DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP21-467-000]

Texas Gas Transmission, LLC; Notice of Availability of the Final Environmental Impact Statement for the Proposed Henderson County Expansion Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a final Environmental Impact Statement (EIS) for the Henderson County Expansion Project (Project), proposed by Texas Gas Transmission, LLC (Texas Gas) in the above-referenced docket. Texas Gas requests a Certificate of Public Convenience and Necessity and Abandonment Authorization to construct, operate, and maintain, and

abandon certain natural gas transmission pipeline facilities in Henderson and Webster Counties, Kentucky and Posey and Johnson Counties, Indiana. The Project purpose is to provide up to 220,000 dekatherms per day of new firm transportation service to CenterPoint Energy Indiana South’s (CenterPoint) AB Brown Generating Station in Posey County, Indiana.

The final EIS assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). FERC staff concludes that approval of the proposed Project, with the mitigation measures recommended in the EIS, would result in some adverse environmental impacts; however, with the exception of potential impacts on climate change, we conclude that impacts would be reduced to less than significant levels. Regarding climate change impacts, this EIS is not characterizing the Project’s greenhouse gas emissions as significant or insignificant because the Commission is conducting a generic proceeding to determine whether and how the Commission will conduct significance determinations going forward.¹

The U.S. Environmental Protection Agency participated as a cooperating agency in the preparation of the EIS. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis. Although the U.S. Environmental Protection Agency provides input to the conclusions and recommendations presented in the final EIS, the agency may present its own conclusions and recommendations in

any applicable Records of Decision or other documentation for the Project.

The final EIS addresses the potential environmental effects of the construction and operation of the following project facilities:

- Henderson Lateral—Construction of an approximately 23.5-mile-long, 20-inch-diameter natural gas transmission pipeline extending from a new tie-in facility in Henderson County, Kentucky to the new AB Brown Meter and Regulating (M&R) Station in Posey County, Indiana.
 - AB Brown M&R Station and Point of Demarcation Site (Posey County, Indiana)—Construction of a delivery M&R station, receiver facility, and a 0.1-mile-long, 16-inch-diameter interconnecting pipeline terminating at the new Point of Demarcation Site, which would serve as CenterPoint’s tie-in for Project facilities for its AB Brown Generating Station.
 - Slaughters Compressor Station (Webster County, Kentucky)—Installation of a new 4,863-horsepower Solar Centaur 50 turbine compressor unit with piping modifications and other appurtenant facilities, abandonment in place of an existing compressor unit (Unit 5), and placement on standby of two existing compressor units (Unit 6 and Unit 7).
 - New ancillary facilities including a mainline valve and tie-in facility in Henderson County, Kentucky and upgrades to an existing M&R station in Johnson County, Indiana.
- The Commission mailed a copy of the *Notice of Availability of the Final Environmental Impact Statement for the Proposed Henderson County Expansion Project* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; potentially affected landowners and

¹ “Burden” is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further

explanation of what is included in the information collection burden, reference 5 CFR 1320.3.

² Commission staff estimate that the industry’s hourly cost for wages plus benefits is similar to the

Commission’s \$87.00 FY 2021 average hourly cost for wages and benefits.

other interested individuals and groups; and newspapers and libraries in the Project area. The final EIS is only available in electronic format. It may be viewed and downloaded from the FERC’s website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environmental-environmental-documents>). In addition, the final EIS may be accessed by using the eLibrary link on the FERC’s website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>) select “General Search” and enter the docket number in the “Docket Number” field, excluding the last three digits (*i.e.*, CP21–467). Additional information about the project is available from the Commission’s Office of External Affairs, at (866) 208–FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OPP–2022–0223; FRL–10138–01–OCSPF]

Cancellation Order for Certain Chlorpyrifos Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces an Environmental Protection Agency (EPA) order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the chlorpyrifos products listed in Table 1 of Unit I., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows an April 28, 2022, **Federal Register** Notice of Receipt of requests from the registrants listed in Table 2 of Unit I. to voluntarily cancel these chlorpyrifos product registrations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations and amendments are effective August 31, 2022.

FOR FURTHER INFORMATION CONTACT: Patricia Biggio, Pesticide Re-Evaluation Division (7508M), Office of Pesticide

Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; telephone number: 202–566–0700; email address: OPPChlorpyrifosInquiries@epa.gov.

ADDRESSES: The docket for this action, identified under docket identification (ID) number EPA–HQ–OPP–2022–0223, is available online at <https://www.regulations.gov>. Additional instructions on visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>. SUPPLEMENTARY INFORMATION:

I. Executive Summary

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What action is the Agency taking?

This document announces the cancellations, as requested by registrants, of products registered under FIFRA section 3 (7 U.S.C. 136a). These registrations are listed in sequence by registration number in Table 1 of this unit.
