Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Domestic and International Client Export Services and Customized Forms Revision

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 21, 2022, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: International Trade Administration, U.S. Commercial Service, Commerce.

Title: Domestic and International Client Export Services and Customized Forms.

OMB Control Number: 0625-0143.

Form Number(s): ITA-4096P

Type of Request: Revision to an already approved collection.

Number of Respondents: 200,000.

Average Hours per Response: 10 minutes.

Burden Hours: 33,333.

Needs and Uses: The International Trade Administration's (ITA) U.S. Commercial Service (CS) is mandated by Congress to broaden and deepen the U.S. exporter base. The CS accomplishes this by providing counseling, programs, and services to help U.S. organizations export and conduct business in overseas markets. This information collection package enables the CS to provide appropriate export services to U.S. exporters and international buyers.

The Commercial Service (CS) offers a variety of services to enable clients to begin exporting/importing or to expand existing exporting/importing efforts. Clients may learn about our services from business related entities such as the National Association of Manufacturers, Federal Express, State Economic Development offices, the internet or word of mouth. The CS provides a standard set of services to assist clients with identifying potential overseas partners, establishing meeting programs with appropriate overseas business contacts, and providing due diligence reports on potential overseas business partners. The CS also provides other export-related services considered to be of a "customized nature" because they do not fit into the standard set of CS export services but are driven by unique business needs of individual clients.

The dissemination of international market information and potential business opportunities for U.S. exporters are critical components of the Commercial Service's export assistance programs and services. U.S. companies conveniently access and indicate their interest in these services by completing the appropriate forms via ITA and CS U.S. Export Assistance Center websites.

The CS works closely with clients to educate them about the exporting/importing process and to help prepare them for exporting/importing. When a client is ready to begin the exporting/importing process our field staff provide counseling to assist in the development of an exporting strategy. We provide fee-based, export-related services designed to help client export/import. The type of export-related service that is proposed to a client depends upon a client's business goals and where they are in the export/import process. Some clients are at the beginning of the export process and require assistance with identifying

potential distributors, whereas other clients may be ready to sign a contract with a potential distributor and require due diligence assistance.

Before the CS can provide export-related services to clients, such as assistance with identifying potential partners or providing due diligence, specific information is required to determine the client's business objectives and needs. For example, before we can provide a service to identify potential business partners, we need to know whether the client would like a potential partner to have specific technical qualifications, coverage in a specific market, English or foreign language ability or warehousing requirements. This information collection is designed to elicit such data so that appropriate services can be proposed and conducted to most effectively meet the client's exporting goals. Without these forms the CS is unable to provide services when requested by clients.

The forms ask U.S. exporters standard questions about their company details, demographic information, export experience, information about the products or services they wish to export and exporting goals. A few questions are tailored to a specific program type and will vary slightly with each program. CS staff use this information to gain an understanding of client's needs and objectives so that they can provide appropriate and effective export assistance tailored to an exporter's particular requirements.

Affected Public: Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government; and Federal government.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Legal Authority: PUBLIC LAW 15 U.S.C. *et seq.* and 15 U.S.C. 171 *et seq.*

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Background

On July 13, 2022, Commerce published the *Initiation and Preliminary Results*,¹ finding that POSCO(II) is the successor-in-interest to POSCO(I), and should be assigned the same AD cash deposit rate assigned to POSCO(I) in each of the above-referenced proceedings.² In the *Initiation and Preliminary Results*, we provided all interested parties with an opportunity to comment and request a public hearing regarding our preliminary finding.³ POSCO(II) submitted comments agreeing with our preliminary findings in full, and we received no other comments from interested parties.⁴ Additionally, we received no requests for a public hearing from interested parties.
