

Estimated Time per Response: Walk-behind power lawn mowers are manufactured seasonally to meet demand. They are manufactured during an estimated 130 days out of the year. When they are manufactured, firms are required to test and maintain records of those tests. Staff estimates 8 hours daily for testing and recordkeeping per firm, totaling 1040 hours per firm (8 hours × 130 days). In addition, to produce labels and apply labels on the newly manufactured lawn mowers, staff estimates 1 hour daily for each firm during the production cycle for a total of 130 hours per firm (1 hour × 130 days).

Total Estimated Annual Burden: Staff estimates 30,160 hours on testing and recordkeeping (29 firms × 1,040 hours) and 3,770 hours for labeling (29 firms × 130 hours). Aggregate annual burden hours related to testing, recordkeeping, and labeling are estimated to be 1,170 hours (1040 + 130) per firm and 33,930 hours (30,160 + 3,770) for the industry. The annual testing, reporting and recordkeeping costs burden is estimated to be \$2,176,044, based on 30,160 hours × \$72.15 (total compensation for management, professional, and related workers in goods-producing industries); and the annual cost burden related to labeling is estimated to be \$132,892.50, based on 3,770 hours × \$35.25 (total compensation for all sales and office workers in goods-producing industries).¹ Aggregate annual burden costs related to testing, recordkeeping, and labeling are estimated to be \$2,308,936.50 (\$2,176,044 + \$132,892.50) for the industry.

General Description of Collection: In 1979, the Commission issued the Safety Standard for Walk-Behind Power Lawn Mowers (16 CFR part 1205) to address blade contact injuries. Subpart B of the standard sets forth regulations prescribing requirements for a reasonable testing program to support certificates of compliance with the standard for walk-behind power lawn mowers. 16 CFR part 1205, subpart B.

In addition, section 14(a) of the CPSA (15 U.S.C. 2063(a)) requires manufacturers, importers, and private labelers of a consumer product subject to a consumer product safety standard to issue a certificate stating that the product complies with all applicable consumer product safety standards. Section 14(a) of the CPSA also requires that the certificate of compliance must be based on a test of each product or upon a reasonable testing program. The

information collection is necessary because these regulations require manufacturers and importers to establish and maintain records to demonstrate compliance with the requirements for testing and labeling to support the certification of compliance.

Abioye Mosheim,

Acting Secretary, Consumer Product Safety Commission.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of the Federal Advisory Committee Act (FACA) (5 U.S.C., app.), the Government in the Sunshine Act ("the Sunshine Act") (5 U.S.C. 552b), and title 41 Code of Federal Regulations (CFR), sections 102-3.140 and 102-3.150.

Due to circumstances beyond the control of the Designated Federal Officer (DFO), the DPB was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its September 6-7 meeting. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

Purpose of the Meeting: To obtain, review, and evaluate classified information related to the DPB's mission to advise on (a) issues central to strategic DoD planning; (b) policy implications of U.S. force structure and modernization on DoD's ability to

Agenda: On September 6, 2022, and September 7, 2022, the DPB will receive classified briefings and hold classified discussions on how China and Russia's potential development of fractional orbital bombardment systems and space-to-ground weapons could impact U.S. deterrence and strategic stability, as well as to consider U.S. response options to the potential development of such capabilities by any adversary, and participate in a classified Pacific-theater tabletop exercise. The Under Secretary of Defense (Policy), in consultation with the DoD FACA Attorney, has determined in writing that this meeting be closed to the public because the discussions fall under the purview of section 552b(c)(1) of the Sunshine Act and are so inextricably intertwined with unclassified material that they cannot reasonably be segregated into separate discussions without disclosing classified material.

Written Statements: In accordance with section 10(a)(3) of the FACA and 41 CFR 102-3.105(j) and 102-3.140(c), the public or interested organizations may submit written statements to the
