

As explained in the Initiation Decision Memorandum, the information provided by the domestic industry also warrants initiating this circumvention inquiry on a country-wide basis.⁷ Commerce has taken this approach in prior circumvention inquiries, when the facts warranted initiation on a country-wide basis.⁸

Commerce intends to establish a schedule for questionnaires and comments on the issues related to this inquiry. A company's failure to respond completely to Commerce's requests for information may result in the application of partial or total facts available, pursuant to section 776(a) of the Act, which may include adverse inferences, pursuant to section 776(b) of the Act.

Suspension of Liquidation

Pursuant to 19 CFR 351.226(l)(1), Commerce intends to notify U.S. Customs and Border Protection (CBP) of this initiation and direct CBP to continue the suspension of liquidation of entries of products subject to this circumvention inquiry that were already subject to the suspension of liquidation under the *Orders* and to apply the cash deposit requirement at the rates that would be applicable if the products were determined to be covered by the scope of the *Orders*. Should Commerce issue preliminary or final circumvention determinations, Commerce will follow the suspension of liquidation rules under 19 CFR 351.226(l)(2)-(4).

Notification to Interested Parties

In accordance with 19 CFR 351.226(d) and sections 781(c) and (d) of the Act, Commerce determines that the domestic industry's request for a circumvention inquiry satisfies the requirements of 19 CFR 351.226(c). Accordingly, Commerce is notifying all interested parties of the initiation of this circumvention inquiry to determine whether 4017 aluminum alloy produced in, and exported from, China is circumventing the *Orders*. In addition, we have included a description of the products that are the subject to this inquiry and an explanation of Commerce's decision to

Memorandum). This memorandum is a public document and is available electronically online via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

⁷ See Initiation Decision Memorandum at 8.

⁸ See, e.g., *Aluminum Extrusions from the People's Republic of China: Affirmative Final Determination of Circumvention of the Antidumping and Countervailing Duty Orders and Rescission of Minor Alterations Anti-Circumvention Inquiry*, 82 FR 4630 (July 26, 2017), and accompanying Issues And Decision Memorandum, at Comment 4.

initiate this inquiry as provided in the accompanying Initiation Decision Memorandum.⁹ In accordance with 19 CFR 351.226(e)(1), Commerce intends to issue its preliminary circumvention determination no later than 150 days from the date of publication of the notice of initiation of this circumvention inquiry in the **Federal Register**.

This notice is published in accordance with section 781(c) of the Act and 19 CFR 351.226(d)(1)(ii).

Dated: August 22, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Orders

The merchandise covered by the *Orders* is aluminum common alloy sheet (common alloy sheet), which is flat-rolled aluminum product having a thickness of 6.3 mm or less, but greater than 0.2 mm, in coils or cut-to-length, regardless of width. Common alloy sheet within the scope of the *Orders* includes both not clad aluminum sheet, as well as multi-alloy, clad aluminum sheet. With respect to not clad aluminum sheet, common alloy sheet is manufactured from a 1XXX-, 3XXX-, or 5XXX-series alloy as designated by the Aluminum Association. With respect to multi-alloy, clad aluminum sheet, common alloy sheet is produced from a 3XXX-series core, to which cladding layers are applied to either one or both sides of the core.

Common alloy sheet may be made to ASTM specification B209-14, but can also be made to other specifications. Regardless of specification, however, all common alloy sheet meeting the scope description is included in the scope. Subject merchandise includes common alloy sheet that has been further processed in a third country, including but not limited to annealing, tempering, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of the *Orders* if performed in the country of manufacture of the common alloy sheet.

Excluded from the scope of the *Orders* is aluminum can stock, which is suitable for use in the manufacture of aluminum beverage cans, lids of such cans, or tabs used to open such cans. Aluminum can stock is produced to gauges that range from 0.200 mm to 0.292 mm, and has an H-19, H-41, H-48, or H-391 temper. In addition, aluminum can stock has a lubricant applied to the flat surfaces of the can stock to facilitate its movement through machines used in the manufacture of beverage cans. Aluminum can stock is properly classified under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7606.12.3045 and 7606.12.3055.

Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or

⁹ See Initiation Decision Memorandum.

actual measurement would place it within the scope based on the definitions set for the above.

