financial assistance to include project-specific environmental information along with other underwriting requirements. The purpose of this information is to evaluate and document the environmental implications of applicant's proposals. The reporting burden covered by this collection of information consists of documents and written burden to support Environmental Policies and Procedures.

Comments are invited on:

(a) Whether the collection of information is necessary for the performance of the functions of the agency, including whether the information will have practical utility;

(b) the accuracy of the agency's estimate of the burden of the collection of information including the validity of the methodology and assumptions used;

(c) ways to enhance the quality, utility and clarity of the information to be collected; and

(d) ways to minimize the burden of the collection of information on respondents, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Copies of this information collection can be obtained from Crystal Pemberton, Management Analyst, Branch 1, Rural Development Innovation Center—Regulations Management Division, United States Department of

Agriculture, 1400 Independence Avenue SW, South Building, Washington, DC 20250–1522. Telephone: (202) 260–8621, Email: Crystal.Pemberton@usda.gov. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
