Total Annual Burden: 2,435 hours.

Total Annual Cost: No Cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: CALEA records submitted pursuant to this information collection are not made available routinely for public inspection.

Needs and Uses: The Communications Assistance for Law Enforcement Act (CALEA) requires the Commission to create rules that regulate the conduct and recordkeeping of lawful electronic surveillance. CALEA was enacted in October 1994 to respond to rapid advances in telecommunications technology and eliminates obstacles faced by law enforcement personnel in conducting electronic surveillance. Section 105 of CALEA requires telecommunications carriers to protect against the unlawful interception of communications passing through their systems. Law enforcement officials use the information maintained by telecommunications carriers to determine the accountability and accuracy of telecommunications carriers' compliance with lawful electronic surveillance orders.

On May 12, 2006, the Commission released a *Second Report and Order and Memorandum Opinion and Order* in ET Docket No. 04–195, FCC 06–56, which became effective August 4, 2006, except for §§ 1.20004 and 1.2005 of the Commission's rules, which became effective on February 12, 2007. The Second Report and Order established new guidelines for filing section 107(c) petitions, section 109(b) petitions, and monitoring reports (FCC Form 445). CALEA section 107(c)(1) permits a petitioner to apply for an extension of time, up to two years from the date that the petition is filed, and to come into compliance with a particular CALEA section 103 capability requirement. CALEA section 109(b) permits a telecommunication carrier covered by CALEA to file a petition with the FCC and an application with the Department of Justice (DOJ) to request that DOJ pay the costs of the carrier's CALEA compliance (cost-shifting relief) with respect to any equipment, facility or service installed or deployed after January 1, 1995. The Second Report and

Order required several different collections of information:

(a) Within 90 days of the effective date of the Second Report and Order, facilities based broadband internet access and interconnected Voice over Interconnected Protocol (VOIP) providers newly identified in the First Report and Order in this proceeding were required to file system security statements under the Commission's rules. (Security systems are currently approved under the existing OMB 3060–0809 information collection).

(b) All telecommunications carriers, including broadband internet access and interconnected VoIP providers, must file updates to their systems security statements on file with the Commission as their information changes.

(c) Petitions filed under Section 107(c), request for additional time to comply with CALEA; these provisions apply to all carriers subject to CALEA and are voluntary filings.

(d) Section 109(b), request for reimbursement of CALEA; these provisions apply to all carriers subject to CALEA and are voluntary filings.

(e) Currently, the Commission is developing the CALEA Electronic Filing System (CEFS) that is expected to be fully operational by the end of 2022.

II. Introduction

This notice informs the public of FHFA’s proposal to establish and maintain a new system of records. This notice satisfies the Privacy Act requirement that an agency publishes a system of records notice in the **Federal Register** when establishing a new or making a significant change to an agency’s system of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. Records and information in this system of records are not exempt from the requirements of the Privacy Act.
