SUPPLEMENTARY INFORMATION:

Statutory Authority and Function: The Governing Board is established under the National Assessment of Educational Progress Authorization Act, Title III of Public Law 107-279 (20 U.S.C. 9621). Information on the Governing Board and its work can be found at www.nagb.gov. The Governing Board formulates policy for the National Assessment of Educational Progress (NAEP) administered by the National Center for Education Statistics (NCES). The Governing Board's responsibilities include:

(1) selecting the subject areas to be assessed; (2) developing appropriate

student achievement levels; (3) developing assessment objectives and testing specifications that produce an assessment that is valid and reliable, and are based on relevant widely accepted professional standards; (4) developing a process for review of the assessment which includes the active participation of teachers, curriculum specialists, local school administrators, parents, and concerned members of the public; (5) designing the methodology of the assessment to ensure that assessment items are valid and reliable, in consultation with appropriate technical experts in measurement and assessment, content and subject matter, sampling, and other technical experts who engage in large scale surveys; (6) measuring student academic achievement in grades 4, 8, and 12 in the authorized academic subjects; (7) developing guidelines for reporting and disseminating results; (8) developing standards and procedures for regional and national comparisons; (9) taking appropriate actions needed to improve the form, content use, and reporting of results of an assessment; and (10) planning and executing the initial public release of NAEP reports.

According to the Assessment Framework Development policy approved at the March 2022 quarterly Board meeting, the Governing Board delegated authority to the Executive Committee to review and approve a final list of science experts to serve on a review panel that will provide feedback on content areas for the National Assessment of Educational Progress (NAEP) Science Framework.

NAEP frameworks provide the blueprint for the content and design of each NAEP assessment. For each framework, the Governing Board works with a committee of subject matter experts, practitioners, and members of the public—including researchers, educators, business leaders, and policymakers—to develop a rich and rigorous set of standards that define what students should know and be able to do in a particular subject. Additional information on how NAEP Frameworks are developed can be found at <https://www.nagb.gov/naep/frameworks-overview.html>.

Meeting Agenda: On August 29, 2022, the Executive Committee will meet in closed session from 3:30 p.m. to 4:30 p.m. Eastern Time to review and discuss the applicant pool for nominees to serve as members of the Science Panel.

The Science Panel is established to provide content expertise in science by identifying what students should know and be able to do in science. This information will be used to inform the development of the 2028 NAEP Science Assessment at Grade 8. These discussions pertain solely to internal personnel rules and practices of an agency and information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy. As such, the discussions are protected by exemptions 2 and 6 of the Government in the Sunshine Act, 5 U.S.C. 552b(c).

Total Estimated Number of Annual Burden Hours: 650,991.

Abstract: The U.S. Department of Education (the Department) is requesting a new information collection to gather demographic information in conjunction with the Free Application for Federal Student Aid (FAFSA) form. The FAFSA Simplification Act (FSAct) passed as part of the Consolidated Appropriations Act, 2021 (Pub. For the launch of the 2023–24 FAFSA on October 1, 2022, FSA will ask the demographic questions in a pilot, voluntary survey format in order to collect specific feedback on the new questions. This feedback will inform the development of the questions for full implementation within the FAFSA form for the 2024–2025 award year.
