SUPPLEMENTARY INFORMATION: Pursuant to the provisions of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, DOI is rescinding the INTERIOR/SOL-4, Workload Analysis, SORN from its inventory because it is no longer needed as the records are covered under INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, 83 FR 34156 (July 19, 2018). The Workload Analysis system was used to provide information concerning the time spent on assigned work and manage the workload of attorneys employed within the Office of the Solicitor. The Workload Analysis system has been retired and is no longer used to maintain data on attorney workload. Upon review, DOI determined that the INTERIOR/SOL-4, Workload Analysis, SORN is no longer necessary as it was superseded by the Department-wide INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, SORN which covers the attorney workload, and time and attendance records. This rescindment will eliminate an unnecessary duplicate notice and is in accordance with the Privacy Act of 1974 and the Office of Management and Budget Circular A-108, *Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act*.

Rescinding the INTERIOR/SOL-4, Workload Analysis, SORN will have no adverse impacts on individuals as the records are covered under the INTERIOR/DOI-85, Payroll, Attendance, Retirement, and Leave Records, SORN. This rescindment will also promote the overall streamlining and management of DOI Privacy Act systems of records.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Second Consent Decree Modification Under the Comprehensive Environmental Response, Compensation, and Liability Act

On August 9, 2022, the Department of Justice lodged a proposed second consent decree modification with the United States District Court for the District of New Jersey in the lawsuit entitled *United States v. The Sherwin-Williams Company*, Civil Action No. 1:19-cv-01907-JHR-EAP, an action brought under the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. 9601 *et seq.* On April 16, 2019, the Court entered a consent decree (“Consent Decree” or “Decree”) in this action which resolved the United States’ claim against The Sherwin-Williams Company (“Sherwin-Williams”) for certain past costs incurred by the United States relating to the Sherwin-Williams/Hilliards Creek Site, Route 561 Dump Site, and United States Avenue Burn Site (the “Sites”). The Sites are located in Gibbsboro and Voorhees, New Jersey.

The Consent Decree entered in this action also provides for Sherwin-Williams’ performance of the soils and sediments operable unit remedy selected by the U.S. Environmental Protection Agency (“EPA”) for the United States Avenue Burn Site. In addition, the Consent Decree provides that, after EPA selects a remedy in a Record of Decision (“ROD”) for an additional operable unit at one or more of the Sites, the Decree may be modified to add Sherwin-Williams’ performance of the newly selected additional operable unit remedy to the work required under the Decree. In accordance with this provision, a first modification to the Decree was entered on April 5, 2021, which provides for Sherwin Williams’ performance of the soils and sediments operable unit remedy selected by EPA for the former manufacturing plant area and adjoining areas at the Sherwin-Williams/Hilliards Creek Site (“SW/HC OU2”).

Since then, EPA has issued a ROD selecting the remedy for the waterbodies operable unit at the Sherwin-Williams/Hilliards Creek Site (“SW/HC OU4”). The selected remedy for SW/HC OU4 provides for remediation of waterbodies at the Sherwin-Williams/Hilliards Creek Site, including contaminated soil and sediment removal in or adjacent to lakes and creeks at the site, installation of engineering controls in flood plain areas adjacent to Hilliards Creek, restoration and revegetation of Hilliards Creek flood plain, stream bank remediation, and institutional controls.

The proposed second consent decree modification that was lodged with the Court on August 9, 2022, provides for Sherwin-Williams’ performance of the remedy for waterbodies at the Sherwin-Williams/Hilliards Creek Site selected in the SW/HC OU4 ROD in accordance with the terms of the decree and the statement of work attached to the proposed second consent decree modification.

The publication of this notice opens a period for public comment on the second consent decree modification. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. The Sherwin-Williams Company*, D.J. Ref. No. 90-11-3-09023/2. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