Common alloy sheet is currently classifiable under HTSUS subheadings 7606.11.3060, 7606.11.6000, 7606.12.3090, 7606.12.6000, 7606.91.3090, 7606.91.6080, 7606.92.3090, and 7606.92.6080. Further, merchandise that falls within the scope of the *Orders* may also be entered into the United States under HTSUS subheadings 7606.11.3030, 7606.12.3030, 7606.91.3060, 7606.91.6040, 7606.92.3060, 7606.92.6040, 7607.11.9090. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Orders* is dispositive.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XC300]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public joint meeting of its Habitat Advisory Panel via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Monday, September 12, 2022, at 1 p.m. Webinar registration URL information <https://attendee.gotowebinar.com/register/5884834047079761679>.

ADDRESSES:

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Advisory Panel will provide feedback on the following items discussed during an August 18, 2022 meeting of the Habitat Committee: (1) utility of a research project conducted in the Great South Channel Habitat Management Area for management

(Exempted Fishing Permit 19066), (2) the scope of an Atlantic salmon aquaculture framework that the Council may initiate in September, (3) offshore wind development issues, including strategies for providing effective comments, (4) an ongoing NOAA Fisheries review of two Dedicated Habitat Research Areas designated via Omnibus Habitat Amendment 2, and (5) potential habitat-related work priorities for 2023. Other business may be discussed as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the date. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 23, 2022.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Generic Clearance for NOAA Citizen Science and Crowdsourcing Projects (New)

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the

Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before October 25, 2022.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at NOAA.PRA@noaa.gov. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Dr. Joe Terry, Office of Science and Technology, 1315 East West Hwy., Building SSMC3, Silver Spring, MD 20910-3282, (858) 454-2547, joe.terry@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

NOAA is requesting approval for a new generic clearance for its citizen science and crowdsourcing projects and approval for those citizen science and crowdsourcing existing collections in use without an OMB control number. The generic clearance would allow NOAA to do the following: (1) be more responsive to the Citizen Science and Crowdsourcing Act (15 U.S.C. 3724), as well as the other laws and Executive Orders (E.O.) listed under Legal Authority in Section III, (2) more rapidly and efficiently come into compliance with the PRA and, therefore, (3) obtain additional scientific information that supports its mission to understand and predict changes in climate, weather, ocean, and coasts, to share that knowledge and information with others, and to conserve and manage coastal and marine ecosystems and resources.

NOAA relies on scientific information. Citizen science and crowdsourcing techniques will allow NOAA to collect qualitative and quantitative data that might help inform scientific research and monitoring, validate models or tools, support STEM learning, and enhance the quantity and quality of data collected to support NOAA's mission. Information gathered under this generic clearance will be

used by NOAA to support the activities listed above and might provide unprecedented avenues for conducting breakthrough research. Collections under this generic clearance will be from participants who actively seek to participate on their own initiative through an open and transparent process (NOAA does select participants or require participation); collections will be low-cost for both the participants and the Federal Government; and the data will be available to support the scientific research (including assessments, tools, models, etc.) of NOAA and its partners. Its partners include states, tribal or local entities, business or other for-profit organizations, and not-for-profit institutions or organizations. NOAA may, by virtue of collaborating with other federal agencies and/or non-federal entities, sponsor the collection of this type of information in connection with citizen science or crowdsourcing projects. All collections must comply with NOAA policies and the scope of this generic clearance, which includes, but is not limited to, the natural, applied, social, and cultural sciences as they apply to crowdsourcing and citizen science activities. Finally, personally identifiable information (PII) will only be collected when necessary and in accordance with applicable federal procedures and policies. If a new collection is not within the parameters of this generic clearance, NOAA will submit a separate information collection request to OMB for approval of that new collection.

III. Data

OMB Control Number: 0648-XXXX.

Form Number(s): None.

Type of Review: Regular submission (new generic clearance for its citizen science and crowdsourcing projects and approval for those citizen science and crowdsourcing existing collections in use without an OMB control number).

Affected Public: Individuals or households; Business or other for-profit organizations; Not-for-profit institutions or organization; State, Local, or Tribal government; and Federal government; Farms.

Estimated Number of Respondents: 1,372,414.

Estimated Time per Response: 9.0 minutes average with a range from 1 minutes to 8 hours, depending on the project.

Estimated Total Burden Hours: 3,116,328.

Estimated Total Annual Cost to Public: \$97,932.

Respondent's Obligation: Voluntary.
