I. Table of Abbreviations

CFR Code of Federal Regulations

NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to

authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Captain of the Port St. Petersburg did not receive sufficient notice of this visit. Therefore, the Coast Guard lacks sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule. Any delay in the effective date of this rule would be contrary to the public interest as immediate action is needed to protect the official party, the public, and the surrounding waterway from sabotage or other subversive acts, accidents, or other causes of a similar nature.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to provide adequate security to protect the official party, the public, and the surrounding waterway.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector St Petersburg (COTP) has determined that potential hazards associated with this Government ceremony starting August 30, 2022, has security concern for the official party within a 100-yard radius of the Tampa Convention center in the waters of the Seddon Channel and the Hillsborough River. This rule is needed to protect the official party, the public, and the surrounding waterway from potential terrorist threats.

IV. Discussion of the Rule

This rule establishes a security zone from 5 a.m. through 4 p.m., on August 30, 2022. The security zone will cover all navigable waters of Seddon Channel and the Hillsborough River within 100 yards of the Tampa Convention Center, Tampa, FL. The duration of the zone is intended to ensure the security of the VIP during the scheduled event. No vessel or person will be permitted to enter, transit through, anchor in or remain within the security zone without obtaining permission from the COTP or a designated representative. If
