

will help to inform the response to E.O. 14072 Section 2(b) specifically, which calls on the Secretaries of Agriculture and the Interior, within one year, to define, identify, and complete an inventory of old-growth and mature forests on Federal lands, accounting for regional and ecological variations, as appropriate, and making the inventory publicly available. The document stated that the comment period would close on August 15, 2022. The USDA Forest Service and DOI Bureau of Land Management have received requests by prospective commenters to extend the comment period. An extension of the comment period will provide additional opportunity for the public to consider the RFI and prepare comments to address the questions posed therein. Therefore, USDA Forest Service and DOI Bureau of Land Management are extending the comment period for the RFI from August 15, 2022, until August 30, 2022.

Christopher French,

Deputy Chief, National Forest System, Forest Service.

Tracy Stone-Manning,

Director, Bureau of Land Management.

BILLING CODE 4311-15-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2021-0036]

Joint Record of Decision for the Final Environmental Impact Statement for the Vineyard Wind 1 Offshore Wind Energy Project; Notice of Availability of Record of Decision Supplements

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of availability; record of decision (ROD) supplements.

SUMMARY: BOEM announces the availability of two supplements to the joint ROD on the final environmental impact statement (FEIS) for the construction and operations plan (COP) submitted by Vineyard Wind 1 LLC (Vineyard Wind 1). The joint ROD included the decisions of the Department of the Interior (DOI), the U.S. Army Corps of Engineers (USACE), and the National Marine Fisheries Service (NMFS) regarding the Vineyard Wind 1 Offshore Wind Energy Project. In the joint ROD, the USACE adopted the FEIS to support its permitting actions under the Rivers and Harbors Act of 1899 (RHA) and Clean Water Act (CWA). The ROD supplements pertain

only to the USACE sections of the joint ROD. They correct clerical errors and clarify a statement. The ROD supplements are available on BOEM's website at <https://www.boem.gov/Vineyard-Wind>.

FOR FURTHER INFORMATION CONTACT:

Jessica Stromberg, Acting Chief, Environment Branch for Renewable Energy, Bureau of Ocean Energy Management, 45600 Woodland Road, VAM-OREP Sterling, Virginia 20166, (703) 787-1730, or jessica.stromberg@boem.gov.

SUPPLEMENTARY INFORMATION: Vineyard Wind 1 plans to construct, operate, maintain, and eventually decommission an 800-megawatt wind energy facility on the Outer Continental Shelf offshore Massachusetts (the Project). The Project and associated export cables would be developed within the range of design parameters outlined in the Vineyard Wind 1 COP, subject to applicable mitigation measures. The Project is located approximately 14 miles southeast of Martha's Vineyard and a similar distance southwest of Nantucket. The approved COP allows the installation of up to 84 wind turbine generators (WTGs) and one or two offshore substations or electrical service platforms. The WTGs would be located in water depths ranging from approximately 37 to 49 meters (121 to 161 feet). The approved COP proposed one export cable landfall near the town of Barnstable, Massachusetts, and onshore construction and staging at the New Bedford Marine Commerce Terminal.

As documented in the joint ROD, after carefully considering the FEIS alternatives, including comments from the public on the draft and supplemental EISs, DOI decided to approve the COP for Vineyard Wind 1, NMFS decided to adopt BOEM's FEIS and issue a final incidental harassment authorization to Vineyard Wind 1, and USACE decided to adopt BOEM's FEIS and issue a Department of the Army (DA) permit pursuant to section 404 of the CWA (33 U.S.C. 1344) and section 10 of the RHA (33 U.S.C. 403). The DA permit authorizes Vineyard Wind 1 to discharge fill below the high tide line of waters of the United States and to perform work and place structures below the mean high-water mark of navigable waters of the United States.

Subsequent to the issuance of the joint ROD and prior to the issuance of the DA permit, USACE issued a ROD supplement correcting several clerical errors regarding the Project's offshore export cable corridor length and the total acreage of transmission-cable scour

protection to be authorized under the DA permit.

Following the issuance of the DA permit, USACE issued a second ROD supplement. That supplement corrected a clerical error that had resulted in a portion of USACE's public interest determination being cut off mid-sentence and clarified an incorrect statement in the "General Public Interest Review" section of the USACE portion of the joint ROD.

The USACE portion of the joint ROD included this incorrect statement: "While Vineyard Wind is not authorized to prevent free access to the entire wind development area, due to the placement of the turbines it is likely that the entire 75,614 acre area will be abandoned by commercial fisheries due to difficulties with navigation." The second ROD supplement clarified that this statement was based solely upon comments of interested parties submitted to BOEM during the public comment period for the draft environmental impact statement as summarized in appendix K to the FEIS. The statement was not based upon any separate or independent USACE or other agency evaluation or study. Accordingly, the statement does not represent the USACE position regarding the accessibility of the wind development area to commercial fisheries due to difficulties of navigation that may or may not result from the placement of the WTGs.

Both ROD supplements are available on BOEM's website at <https://www.boem.gov/Vineyard-Wind>.

Authority: 42 U.S.C. 4321 *et seq.*; 40 CFR parts 1500-1508.

William Yancey Brown,

Chief Environmental Officer, Bureau of Ocean Energy Management.

BILLING CODE 4340-98-P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *Certain Audio Players and Components Thereof I, DN 3634*; the Commission is soliciting comments on any public interest issues raised by the

complaint or complainant's filing pursuant to the Commission's Rules of Practice and Procedure.

FOR FURTHER INFORMATION CONTACT:

Katherine M. Hiner, Acting Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2000. The public version of the complaint can be accessed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at United States International Trade Commission (USITC) at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Google LLC on August 9, 2022. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain audio players and components thereof. The complainant names as respondent: Sonos, Inc. of Santa Barbara, CA. The complainant requests that the Commission issue a limited exclusion order and cease and desist orders and impose a bond upon respondent's alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, and members of the public are invited to file comments on any public interest issues raised by the complaint or § 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions on the public interest must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation. Any written submissions on other issues must also be filed by no later than the close of business, eight calendar days after publication of this notice in the **Federal Register**. Complainant may file replies to any written submissions no later than three calendar days after the date on which any initial submissions were due. No other submissions will be accepted, unless requested by the Commission. Any submissions and replies filed in response to this Notice are limited to five (5) pages in length, inclusive of attachments.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above. Submissions should refer to the docket number ("Docket No. 3634") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, Electronic Filing Procedures).¹ Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice. Persons with

¹ Handbook for Electronic Filing Procedures: https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf.

questions regarding filing should contact the Secretary at EDIS3Help@usitc.gov.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel,² solely for cybersecurity purposes. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.³

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of §§ 201.10 and 210.8(c) of the Commission's Rules of Practice and Procedure (19 CFR 201.10, 210.8(c)).

By order of the Commission.

Issued: August 10, 2022.

Katherine Hiner,

Acting Secretary to the Commission.
